Executive summary

In this deliverable (2.2), information about the opening event (virtual) is presented. The goal of the event was to introduce the project to key stakeholders, project participants, and other general stakeholders (veterinarians, purchasers and companies). The information that is presented in this deliverable includes the invitation for the opening event, the number of people invited from various organizations, and screenshots that were captured during the virtual opening event. A Question and Answer session has been followed after the presentation by the project coordinator.

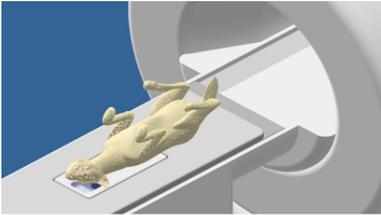

Invitation for virtual opening event

The project coordinator (PC), Prof. Christakis Damianou informed the key stakeholders (researchers, health and social care professionals, policy-makers, veterinarians, purchasers and companies) and project participants about the opening event by sending (via e-mail) an e-leaflet. The corresponding e-leaflet invitation is shown in Figure 1.

INVITATION FOR VIRTUAL OPENING EVENT

MRI-guided Focused ultrasound system for cancer in pets (dogs and cats).

10-11 am 30-9-2020 (Virtual event)

SOUNDPET
INTEGRATED/0918/0008

SOUNDPET program is funded by the Research and Innovation foundation (RIF). The 1 million program is under the HEALTH section of the INTEGRATED projects. The aim of the program is the design of novel MRI compatible robotics using focused ultrasound for use in pets. The intended application of the project is oncology.

Agenda

10.00-10.15 Introduction of the team
10.15-10.45 Overview of SOUNDPET
10.45-11.00 Questions

Figure 1: The virtual opening event e-leaflet of the SOUNDPET project.

People invited

Researchers, doctors and professionals from various organizations have been invited to the virtual opening event of the SOUNDPET project. Table 1 lists the number of people that have been invited from each organization.

Table 1: List of organizations and the number of invited people from each organization.

Organization	Number of invited people
Committee members of parallel parliament (health section)	27
Cyprus University of Technology	33
Veterinarians	56
Research & Innovation Foundation	55
University of Cyprus	29
SOUNDPET participants	13
Ministry of Health	38
Others	14

Screenshots of the virtual opening event

The next Figures show some screenshots taken during the virtual opening event.

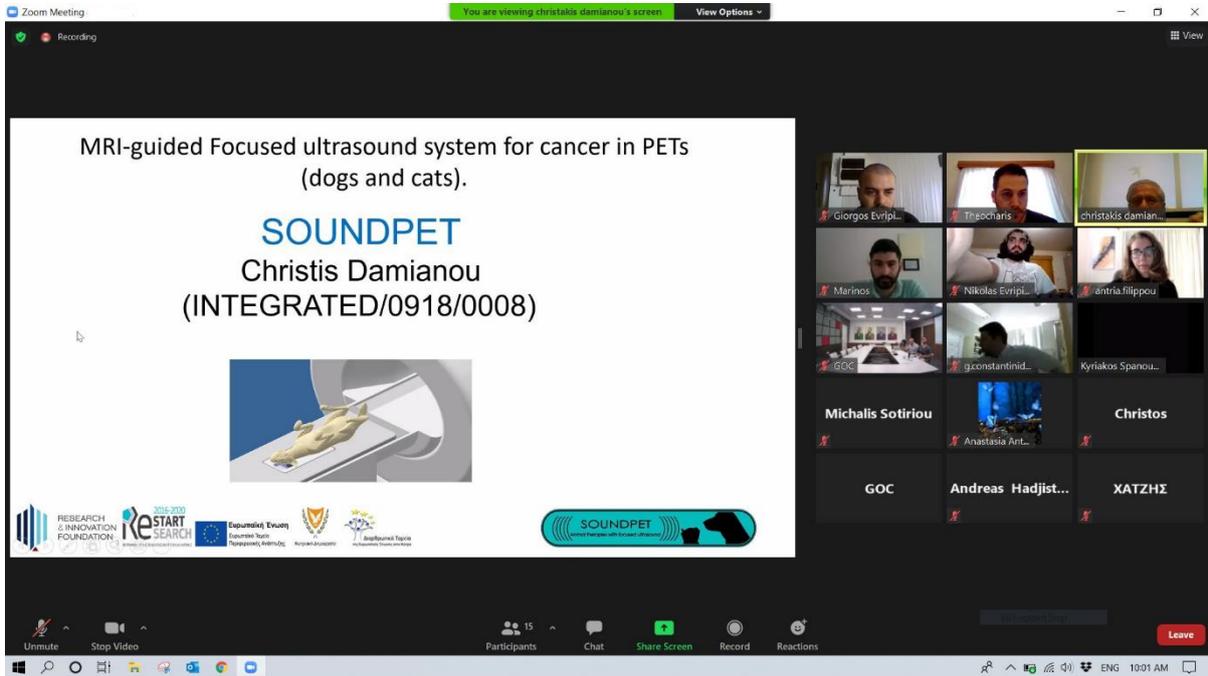

Figure 2: The PC welcomed the participants.

