2025 Classes

| Class | Description | Date | Time |
|--|---|--|---|
| Plant Pressing & Preservation | In this engaging class, participants will learn the art of flower preservation through both pressing and drying techniques. Students will explore various methods that retain the beauty and color of blooms, allowing them to create stunning keepsakes and decorative pieces. The course will cover the essentials of selecting the right flowers, preparing them for preservation, and the tools needed for each technique. By the end of the class, attendees will have a comprehensive understanding of how to transform fresh flowers into lasting treasures, perfect for home decor or as thoughtful gifts. This workshop will inspire creativity and a deeper appreciation for nature's beauty. Join us to discover the secrets of preserving flowers and unleash your artistic potential! | July 26 th , August 9 th , or August 23 rd | 9am - 11:30am |
| Build a Bouquet | In this class, students will have the opportunity to snip flowers from a vibrant selection of farm-grown plants, allowing them to create their own stunning bouquets. As we immerse ourselves in the art of floral design, participants will gain insights into different flower types, learning how to choose complementary blooms for their arrangements. Additionally, the class will cover essential tips and techniques for growing their own flowers at home, ensuring they leave with both a beautiful bouquet and the knowledge to cultivate their own floral garden. This hands-on experience promises to be both educational and creatively fulfilling, making it perfect for flower enthusiasts and aspiring designers alike. | August 2 nd , August 16 th , August 30 th , September 13 th , or September 27 th | 10am - Noon |
| Plaster Casting | In this engaging class, participants will learn the art of plaster casting by transforming plants and organic materials into stunning decorative wall hangings. Under the guidance of experienced instructors, attendees will discover the step-by-step process of selecting suitable natural elements, preparing the plaster, and carefully encasing the chosen items to create beautiful, textural compositions. This hands-on workshop not only provides a creative outlet but also encourages a deeper appreciation for nature by preserving its beauty in a unique, artistic form. By the end of the session, each participant will leave with their very own masterpiece, a testament to their newfound skills and creativity, ready to enhance any space with its organic charm. Join us for a fun-filled, inspiring experience that merges nature and art! | May 24 th or June 21 st | 10am - Noon |
| The Joys of Handbuilding | Immerse yourself in the timeless craft of handbuilding in this intimate group session. This 2.5-hour class is tailored for beginners and those with little experience in working with clay. You will explore the fundamentals of handbuilding—a traditional technique for creating ceramics with your hands. Discover the flexibility and precision that handbuilding offers, allowing you to create pieces exactly as you envision them. With a range of templates and materials at your disposal, you can choose the medium and project that best match your artistic vision. Rest assured, the instructors will provide comprehensive guidance on the essentials of successful handbuilding, the properties of clay, and the overall ceramic experience. Suitable for all ages and skill levels, this class fosters a supportive environment for both learning and creativity. | May 31 st , June 14 th , June 15 th , June 27 th , June 28 th , July 12 th , July 13 th , July 27 th , August 10 th , August 24 th , September 5 th , September 6 th , September 19 th , September 20 th | 9 :30 - Noon Or 1:00 - 3:30 |
