Physical Meeting Available At Allahabad, Noida, Ghaziabad, Gujarat

# Introduction

The NEP 2020 has restructured the curriculum understanding the specialized need of our country in the education sector. It emphasizes on constructivist rather than rote learning. NEP 2020 implies ways to improve the teaching-learning procedures. At this point, KKEP Curriculum makes your school academics 100% ready for NEP.

# Challenges you face

With the change of the time most preschools (Specifically own preschools) have to face some frequent issues in context of:

- ❖ Investment VS Profit Ratio
- ❖ How to increase enrollments
- ❖ Finalization of correct & suitable curriculum for implementation
- ❖ Creating USP in high competition
- ❖ Lack of effective teacher training
- ❖ Constant curriculum upgradation
- ❖ Inadequate franchisor support

# Solutions we provide

## Branding and Communication

Our well structured curriculum supports to create your identity in the pre-school segment. Our methodology support you impart quality education, this in succession will help you to improve your admission.

## School Regular Administration

Defined & precised manuals for successful & smooth administration.

## Thematic curriculum

KKEP thematic curriculum is well organised in thematic text book & workbook for all pre-primary stages.

## Thematic Planners/ Manuals

Well structured thematic planners to streamline day to day academic implementation.

## Smart & Upgraded Curriculum

KKEP curriculum is researched & framed to keep individual learning needs of a child, which covers all the primary areas of child development.

## Child Assessment

Periodic assessment booklet covering all the areas of child development.

## Technical Support

Theme based digital academic support.

## Effective Teacher Training

Training based on early stage learning program.
