Integritywrx Technology, LLC
UEI: NE2CSLR5CNT5 | 145L2

Core Competencies

IntegrityWrx Technology, LLC provides proactive and standards-aligned cybersecurity and IT consulting services tailored to meet the demands of secure digital operations. Services include:

- **Cybersecurity Leadership & Compliance Readiness**
  - CIA Triad enforcement (Confidentiality, Integrity, Availability)
  - Risk assessments aligned with **NIST 800-171**, HIPAA, ISO 27001
  - Implementation of **Zero Trust** and data protection best practices
- **IT Security & Data Services**
  - Secure data processing and encrypted cloud storage
  - Defensive threat intelligence and monitoring strategies
  - Backup, disaster recovery, and vendor access controls
- **Consulting & Support Services**
  - Procurement/vendor support with compliance integration
  - Administrative and technical consulting (NAICS 541611, 541519)
  - Cybersecurity awareness, compliance documentation, and SOPs

Differentiators

- **Small Firm. Big Integrity.** Direct communication, agile delivery, and personalized service without red tape.
- **Security-First Mindset**: Compliance is embedded from the start, not added as an afterthought.
- **Cross-Disciplinary Expertise**: Background in underwriting, auditing, and regulatory environments translates into stronger system oversight and risk management.
- **Disaster-Ready**: Active on the Disaster Response Registry; able to support IT continuity and recovery services during emergencies.

Past Performance & Projects

- **G.U.I.D.E. Security Platform (Gauge, Understand, Implement, Decide, Execute):** Proprietary AI governance and compliance management system featuring real-time vulnerability scanning, automated regulatory intelligence, blockchain-verified audit trails via IPFS/Polygon, National Vulnerability Database integration, and ethical AI oversight. Serves as an organizational "conscience" ensuring compliant and fair AI development across industries including healthcare, finance, manufacturing, and government sectors.

- **Cybersecurity Compliance Program:** Developed internal procedures enforcing 2FA, encryption, backup protocols, and NIST-compliant assessments with continuous monitoring and risk management.

- **Vendor Readiness & Procurement Support:** Provides secure vendor onboarding, digital access control, secure communications setup, and compliance-integrated procurement processes for government and commercial clients.

Corporate Data
- **Legal Name:** IntegrityWrx Technology, LLC
- **Entity Type:** For-Profit
- **Established:** May 30, 2025
- **Mailing Address:** 2000 Park St, Ste 101-1480, Columbia, SC 29201
- **Certifications:** WOSB (Pending SBA), Self-Certified SDB
- **Accepts Credit Cards:** Yes

NAICS Codes
- **Primary:** 541519 – Other Computer Related Services
- 518210 – Data Processing, Hosting, and Related Services
- 541512 – Computer Systems Design Services
- 541611 – Management Consulting
