Precision in the Science. Integrity in the Storm.

MARKETS WE SERVE

- Chemical manufacturers and blenders
- Importers and distributors
- Automotive, construction & industrial sectors
- Agrochemical formulators
- SMEs lacking an internal SHEQ department
- Laboratories and chemical packaging operators

Our approach is practical, science-based, and legislation-aligned, ensuring clients receive solutions that are both technically sound and operationally realistic.

Company Overview

Valiant Compliance Solutions (Pty) Ltd is a specialised SHEQ consultancy founded by Lee O'Reilly, offering expert-level support in Safety, Health, Environment, and Quality compliance. We serve chemical manufacturers, importers, distributors, and general industry with unique focus on SANS 10234 GHS-compliant Safety Data Sheets (SDS), risk management, ISO implementation, and technical hazard communication.

Our business operates on three pillars:

Integrity, precision and resilience. We believe compliance should not be a “tick-box exercise” but a strategic tool that strengthens operations, unlocks export readiness, and protects organisations from regulatory risks.

CUSTOM TAILOR-MADE SOLUTIONS

Every business has unique risks, processes, formulations, and compliance challenges. For this reason, all Valiant Compliance Solutions services can be fully customised to match the size, complexity, and operational requirements for each client.

We collaborate closely with clients to design tailor-made compliance systems, SDS portfolios, ISO roadmaps, and training programs. Our bespoke approach ensures that your organisation receives not just a service, but the *right* service for your operational reality.

HOW OUR BUSINESS PROVIDES SOLUTIONS TO CUSTOMER NEEDS

Modern organisations face increasing regulatory pressure, especially in chemical-related operations. Many struggle with outdated SDSS, non-compliance processes, and audit findings that threaten their legal standing and operational continuity.

Valiant Compliance Solutions resolves these challenges by offering specialised, technical, and fast-turnaround compliance services built around the realities of South African legislation, particularly the OHS Act, HCA Regulations, and SANS 10234.

WE SOLVE REAL-WORLD CUSTOMER NEEDS BY:

- Ensuring chemical products remain legally saleable and export-ready.
- Correcting root-cause compliance failures after unsuccessful audits.
- Helping clients reduce operational risks, delays, and fines.
- Providing outsourced expertise where businesses lack in-house SHEQ capacity.
- Offering predictable, budget-friendly pricing for SMEs and growing chemical companies.

Commitment to Compliance Excellence

Valiant Compliance Solutions stays ahead of evolving legislative amendments, including GHS updates and ISO developments, ensuring clients remain compliant and audit-ready. Our work is grounded in accuracy, scientific rigor, and an unwavering commitment to protecting the businesses we serve.

The Valiant Advantage

WHY CLIENTS CHOOSE US

- Specialised chemical compliance knowledge, uncommon in general SHEQ firms.
- 48-hour rapid compliance check capability.
- Ability to translate complex chemical data into 100% compliant SDS documents.
- Deep understanding of HCA storage, PPE compatibility, incompatible substances, and emergency response requirements.
- Low overheads, allowing competitive pricing without compromising quality.

Precision in the Science. Integrity in the Storm.
