

# LUCIE GIRARD

## COMPOSITING ARTIST

### PROFILE

---

Passionate about all kinds of animation since childhood, I went to Canada when I was 18 to pursue my dream of working in this industry. After graduating from Rubika Montreal in 2022, I've worked as a compositing artist in studios such as **Mikros Animation** and **Squeeze Studios**.

I also had a few contracts as a freelance illustrator and graphic designer for various independent projects.

I've attended various classes and workshops to perfect my technical skills and my artistic sensibility (introduction to Unreal Engine, deep compositing training, live drawing sessions, etc.).

I am a curious and dynamic artist, always wanting to learn more! I'm also a musician and a fierce board games enthusiast!

### EDUCATION

---

- **AEC Creation of a 2D/3D feature film at Rubika Montreal** - 2019 - 2022

3 year program for all different fields of 2D/3D animation. (character design, storyboard, animation, editing...)

### EXPERIENCE

---

- **Squeeze Animation** - Jun. - Jul. 2025 & Jan. 2026

- Compositing artist on a hybrid 2D/3D short film and a video game trailer

- **Freelance illustrator & graphist** - Oct. 2023 - present

- Freelance contracts for various projects (book cover illustration, conception of CD digipacks, illustrations, etc.)

- **Mikros Animation** - Nov. 2022 - Oct. 2023

- Compositing artist on the movie "Thelma the Unicorn"
