## Case details

---

**Country where the incident allegedly occurred/is occurring/might occur:** Italy **District:** Basilicata / Potenza

**Please provide a short chronological summary of the incident: what happened; when (date/time); who was involved?**

My name is Giuseppe Buonconsiglio and I'm respectfully submitting this communication to bring to your attention what I believe to be serious and ongoing violations of my fundamental human rights by the Italian government. This statement is submitted in support of my formal request for intervention and review under the relevant provisions of European and international human rights law:

• **Initial Incident (29 September 2020)**

On 29 September 2020, I was residing in Turin, Italy, when I received an urgent telephone call to return home immediately to assist and support my family. This event marked the beginning of the serious difficulties I and my relatives have since endured.

• **Legal Proceedings and Retaliation**

Following my efforts to resolve a complex legal dispute involving certain Italian governmental authorities—arising from events connected to my father and family—subjected to a campaign of retaliation. In response to my legitimate complaints, my privacy and personal well-being were systematically violated. On 8 April 2024, I suffered a heart attack in my rented apartment and required emergency medical treatment.

• **Obstructions to Justice and Continuing Harassment**

Despite numerous health-related examinations, police reports, and legal filings, I have encountered persistent obstacles. The authorities have repeatedly disregarded both the law and the Constitution, continuing covert activities aimed at undermining my life and health.

• **Professional and Personal Harassment**

As part of this campaign:

- My electronic devices, email accounts, and telephone communications have been monitored to impede my job searches and requests for medical assistance.
- Attempts to change my name and surname, or to relocate within the EU and elsewhere (e.g., Andorra), have been foiled.
- I have been denied the opportunity to obtain new employment in Italy.
- Loss of Fundamental Rights

Since the onset of these events, I have effectively lost:

- **Privacy:** My every action—in private and in public—is monitored.
- **Freedom of Movement and Association:** I cannot form friendships or pursue personal relationships without interference.
- **Economic Opportunity:** I am unable to open a business or secure gainful employment.
- **Personal Safety:** I have suffered identity theft, SIM-card and smartphone theft, and repeated cyber-attacks.

**Health and Well-being:**

My physical and mental health have deteriorated; any further relapse is likely to be dismissed as “stress and anxiety,” despite detailed medical records proving otherwise.

For example, during a two-week stay in the Czech Republic, my symptoms were initially downplayed; only twelve months later was a mild heart condition formally diagnosed, indicating an attempt to conceal the extent of my injuries at the time of treatment.

• **Current Deficiencies in Italy**

I can no longer enjoy the basic rights and protections to which every citizen is entitled:

- **Personal Security** (from both governmental and criminal actors).
- **Access to Healthcare**
- **Equal Opportunity to Work**
- **Freedom from Unwarranted Surveillance**
- **Right to Family Life**
- **Protection of Property** (including my place of birth)
- **Provision of Basic Necessities** (food, water, etc.)
- **Respect for Human Rights**

**Are there witnesses to the incident?** Don't know

**Is there evidence or substantiating information concerning the incident?** Don't know

**Does the alleged victim believe she/he was targeted due to her/his** Belonging to a specific group, Engagement in human rights, trade union, political, religious activities or other types of activities, National origin, No known reason, Other status, affiliation or background, Political or other opinion or beliefs, Social origin

Yes. I do. I believe to have been targeted by corrupted Italian police, mafia and specified departments.

**Has the incident been reported to the relevant authorities?** Yes

**Please include details of any complaints filed or any other action taken by the alleged victim(s) or anyone else on their behalf?**

I complained everything to the regional and national Courts, Police stations and specified anti crimes departments without ever obtaining any response from them. Absolute silence and complicity of all the Italian government offices and departments.

**Has the Government taken action to prevent or investigate the incident, punish the perpetrators, or ensure compensation to the alleged victim(s)?** No

**Is this case under consideration by any other international or regional body?** Don't know

**freedom of opinion and expression**

**Please indicate any views, affiliations, past or present participation in political, social, ethnic or labour group/activity.**

I never have been part of any group or affiliation. The only blame I received has been that to be suspected, as member of the family, to be involved in some activities whose actions and proofs never touched me. I am clearly free criminal convicted.

**If the incident involves restrictions on a medium (e.g. censorship, closure of a news organ, banning of a book, etc.); please indicate**

**the identity of the authority involved (individual and/or ministry and/or department), the legal statute invoked, and steps taken to seek domestic remedy.**

Unfortunately, I don't have any idea who they are and how they are able to make it. All my social media platforms, devices, privacy, intimacy, personal life, movements, video surveillance 24/7, manipulation are executed and exploited through the use of Pegasus spyware tool - you all should know what it is.

**If the incident involves arrest of an individual or individuals, the identity of the authority involved (individual and/or ministry and/or department), the legal statute invoked, location of detention if known, information on provision of access to legal counsel and family members, steps taken to seek domestic remedy or clarification of person's situation and status.**

I don't know if there's any arrest under investigation or if there's an unknown familiar member involved in. I clarified before, I am free criminal convicted and persecuted by them without any legal proof and reason using devastating tools such as Pegasus, that usually should be used for serious and dangerous international crimes.

**slavery**

**If relevant to the alleged violation, please specify whether it has been reported to the labour inspectorate and what was the action taken, if any.**

My whole life is under manipulation. Since I open my eyes in a small garage used as a temporary shelter until I close my eyes to sleep. Every single digit I push on this touch screen I am writing from is read and handled in real time by them. Every breath I do is recorded. Every move is tracked using all the people around me wherever I went.

## **Perpetrators**

**Is the identity/occupation of the alleged perpetrator(s) known?** Don't know

**Were the alleged perpetrators State agents or believed to be State agents?** Yes

Considered the incredible quality and execution of the manipulation, I can confirm that only State agents or selected Police men are able to do it.

**If the alleged perpetrators were State agents, were they acting in their official capacity?** Don't know

## **Additional information**

I here attach the link of my public cloud folder on which I uploaded all the further information, attachments and documentation about my case included national police complaints and international identity theft.

I want to specify that my urgency is based on a risk of life due to the life-threatening I'm suffering caused by them and secretly covered for obvious reasons. My health is fastly deteriorating being unable to walk no longer.
