74-83

Edin furniture

84-93

Meave furniture

94-95

Complementary basins

96-97

Complementary worktops

98-99

Complementary handles

Yvette

Wall hung & floor standing furniture

Contemporary, handleless, push to open doors and drawers and a stunning chamfered edge design make Yvette a smart choice.

The basin units can be styled with a thin edge, ceramic, sit in basin or with a coordinating worktop and washbowl. There is also the option to team the units with elegant legs to give a floor standing look! Add to that the stunning choice of colourways you'll find Yvette is a very desirable, customisable collection.

Kaia

Wall Hung Furniture

A stunning modular furniture family, Kaia boasts a unique look through the sophisticated blend of contrasting materials and finishes. With a handleless design, linen-effect coloured cabinet interiors and soft close doors and drawers as standard, the collection simply oozes contemporary cool.

Available in a soft Matt Cotton combined with an Oak Effect insert or in a sleek Matt Black with a Black Glass insert, the design offers a seamless look with the option of a coordinated coloured basin; a clean white ceramic basin is an option too for yet another contrast!

Harlow

Wall Hung & Floor Standing Furniture

Harlow modular furniture blends a subtle integrated handle with soft, smooth curves resulting in a beautifully designed collection. Luxuriously silent soft closing doors and drawers further add to its charm. Available in a range of stunning on trend colours from tactile matt finishes in statement hues to a crisp white high gloss, the contemporary design makes it all look so stylish!

With a great choice of unit sizes, Harlow provides plenty of practical storage space for toiletries and towels, keeping your bathroom a clutter-free zone.

Phoebe

Wall Hung Furniture

A 'bang on trend', wall-hung modular collection, Phoebe comes in a stunning textured design throughout both its unit fronts and sides. Its soft fluted lines offer a design-led look whilst the wrap-around drawer box offers something unique. With soft-close, handleless drawers and doors, Phoebe really does give a refreshing new look.

Available in three on-trend matt lacquered finishes; Matt Willow Green, Matt Mineral Grey and Matt Cotton, the family consists of basin units and a tall unit, providing handy storage space with premium linen-effect lined interiors. Use the vanity units with the crisp white ceramic basin or combine with a unit top and choice of washbowl for a design that complements your overall scheme.

Tallula

Wall Hung Furniture

With its old school glamour, the stunning marble effect of the Tallula collection is a design statement that will endure. Combine a countertop shelf and a drawer storage unit for the perfect mix of style and practicality. With its generous depth and silver trim, the drawer offers plenty of practical storage, whilst the countertop shelf provides good space around a washbowl for those most used toiletries and stylish accessories!

Beatrix

Wall Hung & Floor Standing Furniture

Beatrix is a smart and functional collection of wall hung and floor standing units which come complete with a sleek and stylish 'J' shaped integrated handle giving a really streamlined look. With soft close doors and drawers and a choice of two refined finishes, Beatrix will be right at home in any contemporary space.

A great choice of unit sizes and the option to pair the vanity unit with an inset ceramic white basin or a work surface and stylish washbowl, Beatrix really does offer a perfect solution to creating a bespoke arrangement of furniture.

			centre holes

Washbowls

Choose from a selection of sophisticated designs. Latest trends include thin moulded edges on resin basins, new modern shapes and on trend colours and finishes.

All washbowls are for use with tall basin mixers or wall mounted basin mixers.

Be sure to check your unit depth as some washbowls are not compatible with our slimmer depth units.

Fitted Furniture Worktops

All Riley, Edin and Meave base units require a worktop; choose from classic laminates, high pressure laminates or cutting edge, slim solid surfaces.

Classic laminate worktops

For use on Riley, Edin and Meave furniture.

Sparkling laminate worktops

For use on Riley, Edin and Meave furniture.

High pressure laminate worktops

An extremely durable decorative surface, high pressure laminate offers a strong and water resistant surface.

