

# The Alphabet Colouring Book

I wanted to create a participatory experience  
for my *@36daysoftype* design challenge.

That's why the whole series is available as a free  
downloadable ebook in both A4 and US Letter  
size. Feel free to print these pages and colour in  
any way that tickles you.

I'd love to see your unique version so tag  
*@solaevadraws* for a shoutout!

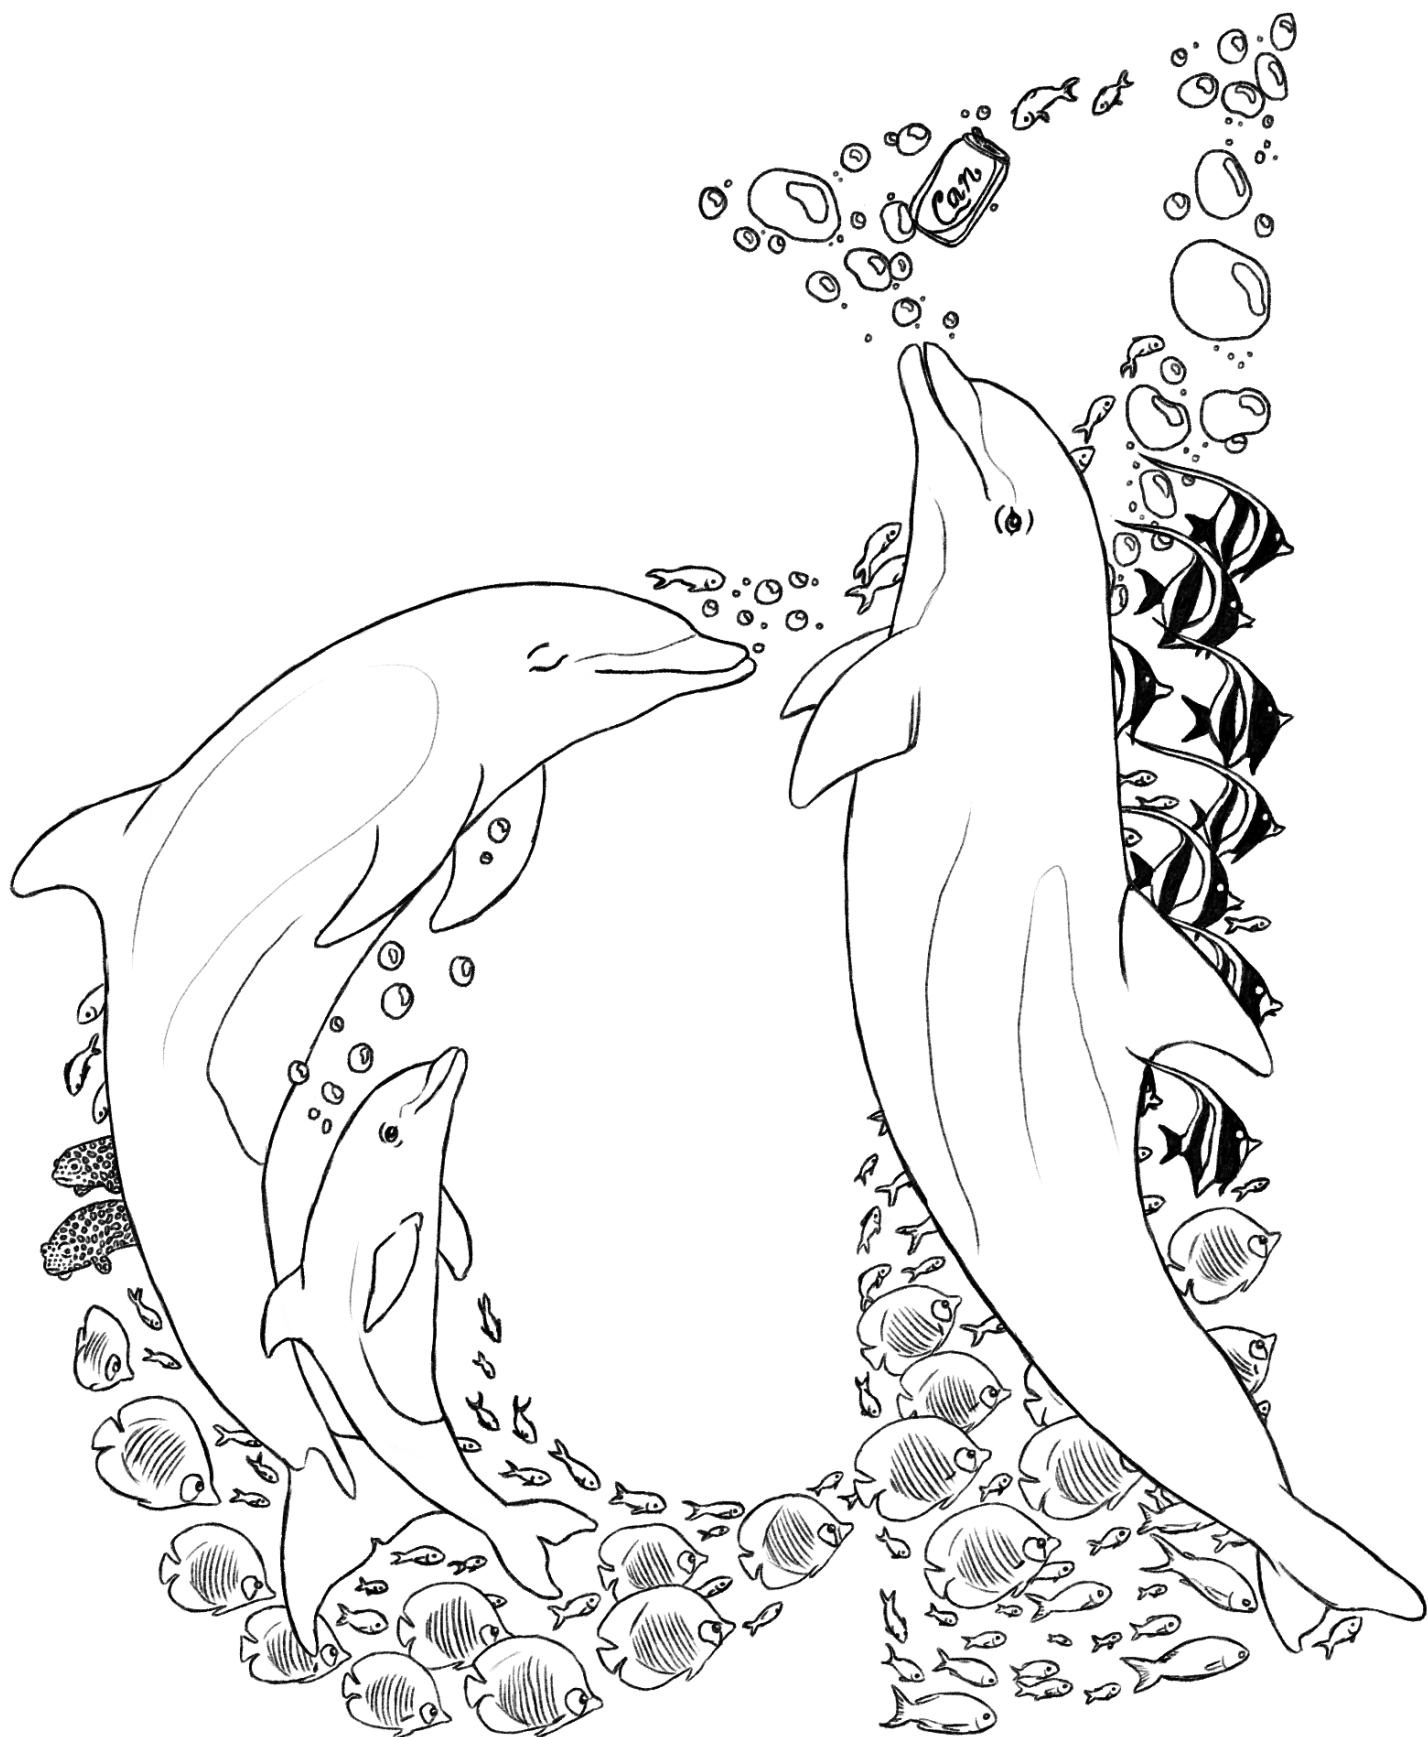

These illustrations are also available for  
purchase as high quality poster prints.  
Custom design requests can be made by  
contacting *hi@solaeva.com*
