Filtering the path to pure water

ABOUT THE COMPANY

Hydrotech Solution Limited is a Tanzanian-registered company established in 2020 under the laws of the United Republic of Tanzania. We specialize in the supply, installation, maintenance of water treatment systems for residential, commercial, and industrial use.

Driven by a commitment to quality and sustainability, we aim to provide safe and reliable water across the country. Hydrotech combines modern technology with expert service to support a safe water in Tanzania.

Since inception, the company has focused on providing comprehensive water treatment solutions tailored to local needs, including Reverse Osmosis (RO) systems, UV sterilization, filtration systems, water softeners and more.

OUR VISION, MISSION

Our Vision is to be the leading provider of sustainable water treatment

Our Mission is to deliver high-quality water purification systems and services that improve lives, protect health, and preserve the environment.

CORE VALUES

- i. Integrity and transparency
- ii. Excellence and innovation
- iii. Environmental responsibility
- iv. Client-centric service
- v. Teamwork and professionalism

SERVICES **OVERVIEW**

1. Supply and installation of water treatment systems
2. Reverse Osmosis system design and maintenance
3. Water filtration units (domestic and commercial)
4. UV sterilization and softeners
5. Water accessories and fittings
6. Industrial filling and packaging machines
7. Consulting on water testing and solution design

2. REVERSE OSMOSIS & SOFTENING SYSTEMS

Our RO systems are engineered for efficiency and durability:

- *High recovery rates
- *Low energy consumption
- *Custom sizes for household to factory use

We also supply water softeners to prevent scale buildup in plumbing systems, improving the lifespan of appliances and machinery.

3. WATER ACCESSORIES & FILLING MACHINES

- Water tanks & FRP Tanks
- Pumps and controllers
- Water cartridge filters
- Bottle filling and capping machines
- Labeling and packaging equipment

We work with clients to set up complete water bottling plants.

4. TECHNOLOGY & EQUIPMENT

Our systems incorporate the latest technologies in:

- i. IoT Monitoring
- ii. (optional add-ons for system diagnostics)
- iii. Energy-efficient pumps and motors
- iv. Durable stainless steel housing
- v. Digital control panels with automation support.

We also supply water softeners to prevent scale buildup in plumbing systems, improving the lifespan of appliances and machinery

5. SUSTAINABILITY PRACTICES

Hydrotech is committed to environmental sustainability:

- i. Waste reduction through efficient
- ii. membrane filtration
- iii. Solar-powered system options
- iv. Minimal chemical usage
- v. System designs that reduce water wastage
- vi. Advocacy for water reuse and conservation

