Company Overview	**Vantage Point Systems LLC** is a forward-thinking IT and systems engineering firm dedicated to delivering robust, scalable, and secure technology solutions. With a focus on government and commercial sectors, we specialize in modernizing IT infrastructure, enhancing cybersecurity postures, and optimizing system performance. Our expertise is built on a decade of hands-on experience in complex, high-stakes environments, ensuring our clients receive reliable and innovative solutions tailored to their mission-critical needs.
Differentiators	**Proven Track Record:** Our foundation is built on over a decade of successful project leadership and technical delivery across diverse IT domains for top-tier organizations like Lockheed Martin, Booz Allen Hamilton, and Intercontinental Exchange (ICE). **Mission-Focused Approach:** We excel at understanding and aligning with our clients' unique mission objectives. Our experience with high-security environments and critical systems ensures a commitment to operational excellence and integrity. **Agile & Cost-Effective Solutions:** We specialize in identifying and implementing solutions that are not only technically sound but also drive significant cost savings and efficiency gains. Our automation and system migration strategies have consistently delivered measurable value. **Certifications:** Our personnel possess a range of industry-recognized certifications, including Red Hat Certified Engineer (RHCE), AWS Certified Architect, and CompTIA Security+.
Core Competencies	**Cybersecurity & Vulnerability Management** (patches, vulnerability remediation); **IT Infrastructure & Systems Engineering** (Linux, virtualization, cloud platforms: AWS, Azure, Google Cloud); **Linux Administration**; **Network & Data Management** (high-volume data processing)
NAICS Codes	**541511** (Custom Computer Programming Services) **541512** (Computer Systems Design Services) **541513** (Computer Facilities Management Services) **541519** (Other Computer Related Services) **541690** (Other Scientific and Technical Consulting Services)
Corporate Data	**UEI:** E927H8A7GTU9; **CAGE Code:** 164M1.
Experience Highlights	**Lockheed Martin:** A Senior Cyber Systems Engineer provided ISSE cyber support for a national security system, including patch implementation, vulnerability management with ACAS/McAfee EPO, and stakeholder communication. **Hanover Research:** Led an infrastructure transformation, upgrading over 30 Ubuntu servers and migrating in-house servers to Microsoft Azure, while also enhancing network stability and automating SSL certificate management. **Intercontinental Exchange (ICE):** Developed Python/Bash scripts to reduce market data application upgrade time by over 20 hours per cycle and designed/installed client-side servers, leading to a 30% reduction in response time and 25% efficiency increase for financial data processing.