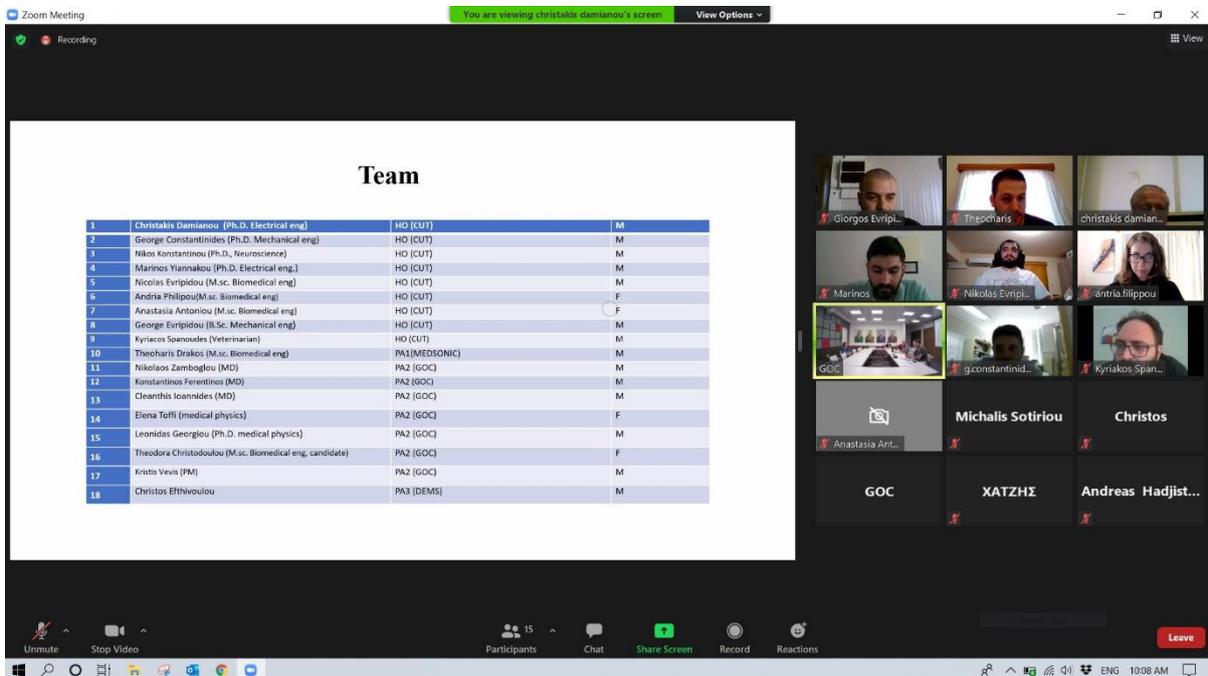

Figure 3: The project members introduced themselves.

