“JUST AS BUTTERCUPS GROW DENSELY TOGETHER TO CREATE A BEAUTIFUL MEADOW, CHILDREN BRING VIBRANCY AND JOY THAT ENRICH OUR LIVES”

FOUNDATIONAL ELEMENTS THAT SHAPE OUR CURRICULUM

- THE PHILOSOPHY
- THE LEARNING TOOLS AND ENVIRONMENT
- THE CURRICULUM AND METHODOLOGY
- THE TEACHERS

THE PHILOSOPHY

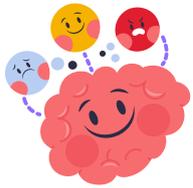

- The early years represent a crucial period in a child's development, with approximately 75% of brain growth occurring by the age of seven. During the ages of 2 to 6, children exhibit heightened receptivity, making it an ideal time to nurture their curiosity and cultivate essential skills. Providing a stimulating and supportive environment during this phase establishes a strong foundation for healthy brain development and fosters a lifelong passion for learning.
- High-quality early education extends beyond mere academics; it promotes cognitive, social, and emotional development, builds resilience, and equips children with essential tools for success in school and beyond—thereby unlocking their full potential.
- Central to our approach is the Montessori philosophy, which prioritizes self-directed learning, hands-on exploration, and personalized instruction. Our meticulously designed environment empowers children to learn at their own pace, discover through experiential learning, and evolve into confident, independent learners.

THE LEARNING TOOLS AND ENVIRONMENT

The Environment is at the heart of our curriculum, shaping the way children explore, learn, and grow. We craft thoughtfully structured spaces that foster independence, spark creativity, and encourage discovery.

Key Highlights:

- Learning Aids: 300+ Kreedo-designed materials tailored to support diverse learning styles and interests.
- Purposeful Design: Special areas like the Kreedo Lab ignite imagination and promote self-directed learning.
- Curriculum Integration: Every aspect of the environment is intentionally aligned with our curriculum, creating a seamless and engaging learning journey.
- This nurturing environment inspires curiosity, develops problem-solving abilities, promotes critical thinking, and lays a strong foundation for a lifelong love of learning.

Our environment is designed to:

- Encourage independence and self-directed learning.
- Foster curiosity, creativity, and critical thinking.
- Develop problem-solving skills and resilience.
- Nurture a love of learning that will last a lifetime

CURRICULUM AND METHODOLOGY

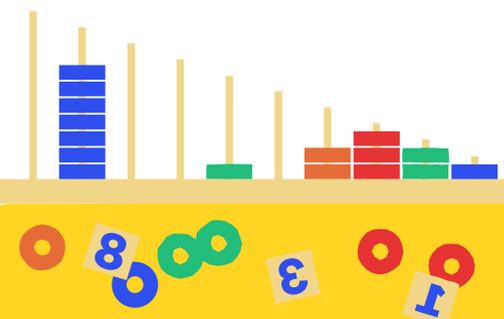

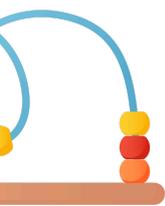

Our carefully crafted curriculum and methodology by Kreedo provide a balanced and engaging learning experience, fostering academic, social, emotional and physical growth.

Exposing children to a stimulating environment during these formative years is essential for:

- Fostering healthy brain development.
- Building a strong foundation for future learning.
- Developing social, emotional and cognitive skills
- Cultivating a lifelong love of learning.

By providing a high-quality early education, we can unlock a child's full potential, setting them up for success in school and beyond.

Our comprehensive curriculum incorporates diverse activities tailored to foster holistic development in every child.

These engage in modes include:

- Individualized learning: Hands-on exploration with specially designed materials.
- Small group activities: Collaborative learning in art, language, and gross motor skills.
- Thematic approach: Integrated learning through thematic units.
- Role play and presentations: Interactive storytelling and role playing.
- Field trips: experiential learning through exploration.
- Cultural celebrations: Immersive experiences that promote diversity and inclusivity.

