

# Tell a Story!

## How to Use Nguzo Babies Camping Story Cards

**Let your imagination lead the way!**

### **Cut out the cards**

Carefully cut out all 8 story cards. Each card shows a different moment from a camping adventure, but it's up to you to decide what happens next!

### **Mix and match**

Shuffle the cards and place them in any order you like. There is no single "right" way to arrange them. Every new order creates a brand-new story!

### **Tell your story**

Look closely at each picture and use your imagination to tell what is happening. Who are the characters? What are they feeling? What happened before? What might happen next?

### **Create a new adventure**

Try rearranging the cards and telling a different story. Can you create a funny story? A mystery? An exciting camping adventure? See how many different stories you can invent!

### **Write or draw your ideas**

Children can write their stories down or even draw extra pictures to add new details to the adventure!

### **Take turns storytelling**

With a partner or group, take turns choosing a card and adding the next part of the story. Listen carefully and see where your imaginations take you!

### **Note to grownups:**

These story cards encourage creativity, sequencing, language development, problem-solving, and imaginative thinking. Because there is no single correct answer, children can return to the cards again and again to create new stories every time they play.
