

# Let It Happen

## Tame Impala

---

It's always around me, all this noise  
But not nearly as loud as the voice saying  
Let it happen, let it happen  
Just let it happen, let it happen

All this running around  
Tryin' to cover my shadow  
A notion growing inside  
Now all the others seem shallow  
All this running around  
Bearing down on my shoulders  
I can hear an alarm  
Must be a morning

I heard about a whirlwind that's coming 'round  
It's gonna carry off all that isn't bound  
And when it happens, when it happens  
So let it happen, let it happen

All this running around  
I can't fight it much longer  
Something's tryin' to get out  
And it's never been closer  
If my take-off fails  
Make up some other story  
If I never come back  
Tell my mother I'm sorry

I cannot vanish, you will not scare me  
Try to get through it, try to push through it  
You were not thinking that I will not do it  
They be lovin' someone and I'm another story  
Take the next ticket, get the next train  
Why would I do it ? Anyone'd think that  
I cannot vanish, you will not scare me  
Try to get through it, try to push through it  
You were not thinking that I will not do it  
They be lovin' someone and I'm another story  
Take the next ticket, get the next train  
Why would I do it ? Anyone'd think that  
Try to get through it, try to push through it  
You were not thinking that I will not do it  
They be lovin' someone and I'm another story  
Take the next ticket, get the next train  
Why would I do it ? Anyone'd think that  
Baby, now I'm ready, moving on

Oh, but maybe I was ready all along  
Oh, I'm ready for the moment and the sound  
Oh, but maybe I was ready all along  
Baby, now I'm ready, moving on  
Oh, but maybe I was ready all along  
Oh, I'm ready for the moment and the sound  
Oh, but maybe I was ready all along