OUR CLIENTS

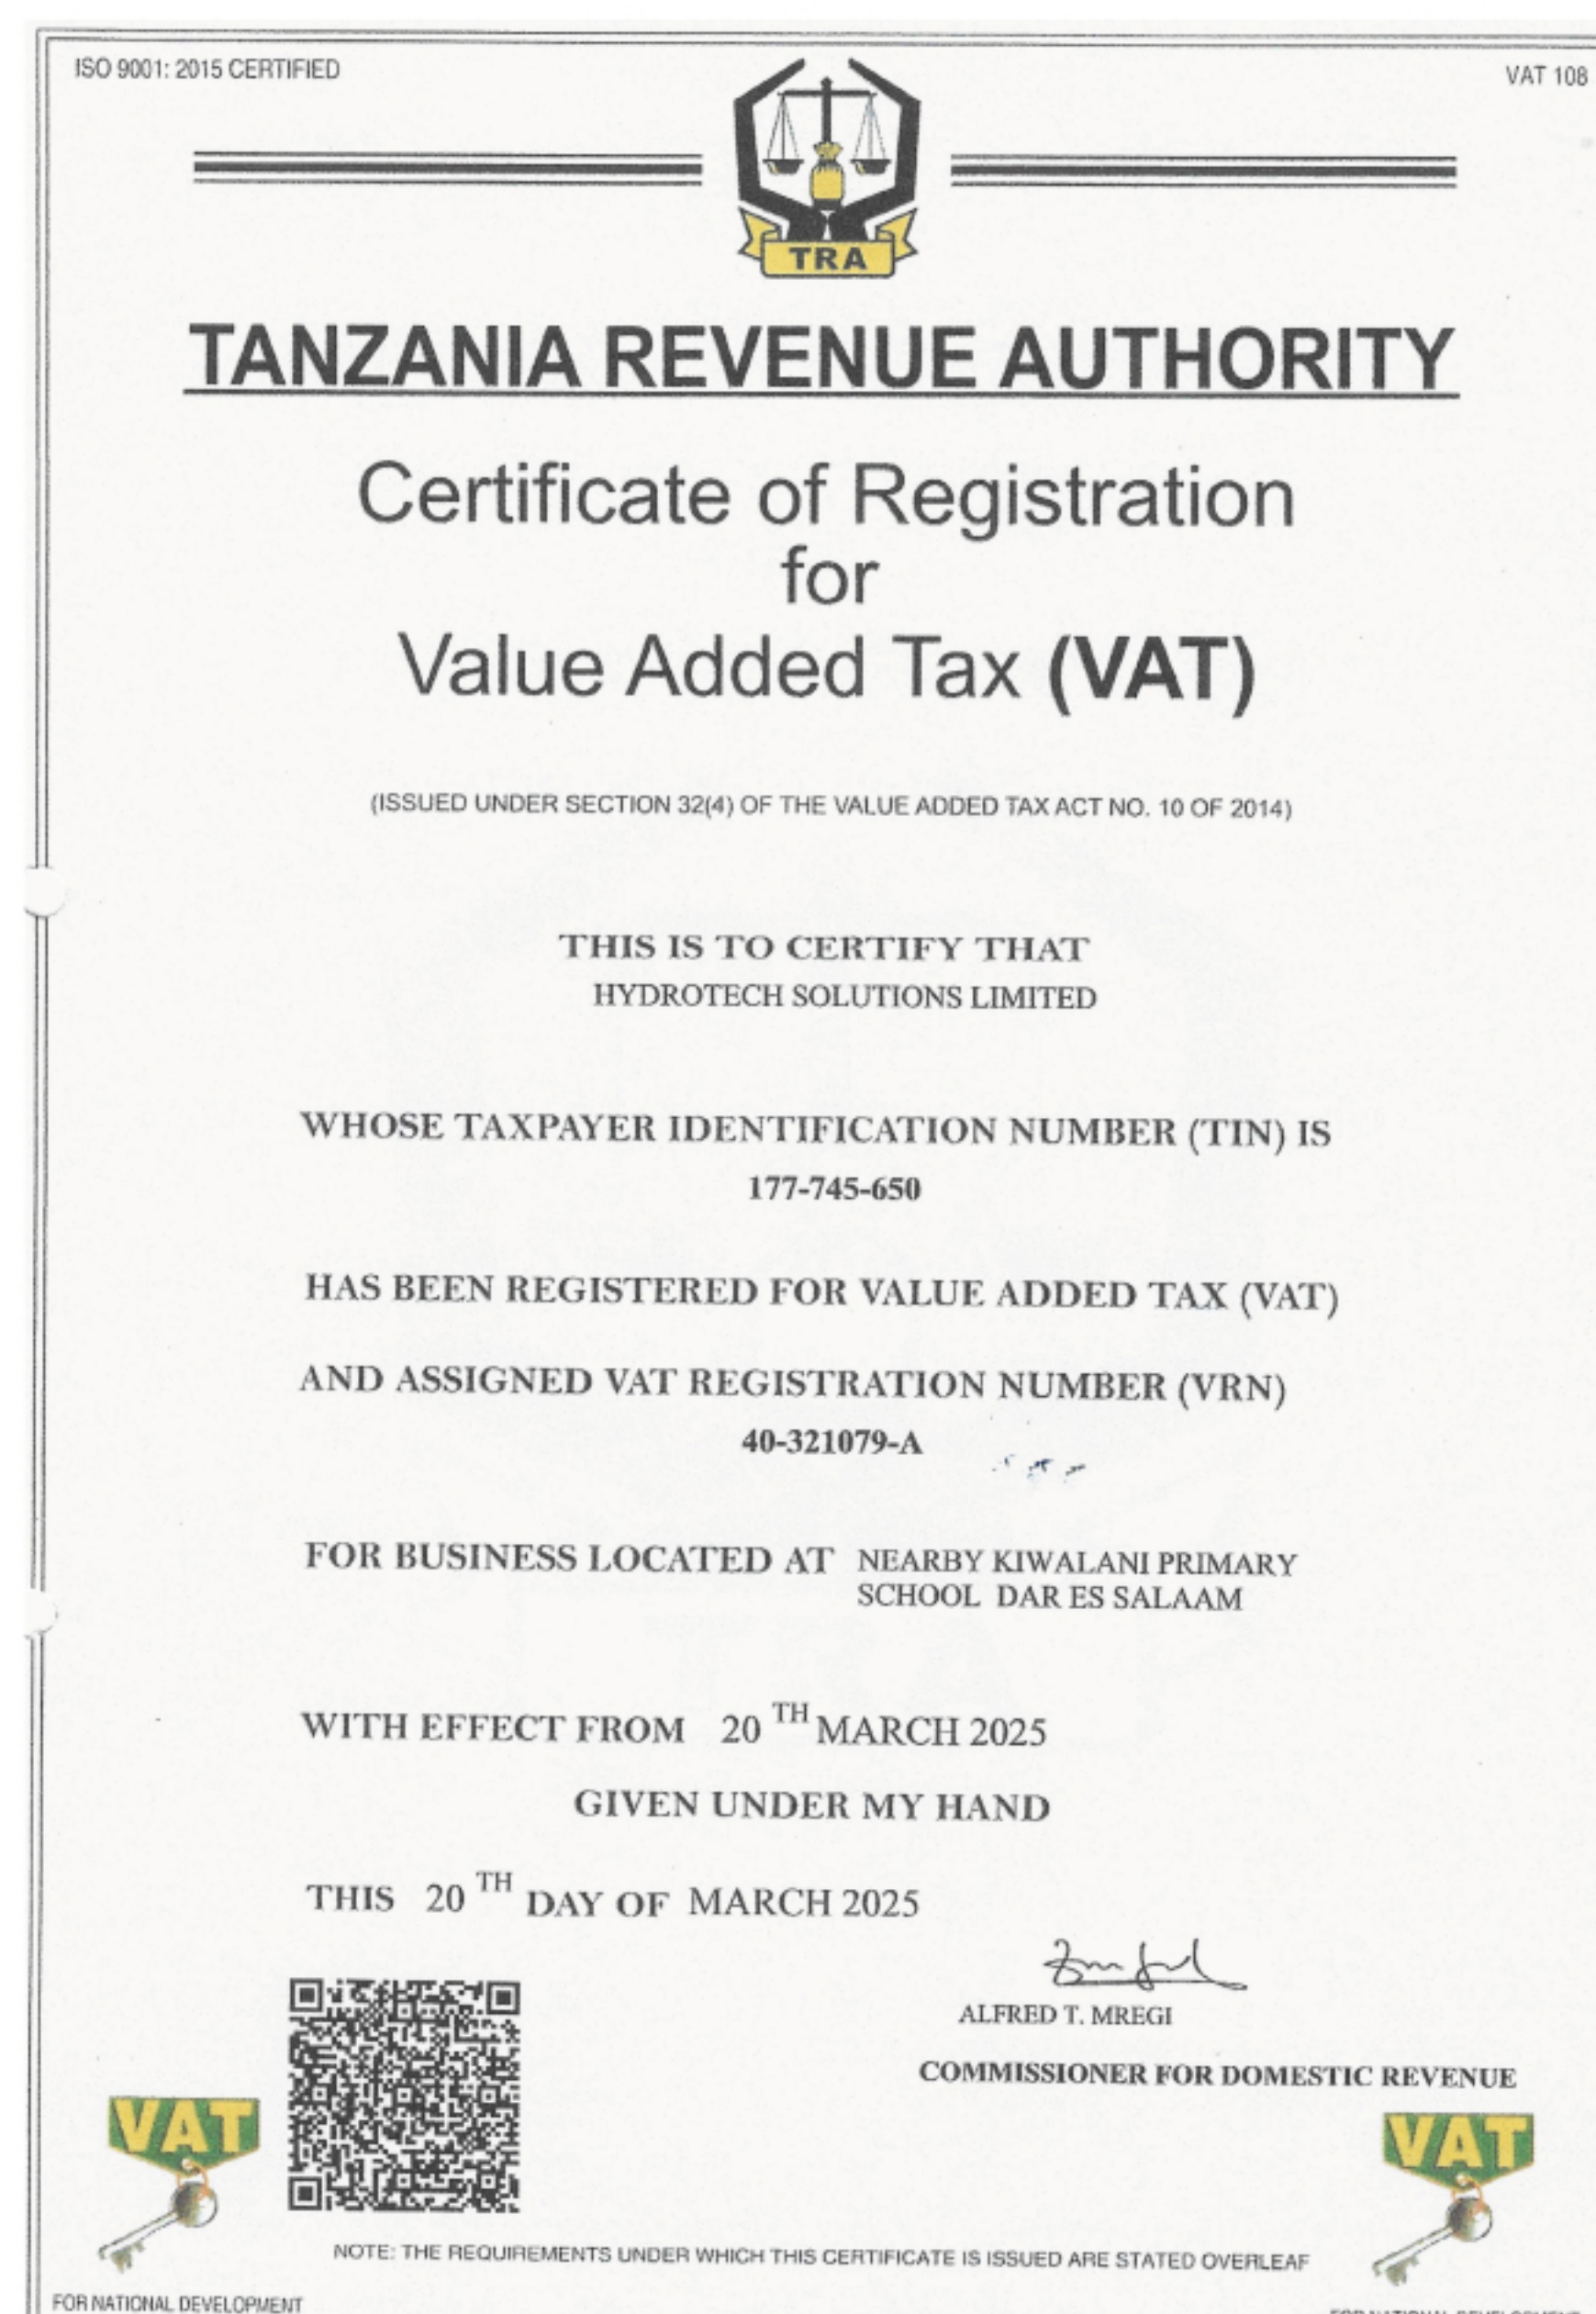

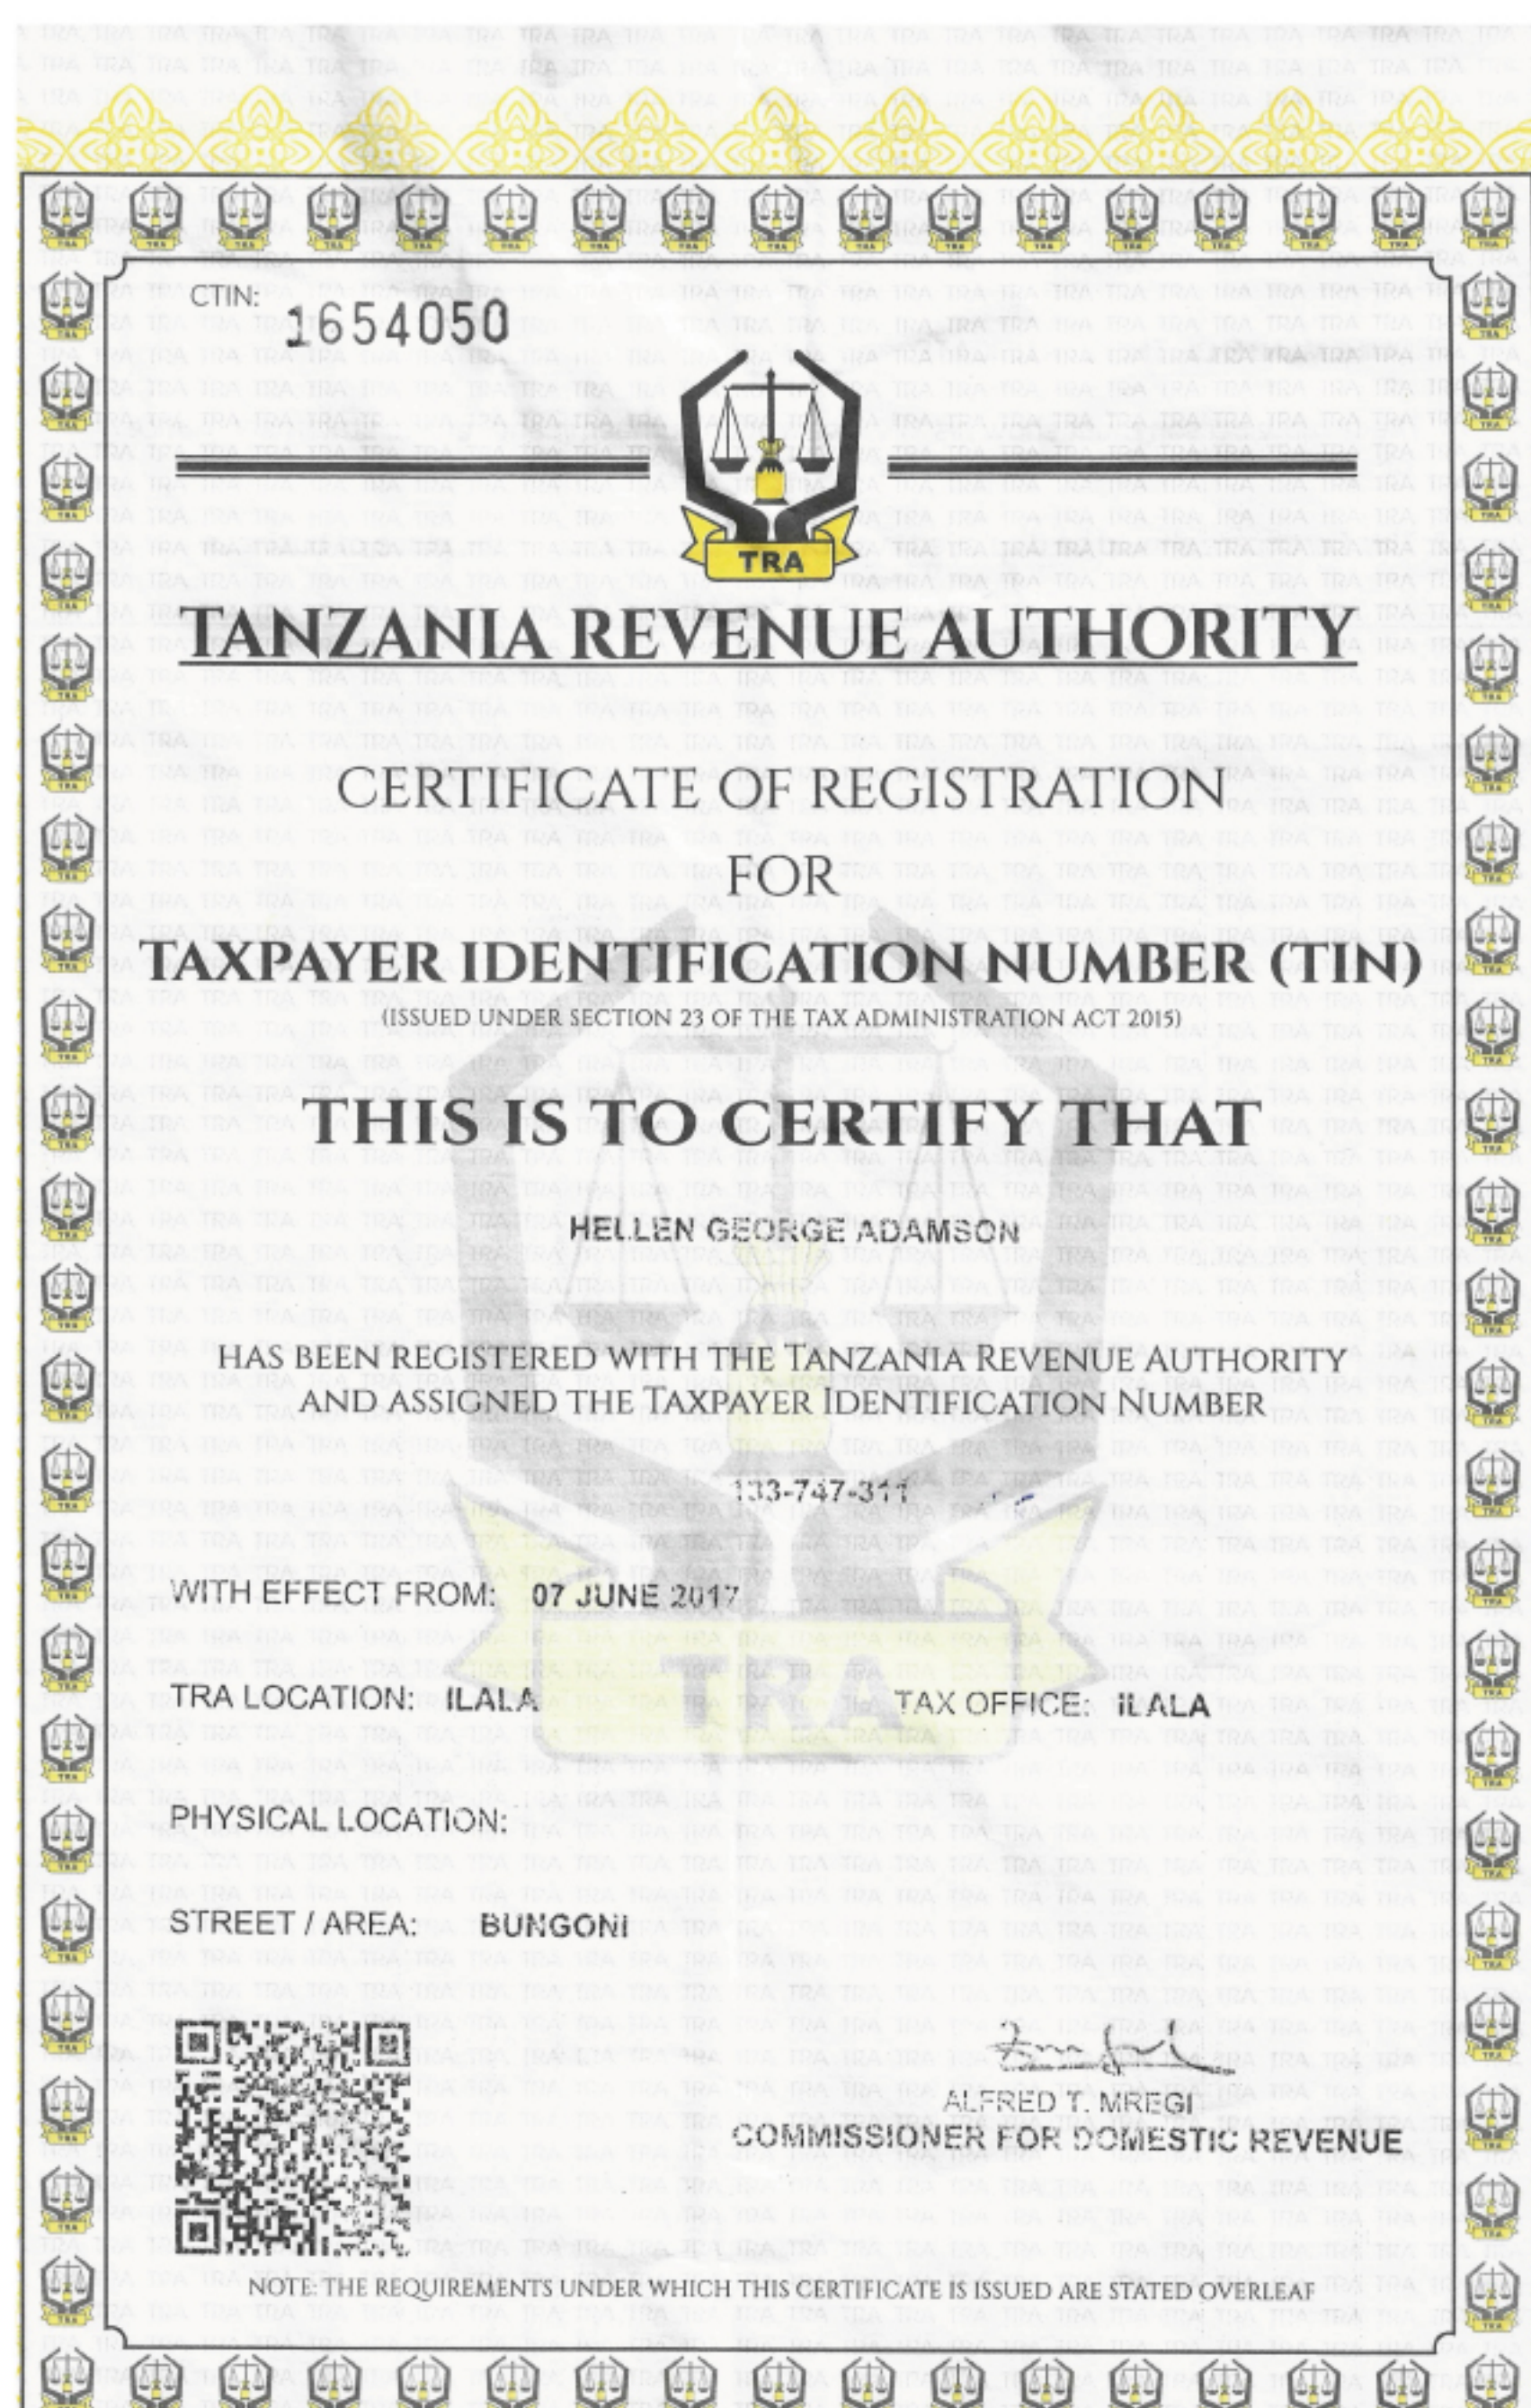

At Hydrotech Solutions Limited, we take pride in serving a diverse range of clients across Tanzania and beyond. Our customer base includes households, small businesses, industries, institutions, and government organizations that trust us to deliver reliable water treatment solutions tailored to their needs. From providing clean drinking water systems to comprehensive industrial purification and filtration setups, we work hand in hand with our clients to ensure efficiency, safety, and sustainability. The loyalty of our clients is a true reflection of our commitment to quality, innovation, and excellent customer service.

OUR CERTIFICATION

At Hydrotech Solutions Limited, quality and compliance are at the heart of everything we do. We are proud to be recognized and certified by relevant industry authorities in Tanzania, ensuring that our products and services meet the highest standards of safety, reliability, and performance.

Our certifications demonstrate our commitment to delivering water treatment solutions that align with national and international regulations. This not only assures our clients of consistent quality but also reflects our dedication to sustainable practices and continuous improvement. With every project we undertake, our certified processes guarantee trust, excellence, and long-lasting value.
