QUATRO: the new, bigger, softer
LEGO® brick for young builders

1-3
years

LEGO QUATRO

Early construction for your
youngest child to enjoy.
5355 QUATRO 20
1-3 years.

Let your child have fun building
a tower taller than themselves.
5356 QUATRO 50
1-3 years.

Construction quickly turns
HUGE when building with
these big bricks
5357 QUATRO 75
1-3 years.

Bricks shown to size

Take this duck and her duckling for a walk. When you pull the string she will follow you with a quack, and the duckling will make a rattling sound. You can also bring along the other animals on the farm: the cat, the dog and the horse. Help your baby figure out how the animals are put together or mix them together to create your very own creatures.

5458 Pull-Along Duck & Duckling
From 6 months.

It's fun to stack this cute, chunky elephant and his friends. You can count his friends with the help of the numbers on their backs.

5453 Baby Elephant Stacker
From 6 months.

Stack and spin this friendly giraffe, and discover all the shapes and patterns he has.

5454 Stack & Learn Giraffe
From 6 months.

Ideal toy for your baby's bathtime play. When the boat is pushed down into the water it will whistle through its chimney. Lots of splash-time fun!

5462 Bathtime Boat
6-18 months.

new
2005

Explore the jungle with these friendly animals. Play peek-a-boo with the parrot and her baby, feed the crocodile with things you would like to hide, twist the snake in different directions, and play with numbers. You can also stack all the animals together and create a funny tower.

5455 Stacking Jungle Set
From 6 months.

new
2005

Propeller spins. Wheels turn.
Imagination soars! Simply push
the plane and crawl along.
5464 Play Plane
From 6 months.

3-18
months

LEGO BABY

new
2005

Push the caterpillar down – and he springs
back up! Stack two tiny buddies on his back
and wheel him along – watch baby follow!
Designed to encourage infant crawling.
5465 Bendy Caterpillar
From 6 months.

new
2005

Baby's first train set. Connect the
cars, toot the horn, give it a push
and off you go! Designed to
encourage infant crawling.
5463 Play Train
From 6 months.

new
2005

Fun flower rattle with tactile surfaces
helps to develop your baby's senses.
Doubles as a soothing teether.
5460 Happy Flower Rattle & Teether
3-9 months.

new
2005

This fun, cheerful house contains lots of
bricks in different colours and shapes
to sort and stack. Stimulates your
baby's hand-eye coordination.
5461 Shape Sorter House
From 6 months.

This chopper can handle any situation! Its powerful spotlight is great at lighting up the dark sea at night and if the crew can't complete the mission straight away, they can drop an orange buoy from their cargo bay and come back later. The winch is used to lower a stretcher and pull it up again with an injured person. Mount the wheel on the zip line and one of the crew can slide to the rescue!

7044 Rescue Chopper
From 7 years.

The powerful engines in this craft ensure a stable ride even in rough seas. Open the stern and let one of the crew navigate the rubber dinghy nearer to the emergency. The mother ship is equipped with three rotating water canons and if you open the bridge you can help the captain work his advanced navigation equipment. Or go below deck where the crew store their tools and relax in between missions.

7046 Fire Command Craft
From 7 years.

Someone has called the control centre for help and, quick as a flash, this fast firefighter is on the scene. Open the hatch on the front deck and a pivoting water canon appears. You can start putting out the fire immediately while you wait for assistance from the Fire Command Craft #7046.

7043 Firefighter

Han Solo's battle-scarred cargo vessel has been modified to fit his needs to be a fast tough smuggling vessel. Han's *Millennium Falcon* is an awesome 27 meters long. Now you can build a smaller version of the fastest ship in the galaxy which is still most impressive. Open the hull for access to the interior of the ship or to release the escape pod onboard. Open the cockpit to let the pilot out and lower the gangway for the rest of the crew. Take off the hull plate and place a pilot in the seat for control of the movable gun turret. Set contains Han Solo, Chewbacca, Princess Leia, C-3PO and a Snowtrooper. Combine this set with #4483 AT-AT and #4500 Snowspeeder to recreate the Battle of Hoth, or with #10023 to fly to Cloud City or with #10131 TIE Collection to re-create Lando's mission to destroy the Death Star. The possibilities are endless!!

4504 Millennium Falcon™
From 9 years.

Luke leaves Hoth in his X-wing Fighter in search of the planet Dagobah and the great Jedi Master Yoda. Build and fly this revised and even more accurate X-wing fighter, but look out for the swamp! It may take a visit to Yoda's hut to learn the powers of the force for you to help Luke and R2-D2 to raise the X-wing. Set contains Luke Skywalker, R2-D2 and Yoda.

4502 X-wing Fighter™
From 8 years.

BIONICLE

www.bionicle.com

Stripped of their powers are the Toa spinning out of control?!

The Toa have yet to Fulfil their destiny. Returning to the city of Metru Nui, they have to rescue the hibernating Matoran left behind in the coliseum

They thought they knew the streets of the city; they thought the rescue would be an easy task. But they were wrong ...

Something has happened in Metru Nui: the sun has been blocked out by a thick green mist, and the city streets are enveloped in darkness – darkness made more Frightening by strange, oozing webs criss-crossing the city as far as the eye can see. What has happened? What new menace must the Toa Face?

Suspended between Good and Evil, you must decide whether you want to be a hero or a beast

BIONICLE® – Spin your destiny!

MINDSTORMS™

CREATE ROBOTS YOU CAN BRING TO LIFE AND CONTROL

3804
Robotics Invention System 2.0
From 12 years.

Create robots that do what you want them to do. This new version of the Robotics Invention System introduces the next generation of robotics programming. The CD-ROM includes more than 25 exciting projects that let you build and program robotic inventions to perform tasks as varied as following a straight line, creating a burglar alarm, or drawing a picture. At the heart of your inventions is the RCX, a programmable microcomputer that reacts to its environment via touch sensors, light sensors and motors. Includes RCX microcomputer, CD-ROM with RCX Code and project ideas, USB Infra-red Transmitter, Constructopedia building guide, touch and light sensors, motors, gears and more than 700 LEGO elements. PC requirements: Windows 98/ME, Intel Pentium 233 MHz or higher processor, USB port, 32 MB of RAM.

1. BUILD

To see your ideas come to life, combine the RCX microcomputer with over 700 LEGO® elements, motors, touch sensors, and a light sensor. The RCX is a programmable microcomputer that acts as a brain of your robotic invention.

2. PROGRAM

Use your PC, the Robotic Invention System software, and the RCX to create programs that control your robot's behaviour. The easy-to-use programming language contains "Big Block" commands such as "Forward" and "Turn Left" to get you up and running quickly. Additional features such as control editors, branches, and variables, allow for more advanced programming.

3. RUN

Activate your robot and watch it take on a life of its own!
