

Customized Lighting & EV Sales

We facilitate and procure lighting and EV charger specifications for and from architects, builders, designers, management groups, electrical contractors, installers and A/V integrators.

- Furnish lighting spec'd fixtures
- Spec lighting and EV bids from architectural plan sets
- Custom LED tape design with standalone and DMX control
- Product specifying and application consulting
- Warranty and product replacement handling
- PSEG Prime Efficiency Partner for lighting rebate coordination
- PSEG EV Make Ready & Fleet Make Ready Program Partner for EV infrastructure and product rebate coordination

As a PSEG Prime Efficiency Partner we help businesses and commercial building owners save up to 70% on upgrading to energy efficient fixtures.
