Every successfully graduating student will receive a Certificate and Academic Transcript soon after completing their course. If you have assessment results of 49% or under, you will only receive your Academic Transcript. Remember to attend all of your classes to make sure you get a certificate at the end of your course.

Banking

The currency in Australia is the Australian Dollar (AUD-\$). You can open a bank account at any Australian bank, so make sure you do your research and then take your passport as proof of identification to the bank you decide on. You may need to also provide proof of your address. You can ask at reception for a letter of enrolment with your address if necessary.

Key cards and Personal Identification Numbers (PIN)

When you open a bank account you will receive a key card (looks like a credit card) via mail. You use this card to deposit and withdraw money from your bank account.

A few days after your card arrives, you will receive a secret number – a PIN – to access your account. You must memorise this number and you must not keep it together with your key card because if your card gets lost or stolen, someone can withdraw all your money.

Tips

- ✓ Never tell anyone your PIN
- ✓ Remember to CLOSE your bank account before you return to your country
- ✓ Check multiple money exchangers before changing your currency to AUD. Exchange rates will vary greatly.

3. YOUR RESPONSIBILITIES AS A STUDENT

Aussie English College wants you to succeed in your studies. There are four key things to do during your studies to make sure everything goes smoothly.

1. Attend all of your classes
2. Complete all of the assessments, classwork and homework
3. Pay your fees on time to avoid missing out on classes
4. Respect and uphold our English's policies and procedures.

By following these four easy steps, you've given yourself the best chance to succeed! In the following sections, you can read about the different policies, procedures and responsibilities which are there to help all students feel comfortable and valued on campus.

4. EQUITY AND DIVERSITY POLICY

We are committed to achieving equal opportunity and diversity in education and employment. We operate on the principles of equal opportunity, respect and inclusion, regardless of age, race, colour, religion, ancestry, gender, sexual orientation, marital status, physical or intellectual ability. All members of the college have a responsibility to contribute to the achievement of an equitable working and learning environment. For more specific details, please refer to our Policies on our website.

5. ANTI-BULLYING AND ANTI-ABUSE POLICY

Our College does not tolerate bullying or abuse of any kind.

What is bullying or abuse?

Bullying and abuse may take many forms, including:

- physical bullying;
- verbal, psychological and social bullying, such as name-calling, unwanted teasing, gestures, threats, creating and/or spreading rumours and social exclusion;
- sexual bullying/abuse, such as unwanted touching, innuendo or worse
- harassment or discrimination of any form

These actions and behaviours could be conducted in person or electronically ('cyber-bullying'). These problems can often lead to serious issues such as severe loss of confidence, lack of academic progress and absenteeism.

Reporting bullying or abuse

If you suspect or witness bullying, you should report it to the Academic Manager. You are advised through Orientation, the Student Handbook and Orientation Guide and by regular reminders by teachers that if you see or suspect bullying, or are bullied yourself, you should report it. All incidents of bullying are dealt with as soon as possible after the event or the reporting of the event.

For more specific details, please refer to our Policies on our website.

6. COMPLAINTS AND APPEALS

We hope you enjoy your study at Aussie English College, but we understand that things can sometimes go wrong.

If you have a problem with the services provided or any other issue while you are a student here, then we have a process to support any claim or appeal. Please try to talk to the other person first – this is often the best way to resolve an issue. If that does not work, then follow the procedure in the Complaints and Appeals Policy on our website. Complaints are handled through our Student Support Officer.

For more specific details, please refer to our Policies on our website.

7. ATTENDANCE POLICY

The National Code (Australian Government Law) requires our College to systematically and continually monitor students' attendance. International students (on student visas) studying English in Australia have an obligation to attend a minimum of 80% of scheduled course contact hours. Our College adopts a proactive approach in notifying and counselling students who are at risk of failing to meet the attendance requirement. Students whose attendance drops will receive:

1. First warning letter if attendance drops below 90%
2. Second warning letter if attendance drops below 85%
3. A Notice of Intention to Report (NIR) for unsatisfactory attendance if attendance drops below 80%

Attendance is a very serious matter and all students on a student visa must take this seriously. There are certain limited circumstances where we may decide not to report an overseas student for falling below 80% attendance.

- The overseas student is still attending at least 70% of scheduled course contact hours
- The overseas student supplies genuine evidence of compassionate or compelling circumstances.

For further information, please refer to our Attendance Monitoring Policy on our website.

8. COURSE PROGRESS POLICY

We provide learner-focused student academic support and intervention to help you achieve your learning outcomes as well as satisfy the provisions of the National Code. To help you stay on track, you will have mid-

term and end-of-term one-on-one student teacher coaching/support sessions with your teacher to help you understand your learning goals and to provide you with personalised academic counselling.

