

2024 Impact Report

A message from the president

As we celebrate AMIP's 14th anniversary, 2024 has proven to be a milestone year filled with unprecedented growth, engagement, and innovative opportunities for our members and the community. This year's accomplishments reinforce our mission to grow and sustain a thriving advanced manufacturing industry in our region. Thank you to our members, partners, and community supporters for making this year extraordinary. Here's to continued innovation and success in 2025!

Warm regards,

Susan Whitman

President & Executive Director

A year of expansion

2024 was a year of growth for AMIP. We brought on two new staff members in April and two new board members in November. New faces meant new opportunities for grants, events, and membership benefits throughout the year.

Impact Snapshot

48

Peopled hired through the Good Jobs Challenge

5,900

Students reached during Manufacturing Month

\$400k

In grants used to support the SW Ohio manufacturing industry

Paige Stark (Clippard), Rachel Zucca (CBT Company), and Caitlin Patrick (Pioneer Glazing) speak at the Q4 Women in Manufacturing Event.

Grants Received in 2024

\$400,000

2024 marked continued growth in AMIP's ability to apply for and manage grants. In April, Joe Sack joined us as Grants Project Manager. His responsibilities include finding and applying to new grants, as well as managing their implementation. AMIP received the next round of Grassroots funding from the Ohio Manufacturer's Association (OMA) and the Super Rapids A&AM grant which focuses on building up Ohio's electric vehicle capacity. We expect to continue this upward growth in 2025.

Manufacturers, educators, and government officials discuss projects and funding at the SuperRAPIDS Convening

Projects

Details

Outcome

Good Jobs Challenge

Hiring and upskilling people new to manufacturing

- 48 people hired in 2024

THANK YOU!

30

Events and Workshops

In 2024, we partnered with members and friends to offer 30 events including Member Events, social events, and educational workshops on topics our members requested. Some of these topics were:

Gen Z Regional Outlook Innovation Women in MFG
Taxes Collaboration Hiring Veterans Training Bootcamps
Manufacturing Month TechCred Educator Externships
Investment Social Networking Run, Improve, Grow

What will we learn next?

In 2025, we plan to focus on hot topics like AI, apprenticeships, and sustainability.

Got an idea for a workshop or event?

Contact us using the information on the next page.

We couldn't do it without you.

To our AMIP Cincy members and board: thank you for helping us impact our manufacturing community.