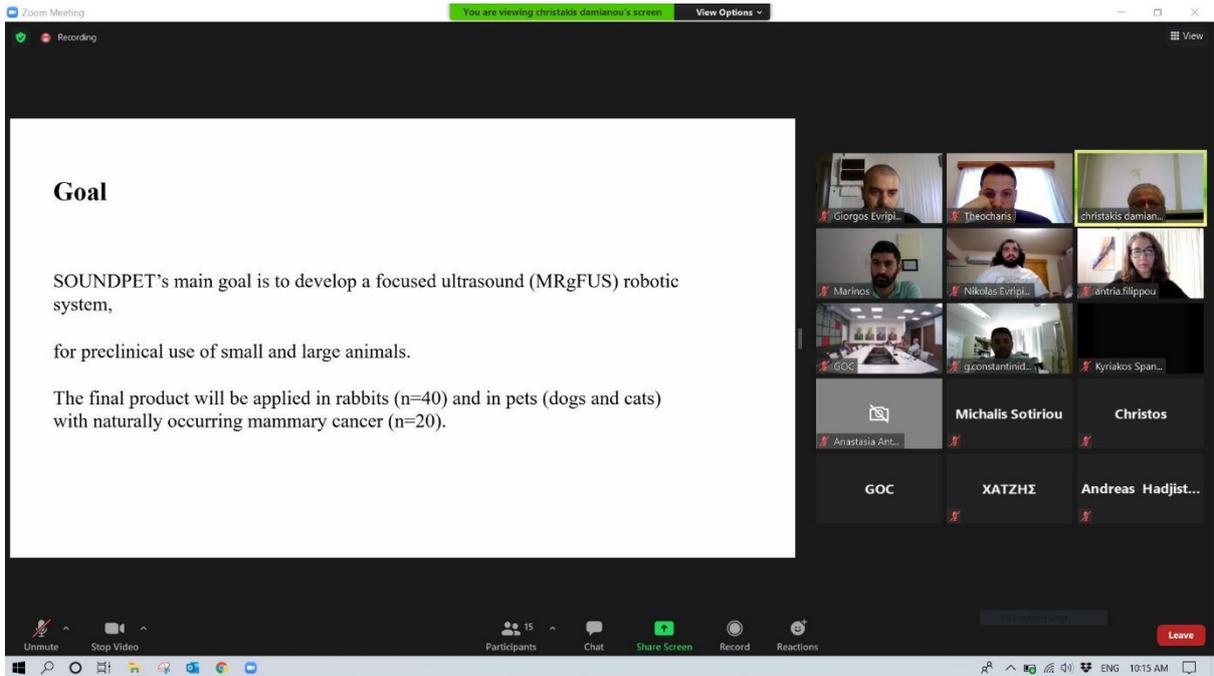

Figure 4: The PC presented the main goals of the project.

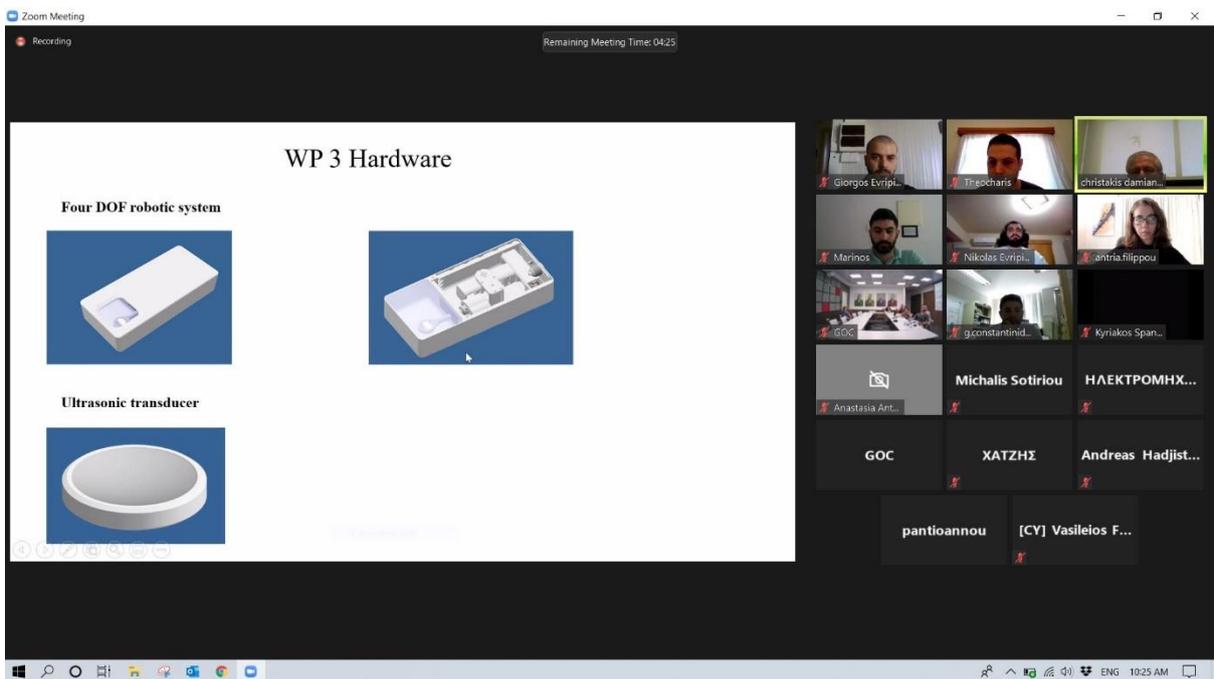

Figure 5: The robotic device of the project was explained.

