

CHAUDHARY RICE MILLS

About us:

Elevating Tastes, Nourishing Lives: Our Journey in Rice

In the heart of Tohana, Haryana, nestled in the lush fields of India, lies a company that has redefined the art of rice manufacturing. Meet the pioneers of taste, quality, and tradition— Chaudhary Rice Mills.

A Legacy of Excellence

Founded by the visionary Madan Lal Chaudhary, Chaudhary Rice Mills has been a steadfast player in the rice industry for generations. With a lineage of five siblings, each contributing their unique skills in sales, administration, marketing, legal, and even politics, this is a family-driven business with a commitment to excellence.

A Philanthropic Streak

During the tumultuous times of India's division, Mr. Madan Lal Chaudhary took on a unique role. Not only did he spearhead the rice business, but he also served the nation by providing food grains to those in need. His dedication earned him accolades, and he was elected to serve his nation with distinction.

The Family Legacy Continues

Today, the reins of Chaudhary Rice Mills are in the capable hands of Mr. Madan Ji's five children. It's a family business that not only thrives on tradition but also values local employment opportunities.

The Star of the Show: Rice

At the heart of their operations lies a product that transcends boundaries—rice. Highly nutritious, easy to digest, and a cornerstone of Indian cuisine, Chaudhary Rice Mills takes pride in producing various rice variants, including the aromatic 1121 Basmati, the wholesome 1509 Basmati, the resilient 1401 Basmati, and more.

The Pinnacle of Production

Chaudhary Rice Mills boasts three state-of-the-art production plants in Tohana, Haryana, with a collective daily production capacity of 360 metric tons. These plants are equipped with AGI MILITECH Branded Machinery, ensuring top-notch quality and efficiency.

From Field to Plate

Sourcing their paddy from Haryana, Punjab, Uttar Pradesh, Madhya Pradesh, Chaudhary Rice Mills meticulously crafts white and brown rice. The difference? The presence of bran, which gives brown rice its distinct hue and enhanced nutritional profile. Their milling processes ensure that the bran is expertly removed, leaving you with the pristine white rice.

Packaged to Perfection

When it comes to packaging, Chaudhary Rice Mills offers you two choices: the classic jute bags and the modern BOPP packaging. Whether you prefer 1kg, 5kg, 10kg, 25kg, or even 50kg packaging, rest assured that all options are pest-free.

Experience the Taste, Embrace the Tradition

At Chaudhary Rice Mills, rice isn't just a product; it's a tradition, a commitment, and a promise. Explore the diverse range of rice offerings and savor the flavors that have been nourishing families across India and beyond. Elevate your dining experience with the rice that stands for quality, taste, and heritage.

1121 Steam

1121- Steam Rice

1121 Steam Basmati Rice is the variety of long grain rice having seamless quality and exclusive prices. Processed on steaming, the offered 1121 Steam Basmati Rice is long, clean and takes very less time to cook. In Steaming process, steam passes through paddy grains, then at the time of drying and removing of Paddy layers, the

Rice grain inside remain white however its surface becomes harder. Our impeccable lot of 1121 Basmati Steam Rice does not break upon cooking under standard conditions.
