Introduction

We are a PT PMA specializing in professional sommelier consulting services, operating on a contractor basis for high-end hotels and restaurants in Bali. Our mission is to expand the availability of terroir-driven wines on the island, enhancing Bali's drinking culture. To achieve this, we collaborate with five-star hotels and restaurants, developing and training their service teams, raising standards, and bettering the overall level of sommellerie across the island.

Our Expertise

Our company was founded by Michael Jenni, whose extensive background spans luxury resorts and Michelin-starred restaurants across Europe, the Middle East, and Southeast Asia. As a former Head Sommelier, Restaurant General Manager, and Director of F&B for renowned London establishments and Leading Hotels of the World, Michael brings seasoned expertise in service excellence and wine program management. With a deep understanding of cultural nuances, exceptional leadership skills, and a commitment to results-driven training, we focus on establishing strong foundations that deliver lasting value to our clients.

Services & Pricing

Our services are fully bespoke, with scope and pricing tailored to meet each client's specific needs. While typical engagements span three months, with fees ranging depending on requirements, we also offer open-ended collaborations with hotels and restaurant groups, for sustained long-term impact and talent development.
