WALLS, FENCES, CARS, and DOGS

All water meters, valves, fire hydrants, and water mains are located on Los Angeles County Right of Way and Easements. They are **NOT** located on our customer's property and as such must be kept free and clear of any obstructions.

In the event of an emergency and/or repairs, water meters, valves, fire hydrants, and water mains **MUST** always be accessible by Water Company personnel.

All fences, walls, cars or any other obstacle on Los Angeles County Rights of Way and Easements are considered an encroachment by the Los Angeles County Department of Public Works and are subject to removal at any time at the customer's sole responsibility. Please be a responsible pet owner and make sure your pet is secured if you call the Water Company for service of your water meter.

Walnut Park Mutual Water Company is not responsible for any damage to gates, fences, walls or any other obstacles preventing access to Company meters, valves, fire hydrants, and water mains.

If the owner wishes to have a gate locked, please check with the Water Company and purchase a padlock so the Water Company has a master key.
