

Three Little Pigs

Teamwork saves the day! The Nguzo Babies must build a sturdy house to protect themselves from a big, huffing wolf.

- Building with bricks took the longest, but it was the strongest. What is something you worked hard on that took a long time?
- When the wolf blew the houses down, the friends ran to protect each other. How can we help a friend who is having a tough day?
- Instead of being mean back, Fairy Ashley gave the hungry wolf some food. How can sharing or kindness help fix a big problem?

Adventure Activity

Use blocks, pillows, or boxes to build a tower together. Work as a team to see how tall and sturdy you can make it!
