

# AI Creativity Toolkit

**Jumpstart Your Ideas with AI**

This toolkit is designed to help creators, entrepreneurs and professionals use AI as a collaborative partner, not a replacement. Think of AI as a powerful intern who never sleeps and helps you turn ideas into action faster than ever before.

The first thing is, don't be intimidated. If you use AI you are not going to mess up and hit a wrong key and start the fall of the economy. Don't let it intimidate you. It is easy to use and can be very helpful if you have just a little bit of training to help give you that push to get going. Once you start you will realize what all of the hype is about and will want to continue to learn more because you will begin to see the benefits of AI. Let's get started.

## Quick Start Guide to AI Tools

Using the AI Toolkit is a smart way to quickly understand how artificial intelligence can work for you, not against you. It simplifies complex tools, saving you time and helping you stay ahead in a world where AI is becoming essential for productivity, creativity, and business growth.

# Ten AI Prompt Templates for Creators

**1. What nobody tells you about [topic] – and why it matters more than you think.**

Example: What nobody tells you about growing a YouTube channel as a beginner

**2. I tried [trend, tool, or technique] for [#] days and the results surprised me.**

Example: I tried waking up at 4:30 a.m. for 30 days – here's what happened

**3. If I had to start [your niche] from scratch today, here's exactly what I'd do.**

Example: If I had to start my online business from scratch today

**4. The biggest mistake I made with [project/platform/strategy] (and what you can learn from it).**

Example: The biggest mistake I made with my first podcast launch

**5. The 5 tools that completely changed how I [do your thing].**

**Example:** 5 AI tools that changed how I create content as a solo creator

**6. What [person/book/event] taught me about [big idea].**

Example: What Steve Jobs taught me about focus and simplicity

**7. The ultimate beginner's guide to [topic or skill].**

Example: The ultimate beginner's guide to personal branding on LinkedIn

**8. If I could go back to [year/starting point], here's what I'd do differently.**

**Example:** If I could go back to my first year of freelancing

**9. How I built [thing] with zero [resource like money, followers, experience].**

Example: How I built a profitable email list with zero paid ads

**10. The exact strategy I used to [achieve goal or result] (and how you can do it too).**

Example: The exact strategy I used to grow from 0 to 10K followers in 3 months

# AI + You: Idea Mapping Worksheet