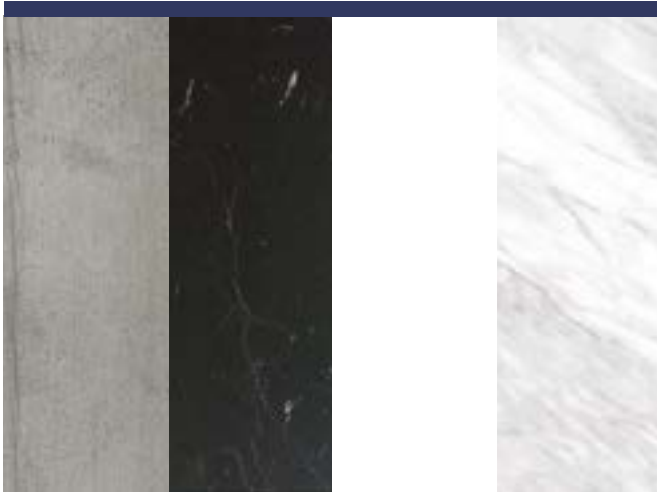

For use on Riley, Edin and Meave furniture.

Slim solid surface worktops

Can be cut with standard woodworking tools. Specifically designed for bathrooms. Fitter friendly with no water ingress or penetration.

For use on Riley, Edin and Meave furniture.

Suites

The shape of your suite sets the style for the rest of your bathroom, so it's important to consider what look & feel you want overall when choosing. We have sizes to suit large bathrooms or small cloakrooms and a range of shapes that reflect the most popular current styles.

102-103	Tano suite
104-105	Kwando suite
106-107	Adour suite
108-109	Niari suite
110-111	Kasai suite
112-113	Wadi suite
114-115	Boteti suite
116-117	Bayoke suite
118-121	Komoe classic suite

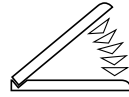

122-125	Wall hung frames, concealed cisterns and flush plates
----------------	---

How to choose the right suite options for you

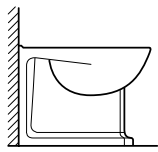

Close Coupled WC

A close coupled WC has the cistern resting directly on top of the pan towards the rear.

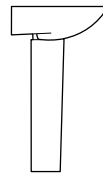

Soft Close Seat

The soft close function ensures that the seat and lid close slowly without banging against the pan, reducing noise and risk of damage.

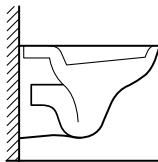

Back to Wall WC

A back to wall WC has the concealed cistern hidden behind a wall or fitted furniture.

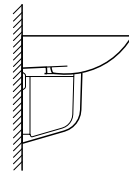

Full Pedestal

The most popular choice, a full pedestal hides all the pipework whilst supporting the basin.

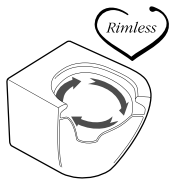

Wall Hung WC

The pan is held off the ground by a hidden supporting frame and, as with a back to wall WC, the cistern is hidden.

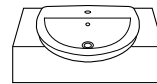

Semi Pedestal

Increasingly popular, a semi pedestal sits under the basin and hangs from the wall, freeing up floor space below it.

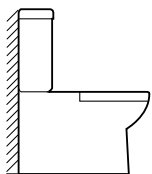

Rimless WC

Rimless WCs are easier to clean as they flush without needing a rim.

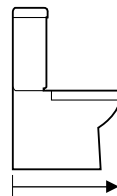

Semi Recessed Basin

Designed to be mounted into a work surface or furniture, the front of the basin protrudes forward, whilst the rear part is recessed.

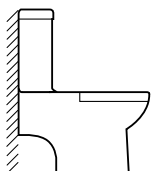

Fully Shrouded

The waste pipe and water inlet are fully shrouded within the ceramic so the toilet sits flush against the wall.

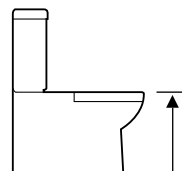

Short Projection

Reduced depth pans don't project out into the room as far as a standard toilet, making them perfect for smaller spaces.

Open Back

Open back toilets have access at the back for your pipework, perfect if you are planning to box in the pipes from left or right.

Comfort Height

Set at a 450mm height or more, comfort height pans provide added comfort, especially for taller people or the elderly.

Complementary Ceramics

Use our complementary ceramics with our furniture ranges.

Tano

Square design with a soft finish

On-trend design, with a smooth finish to this stylish square suite.

Its fine design, incorporating ultra thin edges, complements any bathroom design.

