Hello!

To everyone who has been a part of the evolution of www.healingwithhorses.com over the 25 year span of time – we would like to thank you for your part in the growth and development. It has been an amazing ride! A good thing; I have trained horses in the dark on many mountains over my 45 years living and working with horses. This has taught me to navigate life's dark times. All has been nothing less than glory – be to God.

These pictures are of the new location in Hickory. We hope you enjoy and see the love these horses convey. It is in LOVE in which we heal, learn & grow. Any other emotion and or energy distorts our path of learning and growth.

This year we are intentional in finishing the building projects for living space for others to stay at the farm. Please help us help others by making a contribution. There is a wish list also if you would rather help with these needs.

Thank you again for your consideration and all you do in our world.

Be well, blessings!
