01. WHO ARE WE ?

WELLNESS SARL is a 100% Congolese owned company, member of the FEC (Fédération des Entreprises du Congo). Working in various sectors, it offers labor, general supply, engineering, maintenance and agropastoral services.

With its large workshops offering fitting, maintenance, industrial boiler-making and modern aluminum services, and its qualified, professional staff.

WELLNESS SARL is able to supply all its requests and services in record time.

02. OUR EXPERTISE

- The company is backed by a team of experienced professionals who, over many years, have acquired skills and know-how in their fields, and work with safety as their top priority.
- Professionals at your service to help you finalize your project.
- Our products are regularly inspected and manufactured to modern, international standards.

WHAT INSPIRES US

"We believe we must take collective responsibility for our future if societies are to progress. For us, this means creating innovative solutions to the challenges the future will present. It inspires us to be curious, to act locally and think globally."

OUR EXPERTISE

Because a company's needs are never the same, **WELLNESS SARL** adapts its production, service and delivery methods to the requirements of each customer.

WELLNESS SARL is capable of taking charge of an entire project: consulting, subcontracting management, assembly and testing, final acceptance with its customers.

OUR COMMITMENTS

- WELLNESS SARL is committed to compliance with legal, administrative, and regulatory requirements, as well as to continuous improvement in quality, health, safety and the environment.
- All staff are trained and made aware of the issues and contribute to the improvement of our organization.

THE KEYS TO OUR SUCCESS

- Traceability
- Local promotion
- Ability to mobilize
- Sustainability
- Knowledge
- Vertically integrated food chain
- Experience in DRC

03. OUR GOALS

MAIN GOAL

Work to build a 100% Congolese company to international standards, reducing import costs and promoting made-in-Congo products.

- **Quality**
The quality of the work and installation, the reliability of the staff, the cleaning and finish of the work.
WELLNESS SARL focuses on customer satisfaction. We make every effort to carry out surveys after each service to obtain constructive feedback and improve the system.
- **Safety**
Reduce the number of accidents, Respect health, safety and environmental regulations. Use compliant equipment.
- **Employment**
Create jobs and encourage entrepreneurship among young people, to reduce the number of job applications and encourage non-university technicians to become entrepreneurs.

04. OUR SERVICES

WELLNESS SARL offers a range of services aimed at satisfying its customers.

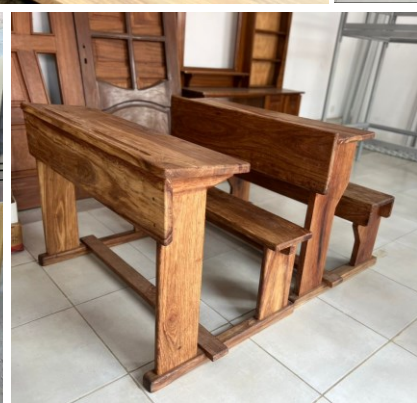

04.1. WELDING AND BOILERS MAKING

Thanks to its design office and state-of-the-art production facilities, Wellness SARL can design, manufacture, and assemble all types of metal structures for industrial requirements.

04.2. WOODWORKING

Our large joinery workshops are equipped with modern machinery and tools capable of producing and executing any woodworking order.

04.3. BRICKWORKS

With a production capacity of over 5,000 bricks a day, Wellness SARL is a major ally in the supply of cement blocks (10x20x40, 15x20x40, 20x20x40), kerbs and pavers of all types.

