BACKGROUND AND EXPERIENCE

Please briefly present the partner organisation.

As a TUDOKIS, The goal of our association is to educate young people to deal with sporting and cultural activities, we want them to understand that their active participation in public life is the key of the future of the nation. Our association aims at educating young people how knowledge based on innovation and modern technologies can be utilized in order to bring about economic growth, and how gaining experience in the field is crucial. Besides the above goals, the association would like to take part in the education and cultural activities of the youth as well as improve their leadership and production skills to promote an environment friendly social development and promote the domestic and international cooperation of youth organizations. To achieve these goals, our association wishes to educate young people in an innovative, practical and entrepreneurship-friendly manner in order to make them interiorize the material and spiritual values of the nation, we also want them to become self-confident and cooperative so they can work together.

Our quality policy:

Excellence: We are dedicated to offering top-notch programs that promote cross-cultural understanding, individual development, and educational enrichment. Every part of our services is something we always try to be the best at.

Cultural Enrichment: We are aware of the importance of cultural diversity in producing well-rounded citizens of the world. Our educational initiatives are carefully designed to encourage empathy, curiosity, and open-mindedness in youth while immersing them in real-world cultural experiences.

Student-Centered Approach: Everything we do revolves around our pupils. We are dedicated to giving them thorough, individualized support that is tailored to their specific requirements, ensuring a seamless transition and an amazing adventure.

We are dedicated to fostering a culture of continual improvement. We adapt our programs and services to meet participants' changing needs through feedback, evaluation, and innovation.

Inclusion: We value all students, regardless of background, and work to provide an environment where they feel welcomed, respected, and valued.

Cooperation: We are aware that collaboration is necessary for success. To broaden the breadth and effect of our cultural programs, we work with partner institutions, regional communities, and stakeholders.

Our Standard:

Program Design: In keeping with the objectives of the Erasmus program, our programs are carefully designed to provide a balanced blend of cross-cultural exchange, academic advancement, and personal growth.

Support for Participants: We offer thorough support services that address students' practical, emotional, and cultural requirements in order to ensure their success throughout their exchange experience.

Feedback and evaluation: To continuously assess and enhance the quality of our programs and services, we actively solicit feedback from students, partners, and stakeholders.

Training and Development: To stay current with best practices and deliver the greatest level of expertise, our team of devoted professionals regularly participates in training and development activities.

	Our values: We are imaginative and enterprising and always looking for new methods to improve the Erasmus cultural experience. Respect for Culture: We value people from all different cultural backgrounds, fostering an environment where everyone's background matters. Quality First: We uphold the highest standards to make sure each participant has a fulfilling exchange experience. Continuous Improvement: We value innovation and improvement, and we always work to increase the effect of our programs. Social Concerns: By addressing social issues, we enable pupils to develop into conscientious world citizens. As TUDOKIS, we place a high value on the creation and growth of human potential, assuring the realization of TUDOKIS's philosophy of offering services of a specific caliber.
What are the activities and experience of the organisation in the areas relevant for this application?	Despite the fact that we are a relatively new association, our members are highly qualified personal and professional trainers. The founding members' impressive backgrounds and experiences stand out in particular. You can find the projects and activities that our founding members have so far been associated with on the national and international levels here. The organisation has extensive experience in implementing activities in the areas of sustainability, digitalization, culture, sport, and migration. Our cultural initiatives include intercultural evenings, language exchange programs, and inclusive community events that foster dialogue, diversity, and mutual understanding. These activities enable participants to explore different cultural backgrounds, build international friendships, and strengthen intercultural competence. In the field of sustainability, we conduct eco-friendly workshops, environmental awareness campaigns, and community actions that promote responsible resource management, recycling, and climate-conscious behaviour. These initiatives aim to encourage participants to adopt sustainable lifestyles and contribute positively to the environment. Regarding digitalization, the organisation provides digital skills workshops, media literacy trainings, and sessions on the safe and productive use of technology. These activities support participants in adapting to the rapidly evolving digital landscape and enhance their ability to use digital tools for communication, learning, and project development. Sport is also a key component of our work. Through recreational activities, team-based games, and inclusive sports events, we promote physical well-being, teamwork, and social cohesion. Sport serves as an effective tool to strengthen cooperation and bring people from diverse backgrounds together. The organisation is additionally involved in migration-related activities, offering workshops, awareness sessions, and community initiatives focused on integration, human rights, and the experiences of migrants. These programs aim to reduce stereotypes, promote empathy, and support inclusive and welcoming communities. By combining sustainability, digitalization, cultural engagement, sports-based learning, and migration-related work, the organisation delivers holistic, meaningful, and impactful experiences that contribute to social inclusion, personal development, and active citizenship.

What are the skills and expertise of key staff/persons involved in this application?
