

# I Wish You Love

For SATB a cappella

## Performance Notes:

As with most a cappella ballads, the following general rules apply:

1. Strive for a rich, warm, almost edgeless tone.
2. Use vibrato sparingly. It should not be wide or fast, and is generally added only at phrase endings.
3. Add a little breathiness or air to the sound. (This should not be confused with the airy quality caused by a lack of support!)
4. Add a slight breath accent on the attack of all "Oo's" and any internal moving part.
5. Take your time! Avoid rushing, and feel free to pause on words that you wish to emphasize. Try to paint a beautiful and tender picture. **R.E.**
