Welcome to Germany! - I'm here to make your transition smoother

With a career in the insurance industry since 2011 – starting at a major private health insurance company – I now operate independently.

This independence allows access to almost all providers on the market, from Allianz to Zurich, ensuring that clients receive recommendations based solely on their individual needs.

Why work with me?

- ✓ **Independent advice** – I work for you, not for an insurance company.
- ✓ **Wide market access** – almost all providers, from Allianz to Zurich.
- ✓ **Tailored solutions** – the right coverage for your life, goals, and plans in Germany.
- ✓ **Free advice** – I am compensated by the insurance provider once your policy is arranged.
- ✓ **Personal guidance** – step-by-step support, clear explanations, and no confusion.

360°-Insurance Advice for a smooth start in Germany!

Health insurance is essential in Germany, especially due to strict legal requirements for approval by the authorities. With my in-depth knowledge of health insurance, I will guide you through every step to ensure everything is clear, compliant, and perfectly suited to your situation.

Health insurance is just the starting point – there are many other important areas worth protecting. My goal is to provide you with 360° holistic and personalised advice so you can feel confident and secure in every aspect of your life here in Germany.
