**FOR EXPERIENCED
COACHES**

End of Life Coach Training

Do you have your ACC, PCC, or MCC, credentialed by ICF and are looking for Coaching Continuing Education (CCE's) units, or are you interested in adding Grief and End of Life Coaching to your skill set?

CCE's (34 Core Competency hours + 6 Resource Development hours) will be earned for this training. Mentor hours are also earned when you continue through to Certification in Segment 3.

Presented by:

Melissa Williams-Platt
Developed by Dr. Don Eisenhauer,
MCC - Founder of Coaching at
End of Life, LLC.

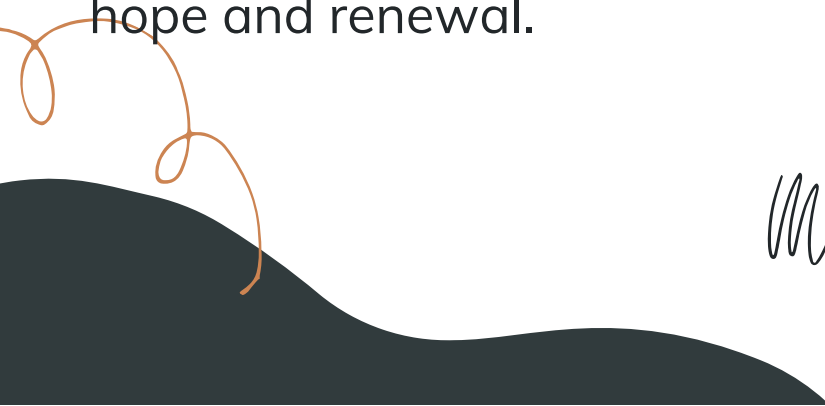

Wanting to differentiate yourselves?

The lives we live today are often interwoven with grief and loss and as coaches it is a great honour to be able to walk alongside our coachees as they ride this rollercoaster of life, adversity, learning and sometimes sadly death too.

Whether it be individuals or corporates shaken as their world shifts on its axis, we can be there to ensure the journey is one of growth, hope and renewal.

Best regards,

Melissa Williams-Statt

End of Life Coach Training

Victor Frankl said: "He, who has a why to live for, can bear with almost any how". As coaches we can support our coachees on this path of grief, loss, mourning and dying - making the "how" a journey of growth, possibility and even hope through one's darkest and also lightest hours.
