SINCE : 1996

ABOUT US

Anandham Industries was started in **1996** as a small-scale enterprise in Ganapathy, Coimbatore, by **Mr. Anandkumar S.** Since our establishment, we have developed a strong reputation in the sheet metal sector and have become a leading provider of high-precision fabricated sheet metal products and comprehensive one-stop solutions for all metal fabrication needs.

SPECIALIZATION IN LASER CUTTING

We specialize in the laser cutting process, with our advanced tube laser cutting machine providing exceptional bevel-cutting services that meet the intricate needs of our clients.

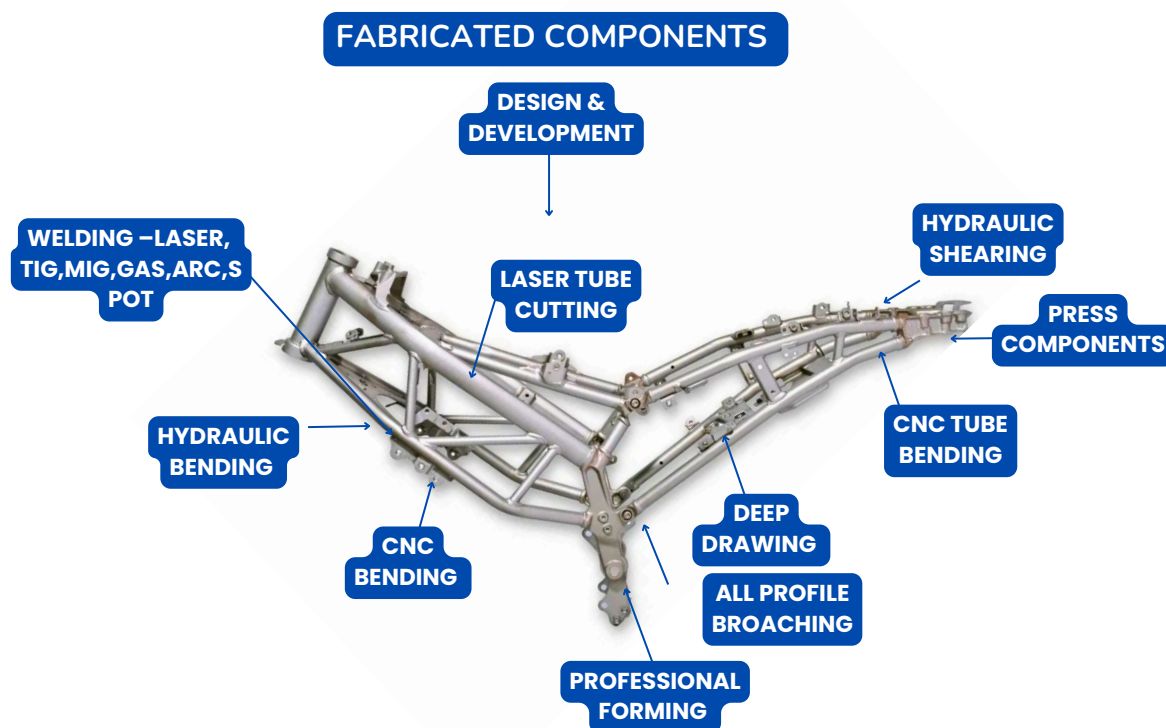

Additionally, we partner with automobile racing companies, offering services to strengthen car inner frames and facilities to build two-wheeler chassis.

Our expertise spans various sectors, including:

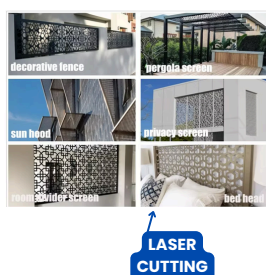

- 1)Automotive Industry
- 2) Construction Industry
- 3)Electronics Industry
- 4)Medical Equipment Industry
- 5)Military Industry
- 6)Aerospace Industry
- 7)Metalworking Industry
- 8)Renewable Energy Industry

We take pride in our collaborations with renowned multinational corporations, especially in the aerospace sector, including partnerships with **ISRO**.
