Delivering Excellence, One Smile at a Time

Designed for Comfort, Built for Durability

Product Overview

Empower your practice with a Nightguard that combines the flexibility of a soft layer with the durability of a hard outer shell, offering your patients unmatched protection and comfort. Engineered for mild to severe Bruxism, this dual-layer Nightguard delivers exceptional results, reducing the risk of enamel damage, TMJ disorders, and associated discomfort.

Key Features

1. Dual-Layer Construction

- **Soft Inner Layer:** Provides cushioning for optimal comfort, improving patient compliance.
- **Hard Outer Layer:** Delivers robust protection against grinding and clenching, ensuring long-lasting performance.

2. Custom-Fit Precision

- Crafted from professional impressions, these Nightguards ensure a secure and precise fit, enhancing effectiveness and wearability.

3. Slim, Lightweight Design

- Offers a less intrusive option for patients, increasing acceptance and satisfaction compared to bulkier alternatives.

4. Premium, Safe Materials

- Made from BPA-free, hypoallergenic, medical-grade materials for patient safety and ease of maintenance.

5. Versatility in Treatment

- Suitable for a broad range of Bruxism severity and adaptable for patients who grind, clench, or exhibit TMJ symptoms.

Benefits You'll Love

- **Patient Comfort:** Enhanced compliance due to the soft, cushioned inner layer.
- **Effective Protection:** Prevents wear on natural dentition and restorations, safeguarding your patients' long-term oral health.
- **Durability You Can Trust:** Designed to withstand nightly use, reducing the need for frequent replacements.
- **Reduced Chair Time:** Precise fit minimizes adjustments, streamlining delivery appointments.
