GROOM'S FIRST
AID KIT: THE
ESSENTIALS!

Why is it important to have a first aid kit for the groom?

The wedding day is often filled with emotions and intense activity, and the bride wants everything to be perfect. Having a first aid kit on hand is crucial for handling unforeseen events and ensuring the day goes smoothly. Here are some reasons why a first aid kit is essential for the bride:

Manage minor emergencies

Maintain a flawless appearance

Avoid stress

This magazine is a must-have for any groom-to-be!

Editor-in-Chief: Elisabeth K.

Mini sewing kit

Needles, matching threads, buttons, safety pins: For quick alterations to the costume.

SPRAY AND ROLL ON

- Spray or roll-on: To maintain a feeling of freshness.

Refreshing wipes

Wipes: For a quick clean or freshen up.

Tissues

- Tissues: To dab sweat or tears.

Gel

Gel To touch up your hairstyle.

Travel dental Kit

- Travel Dental Kit: For fresh breath before the ceremony.

Bandages

- Bandages: For blisters or other small injuries.

BAG PERFUM

- Bag perfume: To freshen up throughout the day.

Pen

- Having a pen handy ensures that the groom can quickly and easily add his signature when needed, without having to search for or borrow a pen at the last minute.

Spare jacket or pants

- Emergency jacket or pants: To change into in case of a tear or other incident with the costume.

Medicine kit

- Pain relievers (paracetamol or ibuprofen), antacids, bandages, antiseptic: To quickly treat headaches, stomach aches, minor cuts and other minor injuries.

Candy

Mints or lozenges are ideal for this. They offer a quick and discreet solution to freshen breath without the need to brush your teeth.