Wall hung frame systems

Frames allow you to safely and securely fix wall hung products. They provide support for wall hung WC's loaded up to 400kg. Frames can be used inside a partition wall, behind tiles creating the illusion of space by freeing up the floor area.

30 YEAR GUARANTEE
on all Supercast® Baths

Supercast® baths

What is Supercast®? Strength and beauty combined

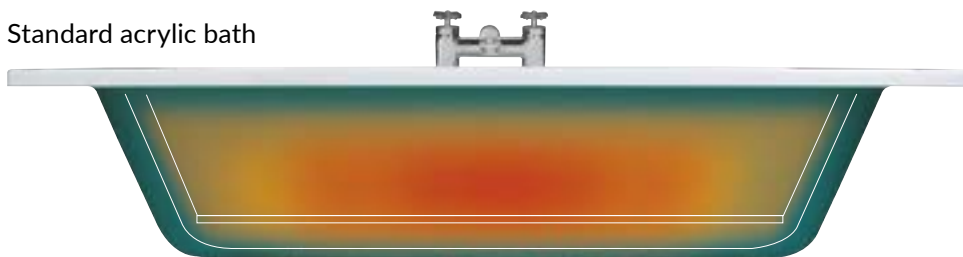

Supercast® is a substantial reinforcement process for an acrylic bath.

This reinforcement process results in each bath being incredibly strong and hard-wearing. This gives you the reminiscent assurance of an old cast iron bath with the natural warmth and quality acrylic has.

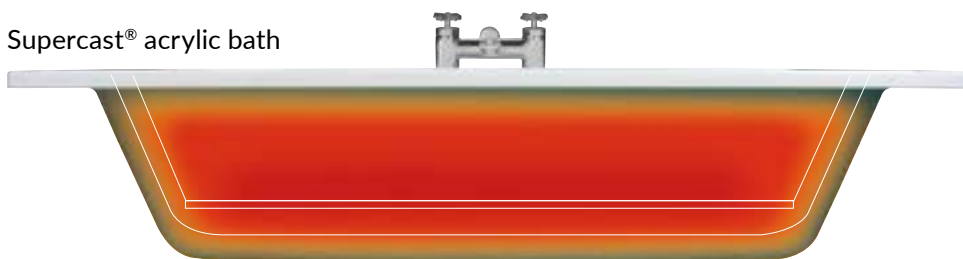

Acrylic's unique properties make it ideal for manufacturing baths. Acrylic allows itself to be moulded into many shapes giving many possibilities for varied designs, an attribute that enables baths to be manufactured with design and function working in harmony. The natural gloss is cast all the way through the acrylic resulting in a product that is smooth and ever so easy to clean.

The intensive reinforcement processes and final (grey) 'flow coat' jacket to the entire underside of the bath adds strength and insulating properties. This keeps your bath water hotter for longer!

Standard acrylic bath

Supercast® acrylic bath

Super strong

Supercast® reinforcement process results in a strong, hard-wearing bath

Increases insulation

Keeps your bath water hotter for longer

Warm to the touch

Natural high gloss finish is smooth and easy to clean

Enclosures & Trays

Shower enclosures now feature in most new bathrooms and have developed to become an integral part of defining the overall style of the bathroom.

With a wide range of shapes and sizes on offer, your new bathroom design will be greatly enhanced with the addition of a stylish enclosure.

154-161	Wetroom panels
162-163	Easy Care accessories
164-165	Cygnus enclosures
166-167	Indus enclosures
168-171	Orion enclosures
172	Linear slate trays
173	Slate Grey shower trays
173	Linear shower trays
173	Anti-slip Ultraslim trays
174	Matt Black low profile trays
174	Designer Ultraslim trays
175	Low profile trays

Enclosures overview

Designed to complement your personal style

Whether you are doing a complete bathroom refit, creating a new en-suite or updating an existing bathroom, our enclosures are completely versatile in their appearance, shape and size.

Safe and strong as standard

All our enclosures are made from high quality materials and components to give you the ideal, personalised shower experience for years to come.

Guarantee

All enclosures come with a lifetime guarantee for peace of mind. When choosing an enclosure you can be assured we have a genuine commitment to service, spares and aftercare.

Shower Trays

Linear Slate Trays

The Linear Slate shower trays are just 30mm in height, complete with an integrated hidden waste design.

