New project on the care of pupils with Specific Educational Support Needs for parents' associations and carers in the educational community is being developed in the frame of the Erasmus+ Programme of the European Commission.

3rd Press Release, 25.09.2025

On June 27th and September 20th and 21st, 2025, we celebrated very special days: the Dissemination and Closing Events of the Happy Diversity Project in Spain and Germany.

They took place in public venues and brought together:

Families directly benefiting from the project

Other families from the municipality

Representatives from allied associations and public figures

The closing events were filled with artistic and recreational activities, creating warm spaces to celebrate diversity, share experiences, and reflect on what we have built together.

They were not only the end of a project, but also a celebration of the bonds, learnings, and community we created along the way.
