

DJ'S BIO

Toronto-based DJ Dikro has a story as compelling as his music. Deaf in one ear since 2008 due to a brain tumour, he channels resilience and creativity into his craft. Starting his DJ journey at 15, life's challenges paused his passion for 20 years. Now, he's back, using music as therapy to tell deeply personal stories through sound.

DJ DIKRO crafts Cinematic Techno, blending Melodic House, Techno & Trance into theatrical, genre-weaving soundscapes.

DJ DIKRO | 1Ear DJ

Short Professional Highlights

- Hosted a radio show for two years.
- Performed in clubs across Eastern Europe, honing his craft and connecting with global audiences.
- Innovated technically with mono mixing techniques, using memory, math, and precision to craft immersive and dynamic soundscapes despite hearing loss.

DJ Dikro, with double-digit mixes and weekly releases, blends beats with emotion, offering immersive, unforgettable journeys.

D DIKRO

DJ Dikro, through his Future Echoes series, explores Melodic House & Techno, while his standout mix, [JFC 3: 24 Hours in Amsterdam](#), captures the pulse of a city that never sleeps—blending classic anthems, driving tech-trance, and cinematic transitions into 24 unforgettable hours.
