ABOUT US

ABOUT US

At Emirian Production, we transform visions into immersive experiences. Rooted in a legacy of interior design excellence as EAI -Emirian Art Interior-, we've evolved into a full-fledged creative execution company specializing in interior design and exhibition production across the UAE and the wider GCC region.

We've experienced blending art with functionality with every project we do; whether it's a villa interior or a large-scale exhibition stand, our mission remains to deliver the perfect results that meet our client's expectations and enhance their brand's existence and daily life quality.

From the basic concept to the final execution, our team takes full ownership, ensuring consistency, quality, and creativity in every detail.

OUR STORY

What began as a small, passionate interior design studio under EAI quickly became more significant.

Guided by a mission to bring timeless beauty, cultural depth, and technical excellence into every space,

we built a reputation for detail-driven design, elegant execution, and client-first thinking.

As our clients' NEEDS EXPANDED

so did we. By 2022, our expertise had grown beyond interiors into the dynamic world of exhibition design and production, a natural evolution for a team that always thinks big and delivers beyond expectations.

That's when Emirian Production

was born, a name reflecting our roots, region, and refined approach to spatial storytelling. Today, we proudly create solutions across the UAE and the wider GCC, combining creative design, turnkey execution, and a relentless pursuit of perfection under **one name**.

OUR JOURNY

Story of Achievements

2018

The idea was born.A passionate group of creatives launched EAI, Emirian Interior Art

2020

Full-service fit-out and pervision services were added, allowing clients to go from concept to completion under one roof

2022

Exhibition design and build became a core offering. The vision outgrew the name, and Emirian Production was established.

2024

Emirian Production positioned itself as a full creative execution company uniting design, innovation, and cultural insight.

OUR VISION

Emirian Production aims to be the leading fit-out partner and creative execution firm that serves as a bridge between global and local pioneers.

We envision a platform where innovative ideas converge, enabling dynamic collaborations that shape a better future through exceptional event and exhibition experiences.

OUR MISSION

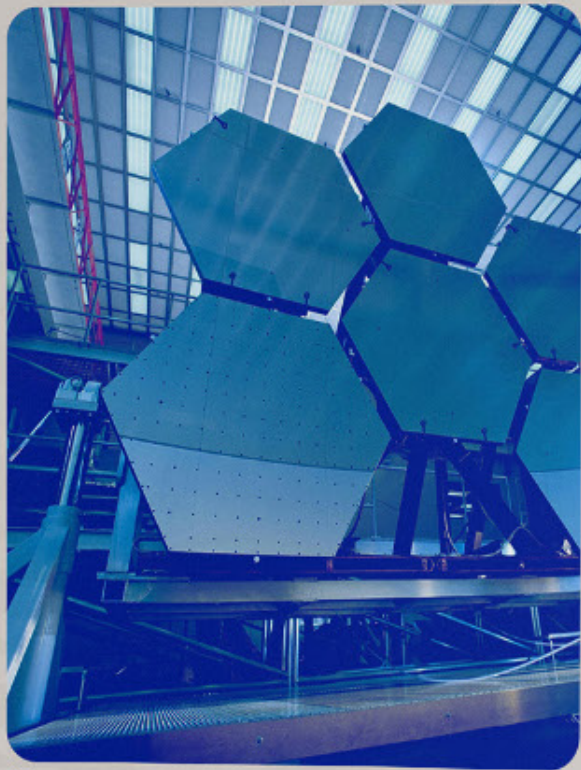

At Emirian Production, our mission is to provide transformative fit-out solutions that empower visionaries and innovators to connect and create impactful events and exhibitions.

Through our commitment to quality craftsmanship and creative design, we build environments that inspire collaboration, foster connections, and drive meaningful change in the world.

OUR VALUES

Innovation at the Core
Embracing creativity and continually pushing boundaries to elevate fit-out experiences.

16

01

Empowerment through Connection
Fostering meaningful relationships and collaborations among diverse individuals and organizations in event and exhibition sectors.

02

Excellence in Every Detail
Committing to surpassing expectations through meticulous attention to quality and craftsmanship in all our projects.

03

Inspiration and Impact
Creating spaces that ignite passion and provoke thought to motivate change through compelling events and exhibitions.

