

## A special thanks to:

This year's recital truly came to life because of the incredible people who said "yes" to the vision and helped turn so many big ideas into what you are seeing on stage today. To Brenden, thank you for helping spark the idea behind this show and for bringing it to life alongside me.

Your creativity, steady support, and willingness to run with even my wildest thoughts mean more than I can ever fully express.

To our amazing staff, thank you for fully embracing the crazy ideas, the props, the costumes, and all the moving pieces that come with making recital magic happen. Your energy, creativity, and dedication are what make this studio so special.

And to Darcy Geoghegan, thank you for the countless costume alterations and the many ways you have shared your talent with us this season. You are all unbelievably talented, and I am so grateful to be surrounded by people who care so deeply and give so much of themselves to this studio.

### Stage Crew

# Spotlight Dance Legacy presents...

**Spotlight Dance Legacy Recital 2026**

Saturday, April 25th, 4pm

Sunday, April 26th, 2pm

Interstate 35 Auditorium  
405 E North St, Truro, IA

# A Note from the Director...

As we gather together for this year's recital, I am once again filled with gratitude and pride for the incredible community that makes our studio so special. Each season brings new growth, new challenges, and watching our dancers evolve throughout the year is one of the greatest privileges of what we do.

Dance is about so much more than learning steps. It's about courage, confidence, teamwork, and discovering what you're capable of. In the studio we see the hard work, the repeated combinations, the determination to try again when something feels difficult. What you see on stage today is the beautiful result of that dedication.

To our dancers: you continue to inspire me every single day. Your energy, creativity, and willingness to support one another make this studio such a special place. Watching each of you grow not only as dancers, but as individuals, is what makes this journey so meaningful.

To our families: thank you for trusting us with your children, for cheering them on, and for being such an important part of our dance family. Your encouragement and support allow these dancers to shine.

As the curtain opens today, I hope you enjoy every moment, the excitement, the smiles, the music, and the stories being told through movement. Each dancer on this stage has worked hard to bring their performance to life, and today we celebrate all that they have accomplished.

Thank you for being here and for sharing in this special day with us.

With gratitude,  
*Miss Sarah Pugh*

# Legacy Select Team

Our Legacy Select Competition Team is built on more than just great dancing. Our main focus is being a team, supporting one another, and cheering on our teammates every step of the way. These dancers represent what it truly means to grow together, celebrate each other's successes, and push one another to be their best.

Each season, our team attends around three competitions where every dancer has the opportunity to perform their routine on stage. Many of these routines are learned in May, and dancers spend their summer performing wherever they can to gain valuable feedback and continue improving before competition season begins.

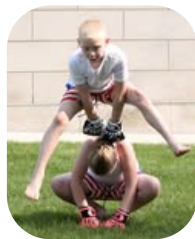

You may even see some of these routines before they hit the competition stage. Join us for our 1x1 Showcase on May 28th right here on this stage, or catch our dancers performing at the Winterset Farmers Market on June 13th, as well as at the County Fair and Covered Bridge Festival.

We are so proud of the dedication, teamwork, and passion these dancers bring to Spotlight Dance Legacy. If you would like to learn more about this team, please reach out to us at [info@spotlightdancelegacy.com](mailto:info@spotlightdancelegacy.com).

# May Classes

1x1 | May 4–28 (by appointment)

Private coaching to learn a routine and build confidence, technique, and performance. Includes 4 hours of instruction (scheduled with instructor).
