Section 2: What to Expect

- Crochet can feel tricky at first, but with practice and encouragement your child will quickly gain confidence. I design projects to keep them engaged, supported, and proud of what they create. Some projects need guidance and are best kept for class.
- Please make sure your child brings their kit bag to class each week. Keen crocheters should have spare yarn & hook at home.
- Please don't unpick mistakes unless necessary - imperfections are part of learning!

Section 3: Safety & Behaviour

- Enhanced DBS, insurance and risk assessments in place.
- Not first-aid certified, but carry kit with latex-free plasters.
- Arrival/pick-up on time is essential - after 15 mins, Social Services will be contacted.
- Unsafe/disruptive behaviour may lead to exclusion without refund.

Section 4: Contact & Next Steps

- Please complete the Parent Information Form
