ADVANCE    

your home made beautiful  
with coloured windows and doors

We offer a wide range of colour options which have been put together to make the perfect colour palette for any home. There are 17 colourfoil finishes, which are available on one or both sides and therefore giving you 34 colour ways.

With modern and traditional shades complimented with authentic wood like finishes, colourfoil adds that finishing touch to any property. Our colour collections provide you with a fantastic palette of colour options for your home, whatever the style, period or location.

**The standard collection** consists of the most popular colour combinations.  
**The premium collection** brings together on-trend, traditional and modern colours and grained effects.
