WEDDING PLANNING TIPS FROM A FLORIST !!

We GOT you !

Please don't feel you have to have ALL the details figured out. We're happy to help sort through options with you and provide our point of view and guidance.

Stress less...

Weddings are a celebration of you two. Above all else, they are meant to be fun. If at any time planning for your wedding feels overwhelming or stressful, take a break and try to look for ways to simplify things !

Financial comfort zone

Please be open about your budget so we can help you make the best decisions. We're happy to provide guidance on which elements are worth investing in and which elements you really don't need. This will help make the most of your budget.

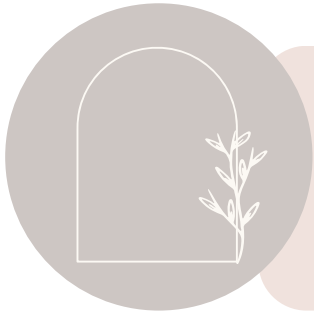

Don't be shy !

Flowers are a wonderful way to add a personal touch to your day - don't shy away from using colors and tones that are beyond your typical wedding color palette. This will add depth and interest while still looking amazing.

There's only ONE you !

There are no real 'rules' when it comes to wedding flowers. Use your wedding day as an opportunity to focus on the pieces that are most important to the both of you rather than trying to please everyone else, OR comparing your wedding to a friend's or family member's. You are SO unique, and your wedding should reflect that !

Less is more

When it comes to your budget, invest in a few high impact/show stopping items and don't worry about the rest.

Mother Nature

Mother Nature is very unpredictable when it comes to flowers which is why nothing is ever 100% guaranteed. To get the most out of your design team, leave the final decisions on flowers to us !

Florists are artists !

Floral Design is an art. Be open to the designer's ideas and avoid being overly prescriptive in terms of specific flowers to use. We find it's best to provide a few reference photos to help you communicate your likes and dislikes.

Don't forget about candles !

Never underestimate the value of adding candlelight to your tables - it brings a true sense of elegance & romance to the evening and creates an indescribable level of intimacy.

I LOVE Pinterest but...

Don't believe everything you see on Pinterest. Some of the flowers you see may be out of season the month of your wedding. Also, your day is unique to you and your partner, your designs will be just as unique !
