Eastern Sudan Community Association (ESCA) is one of the Sudanese communities Association, in the UK

in 2021, established as a (non-profit) as a charitable, in July 2024 registered in the Charity Commission No. 1208905

ESCA is a specialist charity focused on serving the East Sudan community in the UK. It is a diverse group of individuals passionate about promoting social inclusion, preserving cultural heritage, and fostering mutual understanding within the wider community. The Association is committed to meeting the unique needs of the Eastern Sudan community and ensuring their inclusion.

Our commitment to upholding the principles set out in the Charity Act is integral to our operations. We take proactive measures to ensure that any benefits provided to our activity providers are for the charitable purposes of our community.

The trustees have decided on specific activities based on a needs assessment within the community,

This assessment involved engaging with community members and stakeholders to understand their unique challenges and needs. The activities were selected to address these specific needs and include establishing local network groups, facilitating engagement with service providers, offering educational programs, promoting cultural awareness, and fostering cross-cultural collaborations. For example, local network groups will foster social