If your teacher feels that you are at risk of demonstrating course progress, they may refer you to the Academic Manager for an intervention meeting. At this meeting, you will discuss your current course progress and make an action plan to help your learning.

Intervention strategies may include:

- Assistance with English skills such as essay & report writing, reading, listening, speaking etc.
- Attending a study group
- Counselling with the Student Services Department for assistance with personal issues
- Mentoring by the teacher or a nominated student
- Undertaking a review of the students results
- Attending additional classes
- Combination of above methods

Outcomes, actions and agreements of the intervention meeting will be signed by both the Academic manager and you and a copy will be given to you and another kept in your file. The teacher will be made aware of the actions, agreements and expected outcome.

If you are not meeting satisfactory course progress over two consecutive terms, Our College is obliged to report you for unsatisfactory course progress.

For further information, please refer to our Course Progress Policy on our website.

9.DEFERRING, SUSPENDING OR CANCELLING STUDY

If a student defers, suspends or cancels their study, it may affect their visa. We will make a case-by-case decisions about deferrals, suspensions and cancellations based on our internal policies and procedures under the National Code.

Deferring

If you have genuine reasons to not be able to start your course on your start date, we may allow you to defer your course. This may require an extension of the Certificate of Enrolment (CoE) for compassionate or compelling reasons. Please contact our Admissions department if you require a deferment of your start date.

Suspending

If you have genuine reasons to suspend your studies, we may allow you to suspend your course. This may require a change of the Certificate of Enrolment (CoE) for compassionate or compelling reasons. Please contact our Admissions Department if you wish to apply for a course suspension.

Cancelling

As an international student, you have certain responsibilities. If you breach any of your responsibilities, we may decide to cancel your enrolment on the basis of, but not limited to:

- misbehaviour or failure to comply with our Policies and Procedures
- failure to pay the required amount to undertake or continue the course as stated in the written agreement
- a breach of course progress or attendance requirements

For any cancellation of enrolment initiated by us, you will be given a notice of intention to report and 20 working days to access our internal complaints and appeals process. For further information, please refer to our Deferment, Suspension or Cancellation Policy on our website.

10. INTERNATIONAL STUDENT TRANSFERS

All student visas are granted with the 'No Change of Provider' condition. This means that international students must stay with Aussie English College for the first 6 months of their principal course. This policy does not apply to students who have already completed 6 months of their principal course.

There are certain, limited circumstances where a student can transfer to or from Aussie English College before the completion of 6 months of their principal course. For further information, please refer to our International Student Transfer Policy on our website.

11. OTHER STUDENT RESPONSIBILITIES

As well as our Policies and Procedures, there are some things that every student needs to be aware of during their time at our college and in Australia. We have outlined the most important things to consider below:

Change of contact details

It is an obligation of any student on a student visa to notify us within 7 business days of changes to personal information. Contact details include, but are not limited to:

- telephone number (home and/or mobile)
- address
- emergency contact
- health care cover details
- email

If any of your details change, please see reception as soon as possible. We use this information to inform you of important updates or information about your course, including attendance and progress.

English Only Rule

We believe that it is important for our students to speak English at all times in the classroom. Our English Only rule helps you immerse yourself in an English-speaking environment and will give everyone in the classroom the best opportunity to improve their English skills. This is why we actively enforce our English Only rule in all of our classrooms. If you are heard speaking a language other than English in the classroom, you may be asked to leave the classroom.

Medical insurance

It is the responsibility of every international student (on a student visa) to have current health cover for the entire duration of their studies. If your health cover expires during your stay in Australia, you will be in breach of your visa. Aussie English College's preferred health insurance company is BUPA, however you may choose any health insurance company.

You will be required to show your health cover on enrolment day. As such, please bring your health cover card or evidence so that our Student Support Officer can make a copy and save it in your student file. Keep your card in a safe place and if you choose to change providers, please inform us within 7 business days.

Please refer to the BUPA website for current insurance premiums or ask at Reception.

Permission to work

Permission to work is automatically included in your student visa. This condition allows you to work for up to 48* hours per fortnight during your studies and full-time during your holidays. Your employer will sometimes ask for a letter from the school to confirm your holiday period. You can request this from reception.

Please visit the Department of Home Affairs website (<https://www.homeaffairs.gov.au/>) for your full visa conditions and refer to The Fair Work website (www.fairwork.gov.au) for latest information on rights and responsibilities of employers and employees, including the current minimum wage.

*correct as of 1 July 2023

Tax File Number

All workers in Australia require a Tax File Number (TFN). You can get this quickly and easily by completing a Tax File Declaration Form. This can be downloaded from the Australian Taxation Office website (www.ato.gov.au) or in person at your local taxation office.

At the end of each financial year, all students who have worked need to apply for their tax return online or through a registered tax accountant.