Slate Grey Shower Trays

Luxury slate effect cast stone trays at just 25mm high offer the ultimate modern look.

Linear Shower Trays

Unique to the Linear range is smart water capture technology where liquid is drawn from the surface and delivered at the correct velocity to a capture chamber beneath the waste cover. This ensures that the vortex waste unit is fed at the optimum rate allowing it to function at up to an incredible 30 litres per minute, keeping excess water and soap deposits to an absolute minimum. The waste unit has no moving parts and is entirely self-cleaning, making this technology extremely reliable and reducing the possibility of blockages.

Anti-slip Ultraslim Trays

The 25mm high, 100% natural stone resin trays offer an ultra stylish minimal wetroom look. The Patent protected unique surface is built into the tray and is easy to clean which makes your tray look ultra bright for longer.

Matt Black Low profile Trays

At 40mm high, finished in a Matt Black Acrylic with a stone resin back, these trays can be installed flat to the floor or raised on legs with the matching Matt Black Riser Kits. Included with the tray is a fully black 90mm fast flow waste which allows up to 32 litres of water to be carried away every minute.

Designer Ultraslim Trays

The 25mm high, 100% natural stone gel coat finish tray with a flush fitting waste cover offers an ultra stylish minimal wetroom look.

Low Profile Trays

With an incredibly discreet profile of just 45mm, the Slimline Tray offers the contemporary design of a wetroom styling. Whether it is installed flat to the floor or raised on legs, it's sure to impress. The 90mm fast flow waste allows up to 32 litres of water to be carried away every minute.

Showers

Choose a mixer shower that connects to the hot and cold water supplies and then mixes the water inside the shower to your selected temperature.

Mixer showers normally deliver a higher flow rate than electric showers and are often thermostatic to protect against scalding. Ideal for homes with readily available hot water
You can also add a pump if required to boost the flow from a gravity fed system.

VEMA

Showers by Vema

Situated in the Piedmont region of northwest Italy, VEMA products blend excellence and innovation with traditional craftsmanship, whilst also utilising modern technologies to produce designs which embody that recognisable "Italian style".

In fact, Italian design, engineering, elegance and practicality are the characteristics that you can count on by trusting in VEMA. Our products offer beauty and reliability that will enhance any bathroom space with their distinctive quality and timeless appeal.

Which shower valve to select...

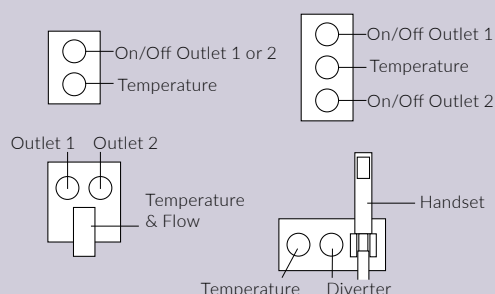

Single outlet

Operates a single outlet only such as a slide rail kit OR a fixed showerhead.

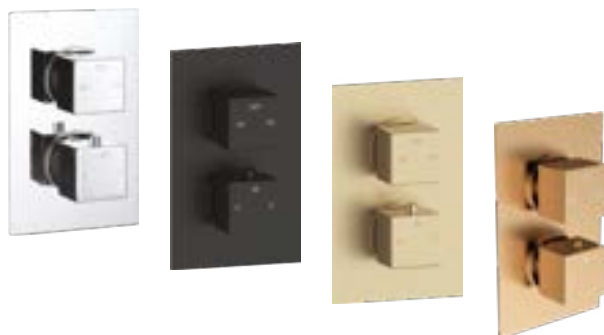

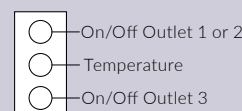

Two outlet

Operate two outlets such as a slide rail kit AND a fixed showerhead independently.

Three outlet

Operates two outlets but gives the option for up to 3 outlet fixtures such as a slide rail kit AND a fixed showerhead AND an overflow bath filler.

Taps

Getting the right finishing touches for your bathroom can really add the wow factor and transform your room into a stunning suite.

200-207	Vema Taps
208-234	Modern taps
235-239	Classic taps
240	Bath fillers
241-243	Bottle traps and wastes

VEMA

Taps by Vema

Situated in the Piedmont region of northwest Italy, VEMA products blend excellence and innovation with traditional craftsmanship, whilst also utilising modern technologies to produce designs which embody that recognisable “Italian style”.

