to me ▾

Hi HowTo JAJC,

Welcome to NetClient CS. You can [sign in using your Thomson Reuters Account](#).

If you don't have one yet, you can [create a Thomson Reuters Account](#). Once you do, you'll be redirected to the NetClient CS sign in page.

Thank you for using NetClient CS.

[Click Here](#)

Step 2: You will be brought to this page where you will decide your password

Last name*

Email*

Your new password must contain:

- ✔ At least 8 characters in length

At least 3 of the following:

- ✔ An uppercase letter (A-Z)
- ✔ A lowercase letter (a-z)
- ✔ A number (0-9)
- ✔ A special character (@#!, etc.)

New password*

Confirm new password*

Preferred language

Step 3: Determine the password you would like to use, ensuring it has all four requirements

Step 4: Then Click continue.

Step 5: You will receive another email with a code to verify your email address

Verify email

We've sent a 5-digit code to your email **HowToJAJC@gmail.com**. Verify your email by entering the code below. Once verified your account will be created.

Verify your 5-digit code [Resend code](#)

Code is valid for 2 hours.

[Create account](#)

Step 6: Type that code on the website, then click “Create account” as seen above.

Sign in to NetStaff CS or NetClient CS

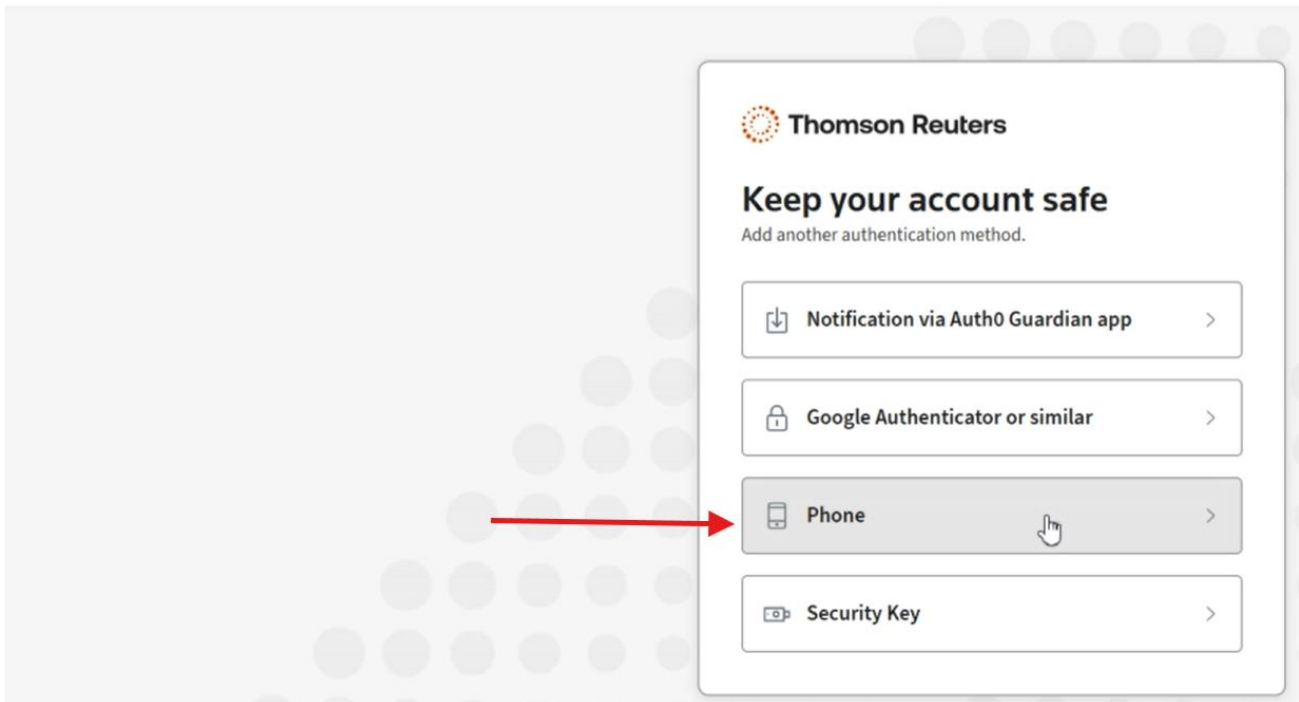

Your email [Edit](#)