04

Agility and Adaptability
Responding quickly and effectively to challenges while maintaining focus on delivering outstanding outcomes tailored to our clients' needs.

05

Sustainability and Responsibility
Prioritizing eco-friendly practices and social responsibility in our projects to create a positive legacy for future generations.

06

17

OUR SERVICES

Design That Speaks. Execution That Performs.

At Emirian Production, we offer end-to-end creative execution in two specialized domains:

ATM 2025

For one of the region's most prestigious tourism expos, Our team led the complete design and build of a dynamic exhibition stand. From 3D concept development to on-site execution, our team crafted a space that merged brand storytelling with immersive visitor interaction all delivered with flawless precision and finish.

28

29

30

31

More Event

We transformed a corporate space into an engaging event environment for Dubai Municipality's internal activation. Our team handled the full design concept, branding elements, spatial layout, and event fit-out ensuring seamless execution within a high-security government facility.

32

33

Expo Accessibility

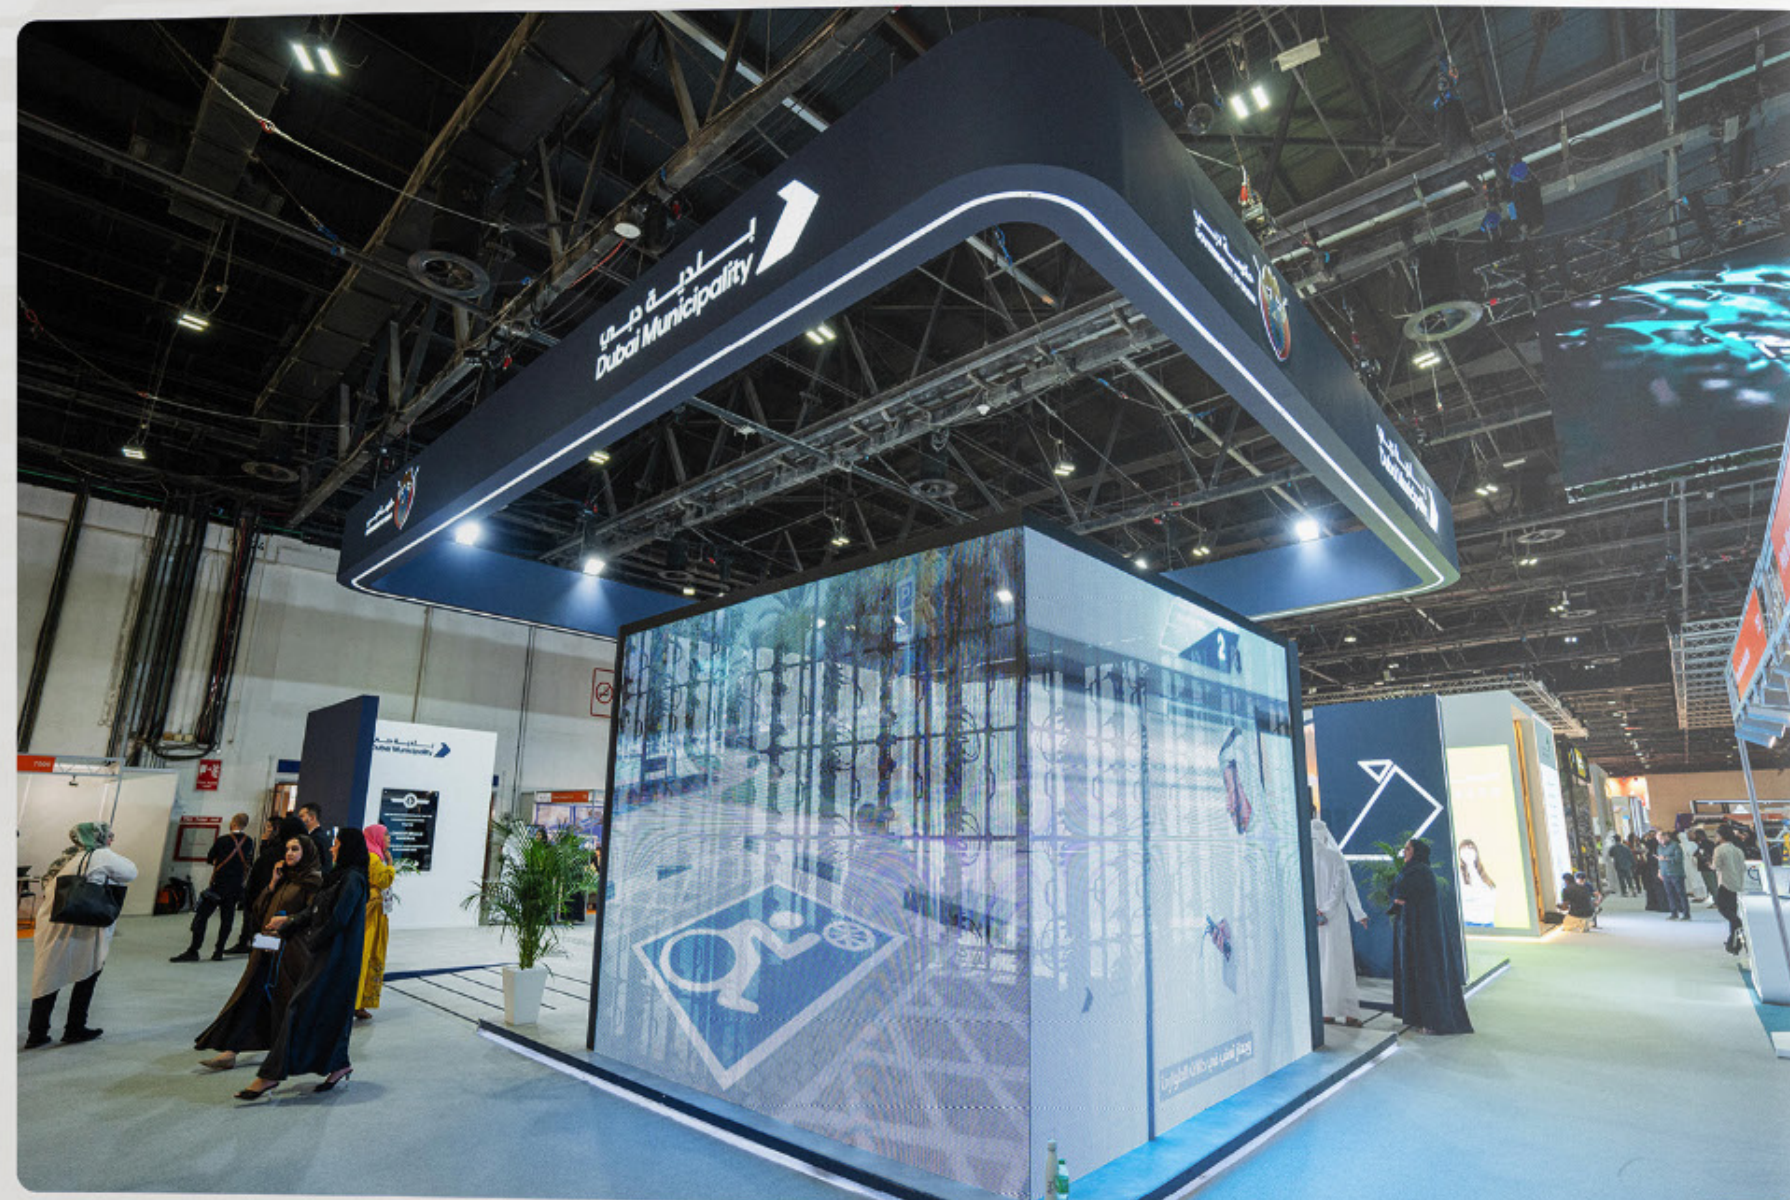

This initiative celebrated inclusive design at a national scale. Our team was entrusted with the complete design and execution of the exhibition stand and surrounding activation zones focusing on accessible layouts, clear wayfinding, and human-centered experience, all built to international standards.

36

37

38

39

Dubai Youth Council

For this vibrant youth engagement event, Our team brought the council's vision to life through bold thematic design and complete execution. From outdoor installations to branded event elements, we created a visually impactful, culturally relevant experience — seamlessly integrated into the unique environment of Dubai Safari Park.