In fact, Italian design, engineering, elegance and practicality are the characteristics that you can count on by trusting in VEMA. Our products offer beauty and reliability that will enhance any bathroom space with their distinctive quality and timeless appeal.

Finishing Touches

With our range of accessories, from feature radiators to underfloor heating; from simple mirrors to extravagant lighting; from hooks and holders to rails and rings, you can easily add personality to your bathroom.

246-251	Fibo Wall Panels
252-257	Radiators
258-259	Underfloor heating
260-269	Mirrors
270-275	Lighting
276-279	Accessories

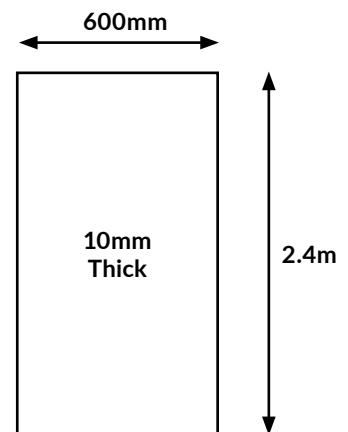

Fibo Wall Panels

Designed & manufactured in Norway, Fibo wall panels give you 100 percent waterproof walls with exceptional durability.

Made with a 7 layer Birch core, panels simply click together with Fibo's unique Aqualock system which provides virtually invisible joints. With the membrane in the panel front, you never have to worry about hidden damage on the back wall.

Panels can be installed up to five times faster than tiles too, which makes them a great option for fitters.

The panels are available with a range of profiles and accessories to make installation and maintenance easy. With fantastic antibacterial as well as environmental credentials, plus a 25 year warranty, the only question is which style of panel will you choose?

- 10mm thick wall panels available in a wide range of tile effect styles to suit any bathroom
- Choose from Urban, Scandinavian, Contemporary or Marble collections
- Range of profile trims and accessories available
- Panels are easily cut to size and can be screwed or glued directly onto solid or stud walls meaning no need for backing boards
- Use the QR code above to visit Fibo's and find out more about the benefits of waterproof wall panels

Heating features

Central Heating

The benefit of this type of installation is that it is economical to run when the central heating is on. Suitable for use with indirect central heating systems (your plumber/installer will be able to advise the type of system you have). The radiator is fitted to your central heating system and works alongside your existing radiators.

Electric

The benefit of this type of installation is that the radiator can be installed almost anywhere and does not require any pipework. It has the added versatility of being able to be turned on and off whenever required, regardless of whether or not the rest of your central heating is on. An electrical element kit with a fused spur is required and wired to your electricity supply. The electrical element is screwed directly into the radiator and heats the water.

Dual Fuel

The best of both worlds! This type of installation is plumbed with indirect central heating systems and or your electrical supply.

This guarantees the low cost of a central heating system during the winter whilst ensuring the versatility of being switched on and off independently during the summer months. Central heating, electric or both - the choice is yours!

LIFETIME GUARANTEE
on underfloor heating

Underfloor heating

Becoming more and more popular, electric underfloor heating distributes heat evenly throughout your room, alleviating cold spots and allowing you to remove radiators which can take up valuable wall space. It's more energy efficient than conventional heating methods too and provides a luxurious feeling underfoot.

**SUITABLE
FOR MOST
PROPERTIES**

**LUXURIOUS
FEELING OF
WARM FLOORS**

**ENERGY
EFFICIENT**

**FLEXIBLE CONTROL
THROUGH ZONING
AREAS OF THE HOME**

**NO COLD
SPOTS**

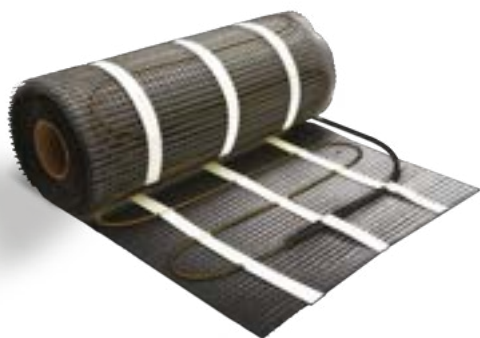

**MAXIMISE SPACE
IN THE HOME,
NO RADIATORS
ON THE WALL**

TILE BACKER

Tile Backer Board is the perfect insulation panel for use with our 150 watt cable heating systems. The board will dramatically reduce heat loss and running costs by up to 25%. The boards are waterproof, provide great sound insulation and can be easily cut down to size.