Password* [👁](#)

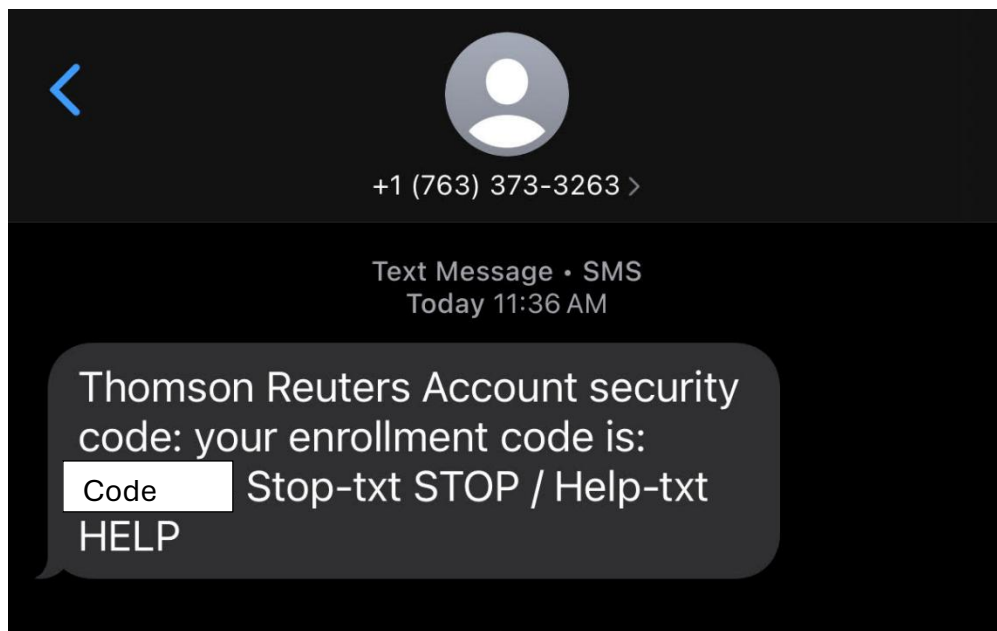

[Reset your password](#)

[Sign in](#)

