

# Calpholite<sup>D</sup> oral

A Double strength Glycine Chelated Oral Calcium

NUTRACEUTICAL

[www.animaxius.com](http://www.animaxius.com)

Superfast absorption

Double strength formula

Powered by galactagogue

# Calpholite<sup>D</sup> oral

Milk Yield Booster with Udder Care Formula

A suitably designed double strength oral calcium fortified with glycinated trace mineras and galactogogue

## HOW IT WORKS?

**1.**

### Macrominerals

**Bioavailable calcium, phosphorus and magnesium**

- Supports milk synthesis and maintains the calcium phosphorus requirement in 2:1 ratio

**4.**

### galactogogue

**Shatavari and Jivanti**

- Increasing milk yield: Shatavari can increase milk yield by 8.79% and up to 25%.
- Improving milk quality

**2.**

### Glycinate trace minerals

**Zinc, iron, copper and managanese**

- Reduces the oxidative stress in udder
- Reduces the chances of inflammation
- Improves udder immunity
- Strengthen the keratin plug and thereby reduces the entry of the infection through teat canal

**5.**

### Paltant and flavour

**Sugar sweetner and banana flavour**

- Improves the palatability and acceptance
- Improves the energy value of the formula

**3.**

### Vitamins

**Vitamin A, D3, B12 & Biotin**

- Vitamin A: Maintains epithelial health of milk alveoli
- Vitamin D3: Helps to absorb the calcium and supports milk production
- Vitamin B12: helps in maintaining general health
- Biotin: Improves udder immunity

## Composition

Each 100mL contains  
Calcium: 4000 mg, Phosphorus: 2000 mg, Vitamin D3 : 2,00,000 IU, Vitamin B12 : 250mcg, Biotin : 50 mg, Glycinated Zinc : 100 mg, Glycinated iron: 50mg, Glycinated copper : 70 mg, Glycinated manganese : 70 mg, Carbohydrate 20g, magnesium 150mg

## Key features

- Suitably designed to optimize milk production
- Double strength formula
- Fortified with glycinated trace minerals
- Powered by galactogogue

## Key Benefits

- Improves milk yield
- Takes care of udder health & protects from establishment of udder infection
- Reduces somatic cell count

## Indication

For improving milk production and general health of cows and buffaloes; Cow & buffalo: 50-100mL daily and for samll ruminants: 25 mL daily

## Shelf life

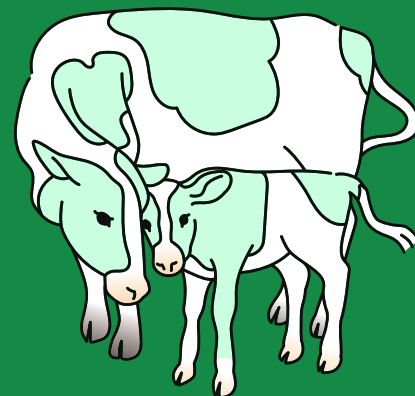

2 years from the month of manufacturing

## Storage condition

Keep in cool & dark place. Keep away from direct sunlight

## Presentation

500mL, 1L & 5L packs

### Manufactured by

**Animaxius**  
220, 1st floor, City mall, New Link Road,  
Andheri ( West), Mumbai-400053, India
