Our goal is to guide you through the transformative journey of Shamanic Healing, enabling you to practice and pass on this ancient wisdom.

Introduction to Shamanism

Shamanism is an ancient spiritual practice rooted in the traditions of the Turkic and Mongolian peoples of Siberia, Central Asia, and parts of Eastern Europe. In Mongolia and Siberia, it is also known as "**Tengerism**," meaning "honoring of spirits."

Shamans serve as spiritual intermediaries, guiding others in religious practices, communicating with supernatural beings, and influencing spiritual energies. This course provides a comprehensive understanding of shamanic traditions, their role in healing, and their modern applications.

Shamanic Healing

Shamanic healing is an ancient and powerful practice designed to:

- Reconnect you with parts of yourself that may have been lost or suppressed.
- Release attachments to past events or people.
- Remove energetic blockages that hinder progress.
- Heal physical, emotional, and spiritual wounds.

What is Shamanic Healing?

Shamanic healing works on a spiritual level to restore balance, retrieve lost soul fragments, and clear energetic disturbances. Though primarily a soul-level practice, its effects often extend to emotional and physical well-being. The core methods include:

- **Soul Retrieval:** Reintegrating lost aspects of the self.

- **Power Animal Retrieval:** Reconnecting with spirit guides for strength and wisdom.
- **Extraction Healing:** Removing negative energies and blockages.