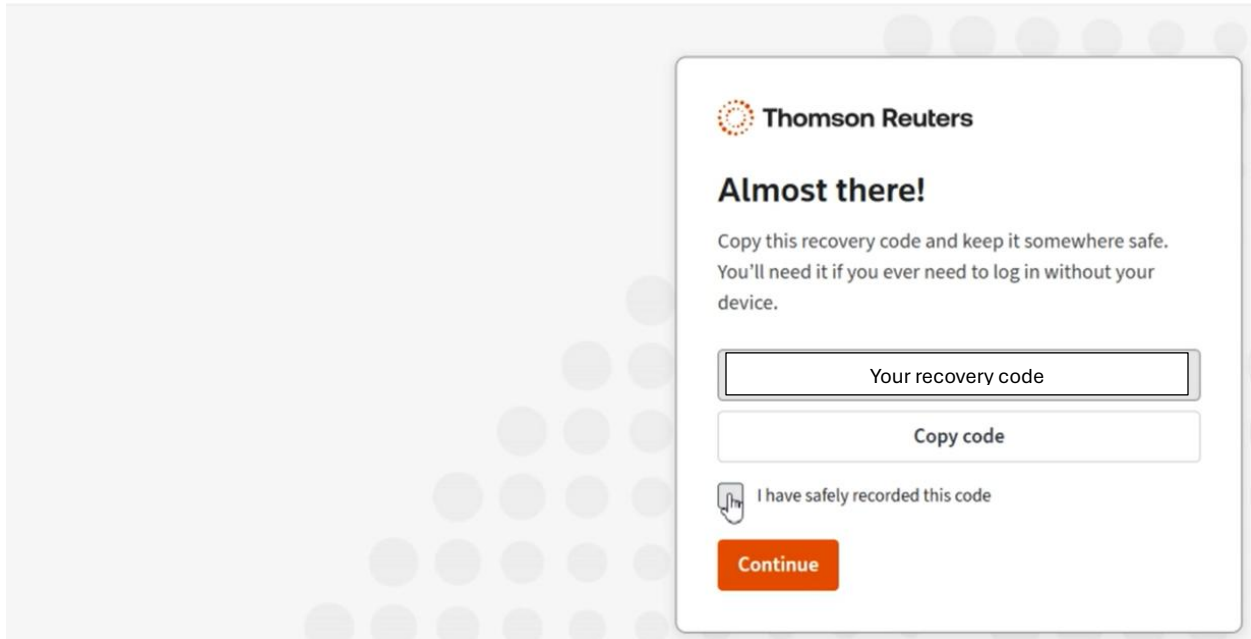

Step 7: You will be redirected to the login page where you will enter your email and the password you just created. (As seen above)

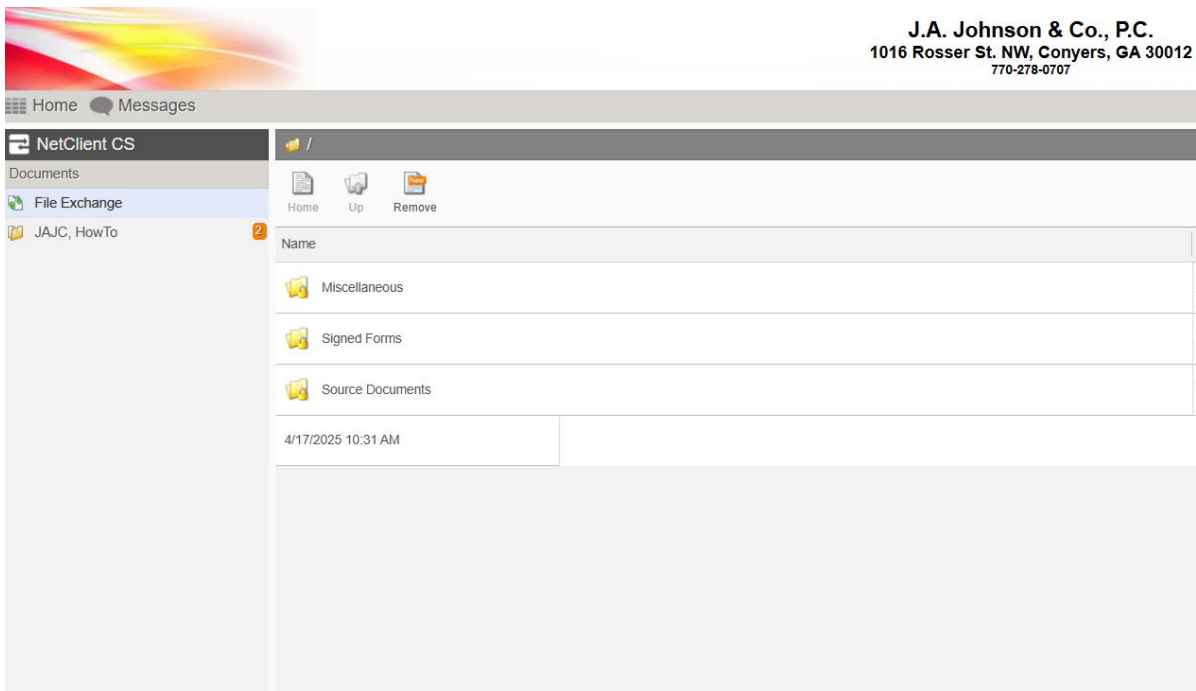

Step 8: Next you will be brought to this page to add another authentication method. We suggest using the “Phone” method so you will receive a message via Text.

Step 9: You will receive a message like this and input this code into the website.

Step 10: Record your personal recovery code then click continue.

Step 11: You should now see the home screen to your account!
