

Aesthetic Organic

1. CEO Message

Since 2012, Aesthetic Organic has been committed to raising the standards of the aesthetic and medical industry in Iraq through trusted products, advanced technologies, and professional support.

With nationwide coverage, MOH-compliant cold storage facilities, and a dedicated training center, we continue to provide safe, reliable, and high-quality solutions to healthcare professionals across Iraq.

We are proud of the strong partnerships we have built with leading international brands and remain committed to innovation, compliance, and customer trust.

We thank our partners, clients, and team members for their continued confidence and support.

Adil Sattar
CEO

A handwritten signature in blue ink, appearing to read 'Adil Sattar', written over the printed name and title.

2. About Us

Aesthetic Organic, founded in 2012 by Mr. Adil Sattar Abbas, is one of Iraq's leading distributors of high-quality aesthetic products and medical equipment. Built on years of industry experience, our company was established in response to a growing demand from doctors and professionals for better quality and more specialized solutions in the aesthetic field.

Recognizing the gap in both product standards and service delivery, Aesthetic Organic partnered with proficient and capable industry experts to raise the bar and redefine expectations. Today, we proudly serve clinics, hospitals, and practitioners across Iraq with premium products, certified technologies, and consistent regulatory support.

With a dedicated export sales and regulatory affairs team across Kurdistan region and central and south of Iraq, we ensure all products are imported in full compliance with Iraqi health regulations on time and to standard. Our commitment to quality, compliance, and customer trust has positioned Aesthetic Organic as a reliable partner in the region's growing aesthetic and medical industry.

3. Mission & Vision

Our **Mission** is to redefine beauty in Iraq by offering safe, effective, and scientifically backed aesthetic treatments and products. We are committed to raising the standards of the aesthetic industry by providing healthcare professionals with trusted, high-quality solutions that deliver real results while ensuring regulatory compliance and customer satisfaction at every level.

Our **vision** is to strengthen our position as leading company in aesthetic excellence across Iraq by 2030. Building on our established leadership, we are committed to advancing the industry through ethical practice, scientifically proven solutions, and a focus on holistic beauty care. Our goal is to continue setting higher standards delivering exceptional results, supporting medical professionals, and enhancing client confidence inside Iraq.

4. Core Values

At **Aesthetic Organic**, our values reflect our commitment to excellence as a trusted distributor of global aesthetic brands in Iraq. These principles guide how we operate, collaborate, and grow.

- 1 **Global Excellence:** we bring internationally recognized, science-backed products to the Iraqi market.
- 2 **Integrity:** we operate with transparency, professionalism, and respect in every partnership.
- 3 **Quality & Compliance:** we ensure every product meets the highest safety and regulatory standards.
- 4 **Client Focus:** we support healthcare professionals with responsive service and tailored solutions.
- 5 **Innovation:** we continuously introduce new technologies to elevate aesthetic care in Iraq.

6. Trusted Partners

7. Figure of Our Growth

8. Training & Education Center

As part of our commitment to professional development and customer support, we operate a dedicated training center for healthcare professionals, partners, and technical teams. The center provides product training, clinical education, workshops, and hands-on sessions to ensure proper application, operational excellence, and continuous knowledge development.

9. Cold Storage & Regulatory Compliance

In accordance with the Ministry of Health (MOH) Iraq regulations and storage policies, we operate compliant cold storage facilities to ensure proper handling, preservation, and distribution of temperature-sensitive medical and pharmaceutical products. Our cold chain management system is designed to maintain product integrity and quality throughout the supply process.

10. Nationwide Coverage & Infrastructure

Our operations extend across all major regions of Iraq, enabling us to provide reliable distribution, technical support, and customer service throughout the country. Through our established logistics and partner network, we ensure efficient coverage across Baghdad, Basra, Erbil, Mosul, Kirkuk, Sulaymaniyah, Najaf, Karbala, Anbar, Diyala, Babil, Dhi Qar, Wasit, Maysan, and other key provinces.
