THE GAILLARDIA

Newsletter of the Oklahoma Native Plant Society

Purpose of the Society: To encourage the study, protection, propagation, and appreciation of the native plants of Oklahoma

SECOND MEETING: OKLAHOMA NATIVE PLANT SOCIETY

Thursday, November 20, at 7:30 p.m.: Oliphant Hall Amphitheater I, University of Tulsa (See map below). We hope you will attend. Program: Slides by Dr. Paul Buck, Professor of Botany, University of Tulsa.

This is another informal get-acquainted meeting. We will discuss the proposed bylaws, committees, and future plans. You are invited to bring specimens of seed pods, fruits, and berries to show or have identified.

More than 60 people attended the first meeting of the Society on October 7, with 21 from cities outside Tulsa. They included nature lovers, photographers, and landscape designers, and representatives of schools, colleges, conservation organizations, nurseries, and government agencies such as parks and highways.

The steering committee has met twice since then and has set up temporary committees: Bylaws, Newsletter, and Program/Field Trips.

FORMAL ORGANIZATIONAL MEETING SCHEDULED

Saturday, January 10, at 2:00 p.m. at Tulsa Junior College North Campus, 3727 East Apache (on North Harvard Avenue), Tulsa.

This important meeting is called to consider and approve the proposed bylaws, accept charter members, elect officers, set dues, and transact any other business deemed necessary at that time. There will also be a program. This will be the meeting at which time we shall become officially organized, and it is important for you to attend.

If you would like to have a copy of the proposed bylaws before the meeting, please send a stamped, self-addressed envelope to the return address on this newsletter.

IN MEMORIAM: ANNE LONG (1921-1986)

Anne W. (Mrs. Walter) Long, acting secretary for the Society, died on November

I of a heart ailment. She was a vital part of this organization and played a major role in many nature and conservation projects. She received a master's degree in botany from the University of Tulsa and taught there for several years. She was an authority on wildflowers of northeast Oklahoma. She was one of the original members of the Operation Wildflower Committee whose work is now carried on by the National Council of State Garden Clubs and highway departments across the U. S. She helped plan the first Wildflower Workshop in Oklahoma, held at the Tulsa Garden Center. Later, she served as Conservation chairman for the Tulsa Garden Center and became its president, at which time she organized the Docent Program there. She also started the anti-litter campaign, "Operation Clean Sweep," which grew to be Pride-in-Tulsa, Inc. She served on commitees for many other conservation organizations, was a photographer, speaker, advisor, and advocate. Her knowledge and support will be missed.

The Oklahoma Native Plant Society has started the Anne W. Long Memorial Fund. Donations made be made to the Society in care of the treasurer, Rose West, 10101 South Garnett, Broken Arrow, OK 74011.