1200 x 600 x 6mm Board THIN108834 **£90**
Pack of 5

STICKYMAT

Our heating mat cables feature dual-core resistive heating wires with FEP (Teflon) inner insulation and 4mm PVC outer insulation. These cables are spaced evenly at 65mm intervals to ensure uniform heat distribution across the floor, tailored to the required heat output.

Simply roll out a length, cut, flip and stick down the mesh until the floor area is covered. It is perfect for evenly heating large or regular-shaped rooms

150 watt undertile sticky heating mat

1m ²	THIN108836	£98

LOOSE WIRE SYSTEM

The loose cable system uses the same high-quality dual-core resistive heating cables with FEP (Teflon) inner insulation and 4mm PVC outer insulation. Supplied on a drum, this flexible system allows you to arrange the cable in any configuration to suit your space, making it perfect for tight, confined, or irregularly shaped areas.

Loose cable 150 watt - 20m	THIN108842	£133
Loose cable 150 watt - 30m	THIN108843	£149
Loose cable 150 watt - 40m	THIN108844	£159

Underfloor heating

DIGITAL THERMOSTAT

The Digital Programmable Thermostat is a simplistic, yet stylish underfloor heating thermostat designed for use with electric underfloor heating. The digital programmer can be used to control the air (ambient temperature) or floor temperature and as a standard it can be set to either 7 day or 5/2-day programs allowing each day to be different or weekday/weekend settings accordingly.

White THIN108845 **£108**

WIFI THERMOSTAT

The Smart Wifi Thermostat is an intuitive, programmable thermostat used to control your electric underfloor heating system. Simply download the 'Smart Life' app via your iOS or Android platform which will then allow you to remotely manage your heating, plus you can also use Google and Alexa to control the system too. This thermostat has a professional design and many features such as 'Holiday Mode' and 'Hold Temperature' functions.

White THIN108846 **£139**

TOUCH SCREEN THERMOSTAT

The Touch Screen Thermostat has an ultra-sleek, minimal design with chrome surround, and a full glass display with touch sensitive control. It will keep your home at a comfortable temperature whilst minimising energy use.

It's supplied with a 3m floor sensor probe and will also sense if a window has been opened as it detects when the room temperature plummets, so will automatically shut off for 15 minutes.

White THIN108847 **£169**

2 YEAR GUARANTEE

on all mirrors

Mirror features

Battery Operated

If you want to avoid wiring but still require LED lighting. Quick and easy to install.

IP44 Rated

All of our products comply with electrical safety regulations and have been given an IP rating of 44, which protects against sprays and splashes of water. See technical specifications for bathroom zones.

Demister Pad

Many of our mirrors contain a demister pad which gently heats the mirror once it is switched on. This then makes the mirror steam free.

Rotatable

Some of our mirrors can be positioned landscape or portrait.

Touch Sensor

Easily allows you to switch your lights on and off with touch.

Infrared Sensor

Easily allows you to switch your lights on and off with the swipe of a hand. No touch needed.*

Charging Socket

Suitable for electric shavers and toothbrushes.

Dimmable

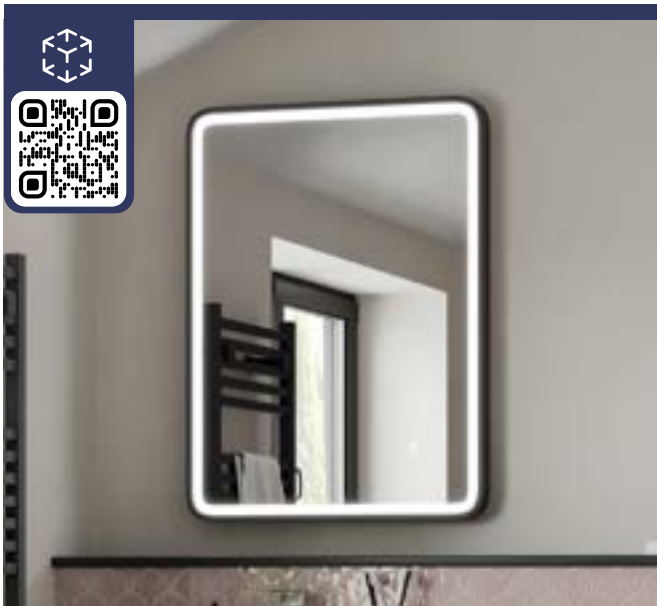

Lighting that can be adjusted at the touch of a button.