40

41

PMO Government symposium

Tasked with delivering a high-level experience for government leaders, Our team executed a sleek, minimal, and modular stand concept tailored for content delivery and engagement. We oversaw every stage from design and production to event-day management with a focus on precision and protocol.

44

45

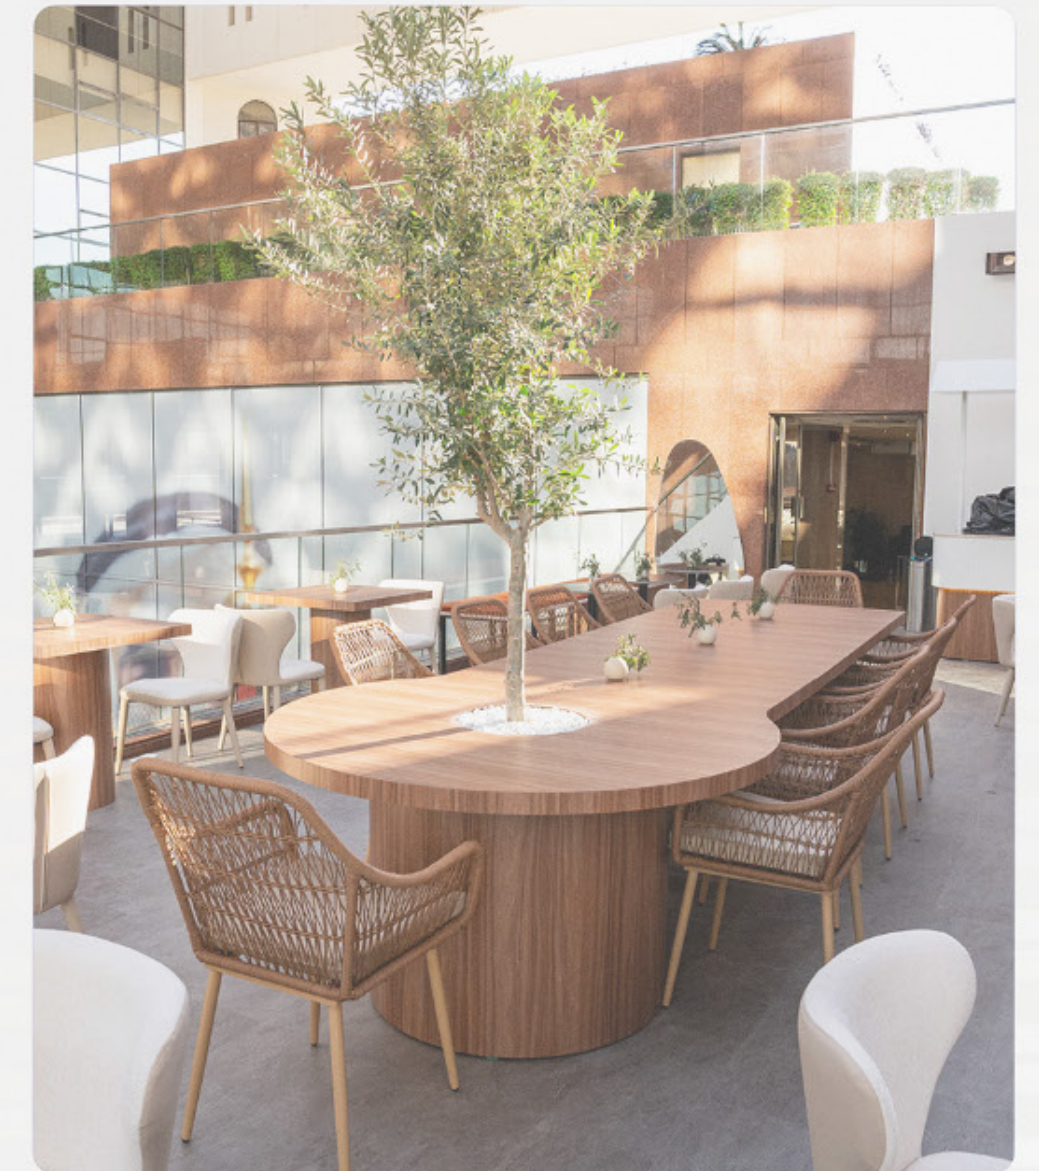

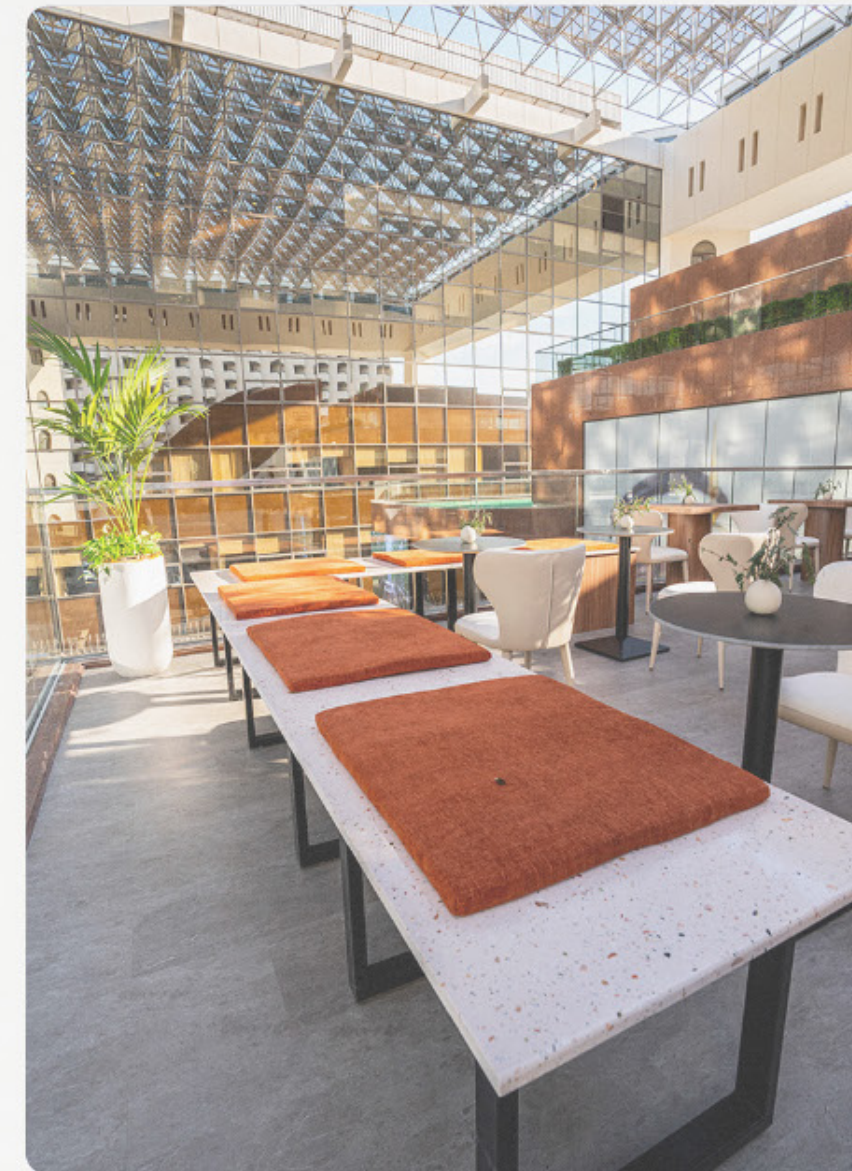

DM Coffee Area

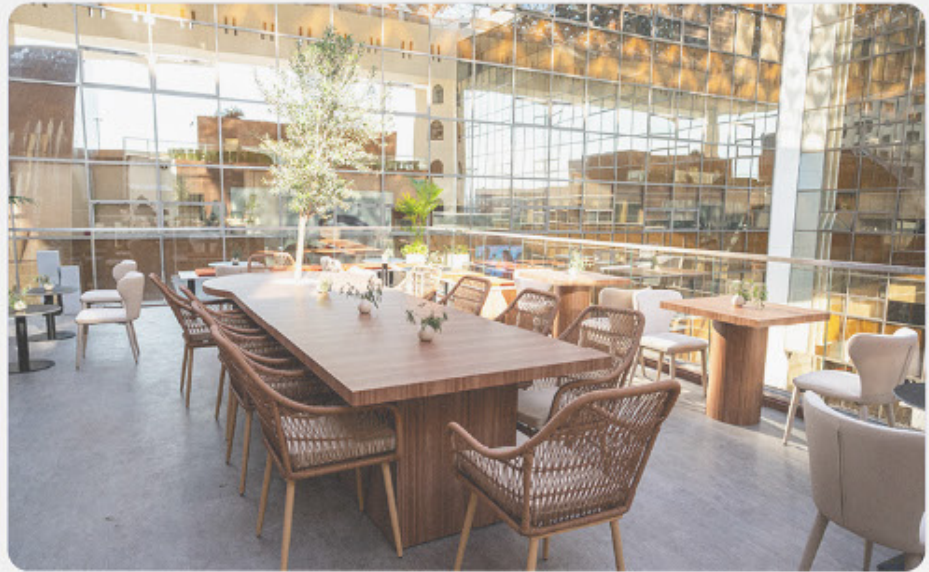

This semi-permanent activation redefined everyday workspace engagement. We led the complete interior design, branding, and fit-out for a cozy yet sophisticated coffee lounge blending hospitality aesthetics with municipal standards for a fully functional and inviting environment.

04

AVLU

Located in one of the UAE's premier retail destinations, AVLU Restaurant needed a space that reflected both cultural authenticity and contemporary luxury. Our team led the full interior design and fit-out, combining warm material palettes, custom lighting features, and architectural textures to create a dining experience that is both immersive and refined. Our team delivered the project under a tight mall schedule with full compliance and flawless coordination.

54

55

56

57

Al-Khawaneej

For this elegant family residence, Our team was tasked with delivering a design that balances classic Arabesque elements with modern sophistication. We managed the full scope from concept design and 3D visualization to bespoke joinery, marble flooring, and ceiling works. The result is a timeless living environment filled with handcrafted details, subtle lighting layers, and lifestyle-driven spatial planning.

