

Volleyball Letter of Introduction

Hi there,

My name is Jack Neumuth, and I'm a physical education teacher who's passionate about helping students build confidence, stay active, and develop lifelong habits that support their overall well-being. I believe PE should be one of the best parts of a student's day—not just because it's fun, but because it teaches important skills like teamwork, resilience, and how to take care of both your body and mind.

This portfolio highlights two units I recently taught during my time at Ellington Middle School: volleyball and pickleball. Both units were designed to meet students where they are while challenging them to grow, work together, and stay engaged. I worked hard to create lessons that were not only skill-focused, but also built around collaboration, communication, and self-confidence.

Whether I'm introducing a new sport, leading a team-building game, or helping a student achieve a personal goal, I always try to create a space where every kid feels supported, seen, and excited to move. I genuinely love being part of a school community and making PE a class that students look forward to.

Thanks for taking the time to look through my work. I'd love the opportunity to connect and talk more about how I can contribute to your team.

All the best,

Jack Neumuth