THE TEACHERS

Our dedicated staff are the backbone of our educational approach. To ensure that each child constantly meets their curriculum objectives, our teachers undergo rigorous training in:

- **Facilitating learning:** Creating engaging and interactive learning experiences that foster curiosity and exploration.
- **Observation and recording:** Accurately tracking each child's progress, identifying areas of strength and weaknesses.
- **Assessment and feedback:** Providing constructive feedback that guides children towards achieving their full potential.

BRIDGING SCHOOL AND HOME

Parent feedback sessions: Regular updates and insights into a child's progress.

Guidelines for home support: Practical resources and suggestions for reinforcing learning at home.

Cognitive and academic learning: a structured approach
Every activity at a school is carefully designed with clear objectives and outcomes, ensuring comprehensive learning for our children.

PRESCHOOL EDUCATION

“THE GOAL OF EARLY CHILDHOOD EDUCATION SHOULD BE TO ACTIVATE THE CHILD’S OWN NATURAL DESIRE TO LEARN”.

While art, music, dance and imaginative play are essential aspects of preschool education, our approach goes beyond mere entertainment. We are committed to providing a comprehensive and structured learning experience that achieves meaningful objectives

BUILDING COMPLEXITY (4 TO 6 YEARS)

Children are engaged in a comprehensive program covering:

- **Language:** Developing reading, Writing, and communication skills.
- **Mathematics:** Exploring number patterns and problem solving.
- **Geography:** Introducing basic mapping and cultural awareness.
- **History:** Exploring timelines and basic historical concepts.
- **Science:** Encouraging curiosity and exploration of the natural world.

We provide a well-rounded education that prepares children for future academic success.

EARLY FOUNDATIONS (2-4 YEARS)

We lay the groundwork for future academic success by focusing on:

- **Fine motor skills:** Developing dexterity and hand eye coordination.
 - **Practical life skills:** Encouraging independence and self care.
 - **Phonetics based English:** Introducing language fundamentals.
 - **Mathematics:** using manipulatives to build foundational understanding.
- 

ABOUT US

As a premier early childhood education school we are dedicated to providing a safe nurturing and stimulating environment that fosters the growth and development of young children.

OUR MISSION

Our mission is to prepare children for successful future by offering age appropriate programs that encourage:

- Exploration: hands on learning experiences that spark curiosity and creativity.
- Discovery: opportunity for children to discover their passion and interests.
- Social emotional growth: Development of essential life skills such as empathy self awareness and self regulation.

OUR VISION

A vision for preschool is to create nurturing and stimulating environment that:

- Fosters a love of learning: inspires children to develop a life long love of learning.
- Nurtures the whole child: supports the cognitive social emotional and physical development of each child.
- Builds a strong foundation: Prepares children for future academic success and social responsibility.

At Buttercups Preschool and Daycare we are committed to providing a high quality educational experience that meets the unique needs of each child and family we serve'

ASSESSMENTS

Assessment in early years is an ongoing process that informs instruction and ensures children are meeting their development milestones. Regular progress checks Teacher feedback intervention.

WHAT DIFFERENTIATE US?

- Child centric approach
- Montessori based philosophy
- Comprehensive learning
- Custom designed materials by Kreedo
- Structured learning program

By combining these distinct elements, we provide a unique and effective learning environment that sets us apart from other preschools

Encouraging Ecological Awareness in Young Minds

Our goal is to create a sustainable and environmentally conscious foundation for our children.

We aim to:

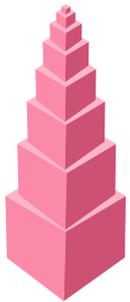

Promote Eco-Friendly Play:

Introduce wooden toys and natural materials to encourage imaginative play and reduce plastic waste.

Inculcate Waste Segregation Habits:

Teach children the importance of waste segregation and recycling from an early age, fostering a lifelong commitment to environmental responsibility.

By instilling these values, we empower our children to become environmentally conscious citizens, equipped to make a positive impact on our planet.
