We received the following samples for analysis today. The ordered analyses and their targeted completion dates are listed below. All analyses are started immediately without the need for response from your side. However, please inform us as soon as possible if we have made a mistake in the registration. All test reports are sent electronically immediately after completion.

Sample No. 612707	Raw Honey, Wildflower
Product	Honig/Honey
Kind	Wildflower
Analysis Code	
138	Determination of diastase activity in honey, mod.^
Results will be delivered in test report no. 210-1535942, targeted for 02-Jul-2025.	
Analysis Code	
152	Analysis of honey; Determination of HMF, HPLC, mod.^
Results will be delivered in test report no. 210-1535943, targeted for 02-Jul-2025.	
Analysis Code	
170	Analysis of honey: Determination of saccharides Fructose, Glucose, Sucrose, Turanose, Maltose, HPLC, mod.^
Results will be delivered in test report no. 210-1535944, targeted for 02-Jul-2025.	
Analysis Code	
40262	Authenticity, Isotope analysis, 13C-EA-IRMS (AOAC 998.12, mod.^) + 13C-LC-IRMS (C4/C3-sugar)***, Honey
Results will be delivered in test report no. 210-1535945, targeted for 02-Jul-2025.	
Analysis Code	
40500	NMR - Honey-Profiling™, BRUKER evaluation + QSI interpretation, Authenticity and Quality
Results will be delivered in test report no. 210-1535946, targeted for 02-Jul-2025.
