

MODERN IDENTITY CORPORATION

Company Profile

ABOUT US

We are Modern Identity Corporation, a specialist in communication and tracking solutions, presenting a diverse array of products, notably our groundbreaking PTT system. Our devices facilitate instantaneous communication through SIM cards and Wi-Fi, employing cost-effective technical methods for efficient and swift connectivity.

Additionally, we have tracking systems, designed for comprehensive solutions in vehicle movement control, driver location monitoring, seamless installation of necessary sensors, and robust device security measures.

OUR PRODUCTS & SERVICES

We provide a simple and efficient means to access our services. Whether through a computer, laptop, or smart devices operating on Android and iPhone systems, our user-friendly interface ensures a seamless experience. Additionally, our services support multiple languages, including Arabic, catering to diverse user preferences.

TRACKING SYSTEM

"Our advanced tracking systems offer a sophisticated solution for efficient and precise location monitoring. Tailored for diverse applications, our systems excel in vehicle movement control, driver location tracking, seamless sensor installation, and robust device security. Experience real-time insights and enhanced control over your assets, all backed by cutting-edge technology to ensure reliability and peace of mind."

PTT SYSTEM

"Elevate your communication experience with our Push-to-Talk (PTT) systems. Designed for instant and seamless connectivity, our innovative PTT devices empower users with swift communication through SIM cards and Wi-Fi. Using cost-effective technical methods, our PTT systems ensure efficient and rapid communication. Enjoy the convenience of user-friendly interfaces on various devices, including computers, laptops, Android, and iPhone operating systems, making communication accessible anytime, anywhere."

VISION

"Our vision is to empower individuals and organizations by leveraging cutting-edge technology to create innovative solutions that positively impact lives. We aspire to be a beacon of inspiration in fostering a world where connectivity, efficiency, and sustainable progress converge for a brighter future."

MISSION

"Our mission is to revolutionize communication and connectivity through advanced technology solutions. We are committed to delivering high-quality products and services that enhance the way people and businesses connect, communicate, and thrive. With a focus on innovation, reliability, and customer satisfaction, we aim to be a trusted partner in our users' journeys towards success."

TARGET MARKET

"Our target market comprises tech-savvy professionals and businesses seeking state-of-the-art communication and tracking solutions. We cater to diverse industries, including logistics, transportation, and enterprises looking to streamline operations and enhance connectivity. Our products and services are designed to meet the needs of forward-thinking individuals and organizations striving for efficient and effective communication solutions."