Colour Changing

Adjust the light from cool to warm.

Lighting

Our stunning collection of bathroom lights are all IP44 rated and so suitable for use in zone two.

Zone 1

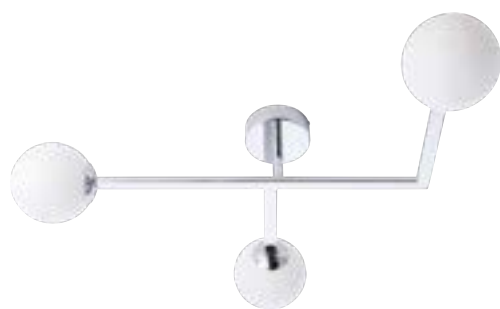

Electrical fittings in this zone require a separate extra low voltage and a minimum rating of IP65 (splash-proof).

Zone 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

Outside Zones

Electrical fittings in this zone require no IP rating (unless cleaned by water jets).

Shower water systems

There are a few different types of water systems in homes in the UK. We can usually make some assumptions about the sort of water pressure each will give.

Gravity Fed System

This is usually a tank in the loft space or inside an airing cupboard. A basic guide to establish how much pressure it will deliver is how high the tank is above the tap or shower. If the tank is 2 metres above the level of the tap or shower, the water pressure will be 0.2 bar. If it is 5 metres, the water pressure will be 0.5 bar. Generally this type of system is low pressure however you can increase the pressure by installing a pump. It is recommended to seek advice from a qualified engineer or manufacturer before choosing your pump as these vary in performance.

Combination Boilers

These are high pressure systems and are usually set to operate between 0.8 to 1.5 bar. Minimum and maximum pressure can be checked with the manufacturer however most boilers have a gauge to show what pressure it is operating at. Combination boilers have an integrated pump so if the water pressure is too low for your required application, adding another pump can damage the boiler.

Sealed/Unvented Systems

These are modern systems. If you have a hot water tank, but you don't have a cold water tank (cistern) in your loft or garage, this is an unvented high pressure system. They are quite uncommon as they are more expensive however they can usually deliver around 3.0 bar of water pressure.

Mirrors & lighting

Zone 1

Electrical fittings in this zone require a separate extra low voltage and a minimum rating of IP65 (splash-proof).

Zone 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

Outside Zones

Electrical fittings in this zone require no IP rating (unless cleaned by water jets).

Terms & conditions

Your new bathroom products have been designed and manufactured to high standards and all come with a reassuring manufacturer's guarantee. Guarantees apply to manufacturing defects and do not apply to accidental damage, wear and tear or any item or component rendered defective by unsatisfactory planning, faulty installation, improper or negligent use or damage resulting from failure to maintain the product in accordance with the customer care instructions.

Guarantees do not cover any product that has been modified or altered in any way.

Guarantees do not cover any product that is installed with a fault that would have been clearly evident before installation.

In the interest of continuing design development and product improvement, we reserve the right to amend or adjust specifications at any time. Where an identical product is no longer available we will supply the nearest equivalent from our current range. Guarantees are for the original purchaser of the product, they may not be transferred to a subsequent purchaser of the premises in which the product is initially installed.

Due to our policy of continuous improvement, we reserve the right to amend specifications, designs and colours without prior notice.

Suggested selling prices are including VAT. Due to circumstances beyond our control, prices may have to be altered including changes to the rate of value added tax.

The colours and finishes shown in this brochure are as accurate as possible within the limits of the printing process. Please note we always recommend viewing an actual swatch of our furniture ranges before purchase.

Whilst every effort has been made to ensure accuracy of the information supplied herein, we cannot be held responsible for any errors or omissions.
