Donations for Connecting Blessings flow through the administration of Equipt, Inc., a 501(c)(3) nonprofit, which exists to resource the local church as more expressions of the body of Christ are planted and sent out from many gospel representations around the country through church planting and international missions. No goods or services will be provided in exchange for any contribution other than intangible religious benefits. Although Equipt, Inc., honors the contribution designation of the donor, contributions become the property of the charity, and the charity has the discretion to determine how to best use contributions to carry out its functions and purposes. Such control of contributions by the charity is required by the IRS to ensure that they will be used to carry out its exempt functions and purposes and to ensure donors' contributions satisfy requirements for tax-deductibility.