Excursions

Your teacher will organise excursions for the whole class regularly. These are an important part of your language learning and will be relevant to your studies which means ALL STUDENTS in the class must attend.

Excursions are usually free, but sometimes incur a small charge (entrance to museum/gallery, public transport travel etc.). Wherever possible, we try to keep these fees and charges to a minimum.

Lost property

Any items found in the college will be taken to reception and placed in the lost property box. If you misplace anything during your time at the college, please check the room where you were studying first and then check with Reception if you cannot find it.

Items not claimed after three months will be donated to charity.

Security

Please do not leave any of your valuables unattended on campus. Always keep your belonging safe, in and out of the college. Here are some tips:

- ✓ Keep your bag with you when you move rooms or go to lunch
- ✓ Do not carry large amounts of cash
- ✓ Open an Australian bank account to keep your money secure
- ✓ Always sign bank cards, credit cards etc. as soon as you get them

Our College is not responsible for the security of personal belongings.

Climate

Melbourne has a temperate, oceanic climate and experiences four distinct seasons in the year – Spring, Summer, Autumn and Winter. It is well-known for its changeable weather, but there is generally a lot of sunshine throughout the year. Due to its geographical location, Melbourne enjoys long days in Summer and endures shorter days in Winter. Melbourne almost never experiences temperatures below 0°C (32F). We recommend wearing layers, so you can adapt to the weather as it changes. Below are the yearly averages:

Electricity

The electrical current in Australia is 240/250 volts AC, 50 cycles. Travellers from most nations in Asia, Africa and Europe should have appliances that work on the same mains voltage as Australia - therefore you will not need a voltage converter. Notable exceptions to this are Japan, USA and Canada which uses 100/120V 50/60Hz. Please check your appliances before you plug them in.

You can buy a convertor at many shops, airports and online or buy a new appliance in Australia.

Transport

Melbourne has an extensive, modern public transport system which includes trams, trains, busses and ferries. To travel on the public transport system, you'll need to purchase a "Myki" travel card at any major train station or outlet and add credit. You have the option of a physical Myki card, or digital Myki (Android phone only). Once you load money onto the card, you can simply tap on and off as you use public transport.

Melbourne students also enjoy the use of the FREE TRAM ZONE. Trips entirely within the zone are free. That's right, free transport! Below is a map of the free tram zone.

Budgeting / cost of living

Melbourne is a fantastic city, but it also has a relatively high cost of living. It is important to budget enough money to live comfortably during your time in Australia. Many students are shocked of the cost of living when they first arrive, so it is good to be informed. Prices of some typical items that you might need are shown for you:

	Basic lunchtime menu (including a drink) in the business district	AU\$24
	Combo meal in fast food restaurant (big mac meal or similar)	AU\$14
	500 gr (1 lb.) of boneless chicken breast	AU\$7
	1 liter (1 qt.) of whole fat milk	AU\$2.05
	12 eggs, large	AU\$7
	1 kg (2 lb.) of tomatoes	AU\$7
	500 gr (16 oz.) of local cheese	AU\$10
	1 kg (2 lb.) of apples	AU\$5.01
	1 kg (2 lb.) of potatoes	AU\$3.79
	0.5 l (16 oz) domestic beer in the supermarket	AU\$7
	1 bottle of red table wine, good quality	AU\$20
	2 liters of coca-cola	AU\$4.26
	Bread for 2 people for 1 day	AU\$3.46

Fire/Emergency procedures

Please be aware of the Emergency Exit maps on the walls of the college. If there is a fire or emergency:

- an alarm will ring
- your teacher will direct you to the nearest EXIT. All students must leave the building as quickly as possible, in a safe and orderly fashion, so please leave your books and bags behind.
- All staff and students will walk calmly down the stairs and out of the building (do not use elevators).
- Your teacher or Fire Warden will take you to the assembly point.

If you see an emergency outside of school and need to contact fire brigade, police or ambulance, the best phone number is 000 (zero zero zero)

ESOS Framework - Regulatory Requirements

All Australian institutes providing courses for international students are required to comply with the Educational Services for Overseas Students (ESOS) Act 2000 and National Code of Practice 2018.

You are assured of a quality education and a high standard of service when you study at our college.

The ESOS framework protects your rights, including your right to:

- Sign a written agreement with your provider before or as you pay fees, which sets out the services provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.
- Get the education for which you have paid. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.

The ESOS framework protects your right to know:

- How to use your provider's student support services
- Who the contact officer or officers are for overseas students
- When your enrolment can be deferred, suspended or cancelled
- What your provider's requirements are for satisfactory progress in the courses you study
- If attendance will be monitored for those courses
- What will happen if you want to change providers
- How to use your provider's complaints and appeals process.
