# OUR HISTORY

Giron Flowers S.A.S was born under the vision of Miguel, who worked his entire life in the industry and in 2008, decided to start growing his own roses.

Together with his wife and children, in 2017, they decided to expand the family business and became direct exporters to the United States and Russia.

Now a days, Giron Flowers S.A.S. exports to over 20 countries across Europe, America, Asia and the Middle East, reflecting our unwavering commitment to quality in every one of our roses.