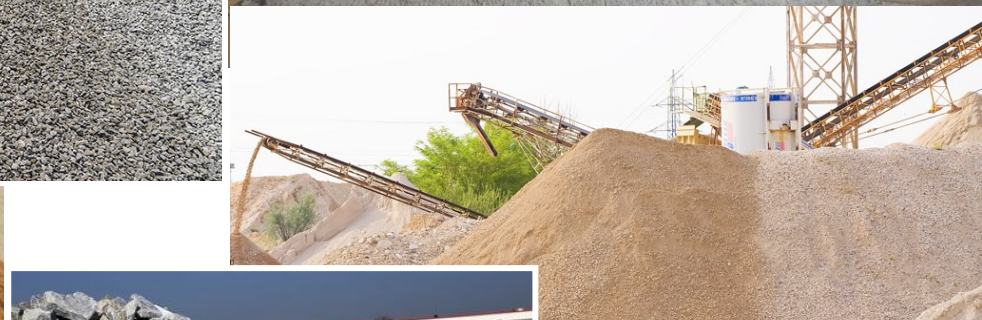

04.4. ALUMINUM AND GLASS

Doors, windows, display cabinets, office and bathroom partitions are no longer a problem. Thanks to our machines, we are able to carry out precision, well-finished work.

04.5. AGREGATES

We supply all types of sand, gravel and rubble in various grain sizes.

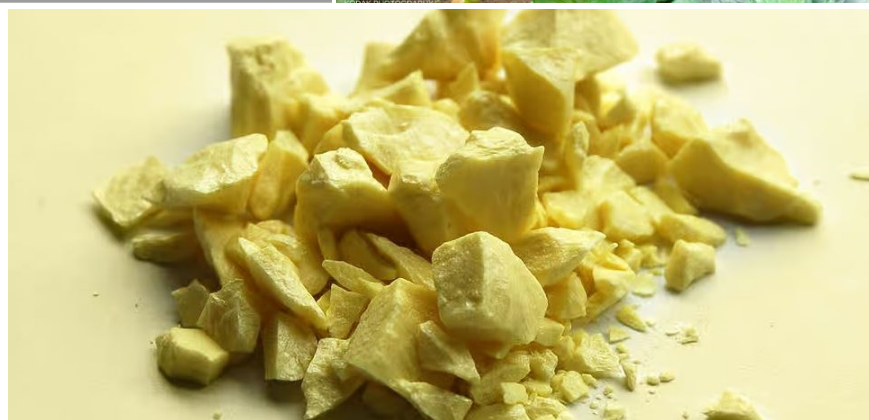

04.6. GENERAL SUPPLY

We provide a diverse range of products to meet customer needs.

We work under a system of good collaboration, integrity and strive to be a leader in overall supply.

We respond to any sourcing request in many fields to cover all customer needs at an affordable and competitive price.

- Steel, wood, aluminum, plastic, concrete, equipment, etc.
- Building materials
- Fuel, acid, sulfur, lime, paints, gas, oil, gasoline, and water.
- Personal safety equipment (PPE)

04.7. CIVIL ENGINEERING

We have been active in civil engineering, construction and public works in the Democratic Republic of Congo for several decades.

Our knowledge of the terroir, the expertise of our teams and the quality of our materials are all assets that set us apart from our competitors. We don't cut corners on quality, even if it comes at a cost.

But we do offer the best value for money.

04.8. FOOD INDUSTRY

We also develop and manage all types of agricultural projects for individuals and companies, and supply farming equipment, veterinary medicines, animal feed, seeds, trees, fertilizers and much more about agriculture.

Our farms produce high-quality organic meat (livestock) and vegetables for local consumers in Lualaba province. Our animals are raised in natural conditions and feed on organic vegetation and feed.

We're proud of our unique breed, with its exceptional, tender and pleasant livestock. By producing our own feed, we guarantee quality and origin.

Our farm focuses on four major activities:

- Piggery
- Free-range chicken and duck farming
- Fish farming
- Rabbit breeding

04.9. THE VEGETABLE GARDEN AND LANDSCRAPING

In the vegetable garden, 16 varieties of vegetables and 3 varieties of banana are grown. Greenhouses are available to produce vegetables that are difficult to grow during the rainy season.

All vegetable production is used for the mining camps hosted by Wellness Lodge & Restauration, Restaurants and Super market..

A high-tech irrigation system constantly irrigates the garden, enabling us to produce and deliver vegetables in all seasons using organic fertilizers.

We produce and supply large quantities of ornamental and forest fruit trees and offer unrivalled after-sales service to the complete satisfaction of our customers.

Wellness SARL supplies landscaping and irrigation equipment and services for your premises (camps, homes, hotels, farms).