58

59

60

61

Nad Al-Hamar

This project challenged our team to create a vibrant, functional space tailored for a multi-generational household. We designed and executed every room with a unique visual identity from the contemporary open-plan living area to intimate, themed bedrooms. Custom furniture, acoustic treatments, and smart lighting controls were integrated to elevate comfort and functionality across the home.

62

63

64

65

Pearl Jumeriah

Nestled in a prestigious beachfront neighborhood, this luxury villa is a showcase of precision and elegance. Our team took full ownership of the design and fit-out process, working closely with the client to craft a bespoke interior that harmonizes sea views with interior calmness. High-end materials, minimalist detailing, and seamless indoor-outdoor flow define this standout residence. Special attention was given to the master suite and kitchen zones, where function and finesse meet at every corner.

**MEET THE
ARTISTS**

Abdulrahman Algaz
Chief Executive Officer

Founder of Emirian Production and serial entrepreneur, Abdulrahman has led the company's expansion into exhibitions and interiors since 2018. He has launched multiple ventures across the UAE and is widely recognized for transforming creative ideas into scalable businesses with impact.

Khaleel Nabeel
Managing Director

Khaleel brings over seven years of experience managing high-value projects across the GCC and Europe. His leadership has helped deliver award-winning builds, secure government partnerships, and implement execution systems that raised the firm's operational standards.

Bahaa Mohammad
Creative Director

With extensive experience across international design firms, leading creative teams on projects spanning retail, hospitality, and exhibition environments. His innovative approach has elevated global brand experiences and positioned it among the region's top creative execution firms.

Ali Mazen
Head of Operations

Ali joined Emirian Production after directing complex fit-out and infrastructure projects in Iraq and the UAE. Known for his ability to deliver under pressure, he has led multi-site teams and executed critical builds with demanding technical and regulatory complicated requirements.

Mohammad Nazim
Accounting Manager

A senior finance professional with over ten years of experience, Nazim has managed portfolios exceeding AED 50M. He introduced advanced systems at Emirian that directly improved project profitability and long-term budgeting accuracy.

Ahmad Anwar
3D Designer

With a decade of experience in exhibition design, Ahmad has led creative concepts for regional pavilions and expos. Since joining in 2023, his vision has redefined the company's design language and helped secure flagship government projects.