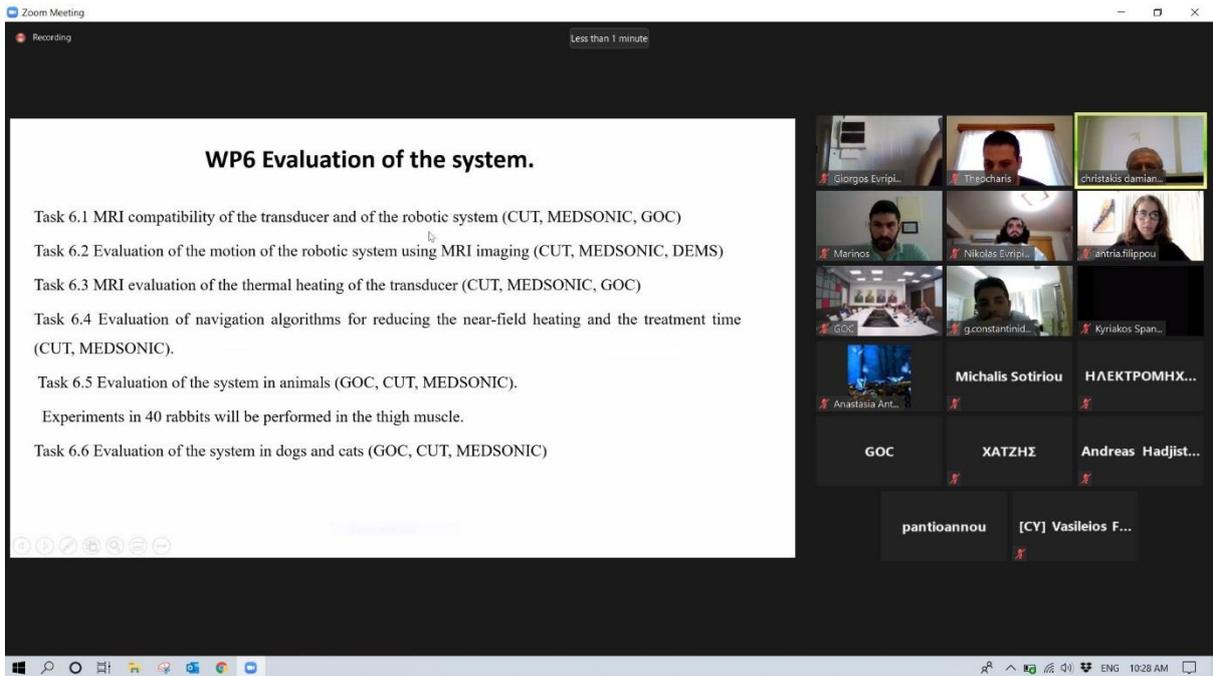

Figure 6: The work packages of the project were presented.

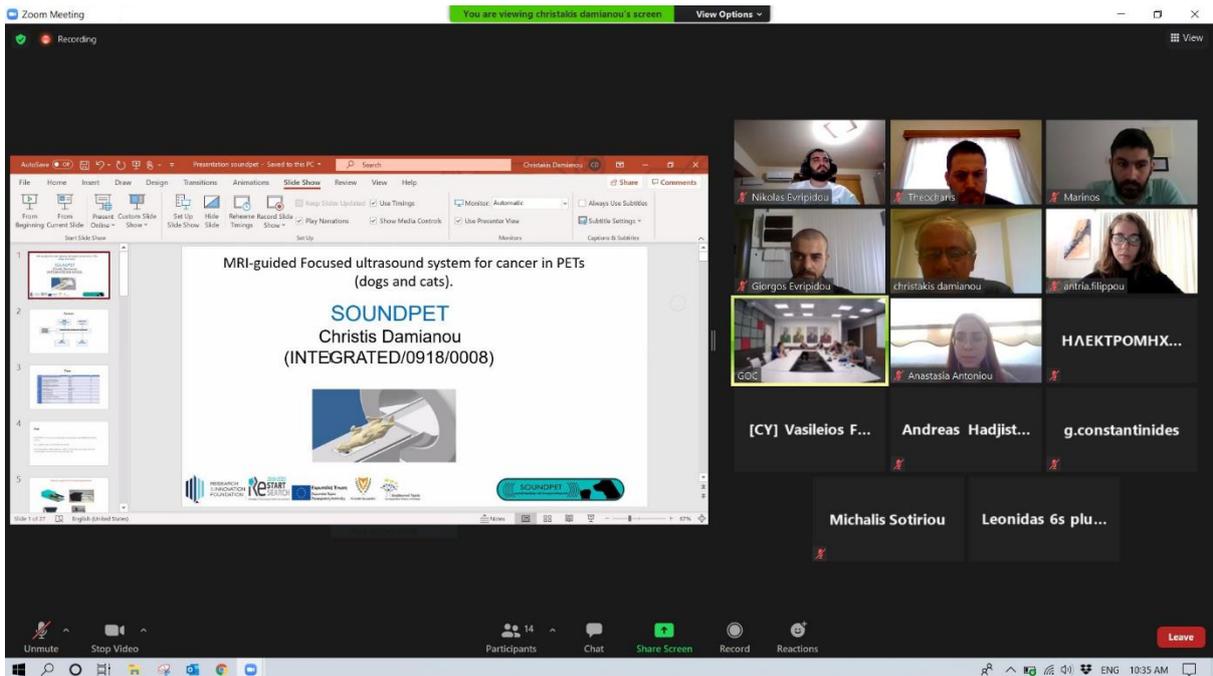

Figure 7: A Question and Answer session was followed after the presentation.

When the presentation was over, a Question and Answer short session was followed.
